г. Щигры 2016 год

Shchigry was founded in 1779.
Our town is situated on the
river Shchigor.

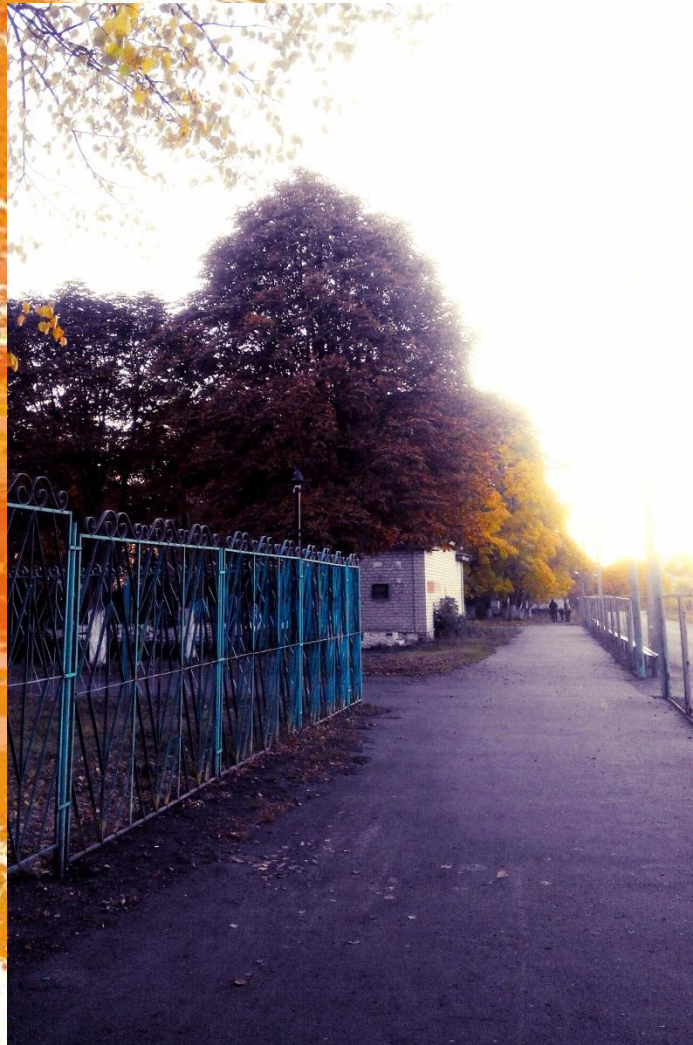

Our town is very beautiful.
You can see many sights there.

Shchigry is a green town.
There is a big park and alleys in
Shchigry.

The people go for a walk
with their children in the park.

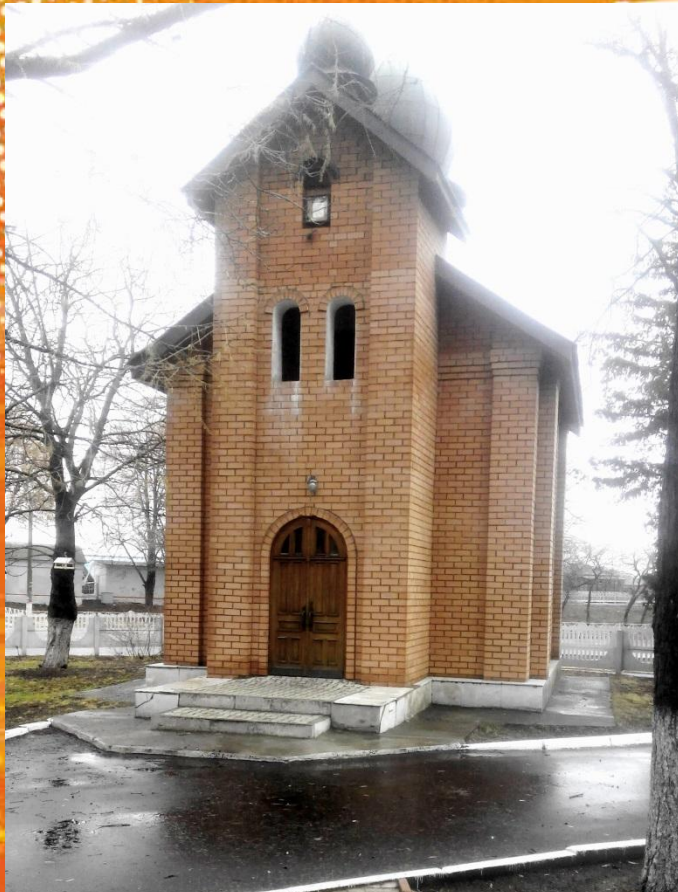

People of our town like nature very much. They make little gardens in their yards.

Our town has rich history.
Photos, documents and old
things are kept in the local
history museum.

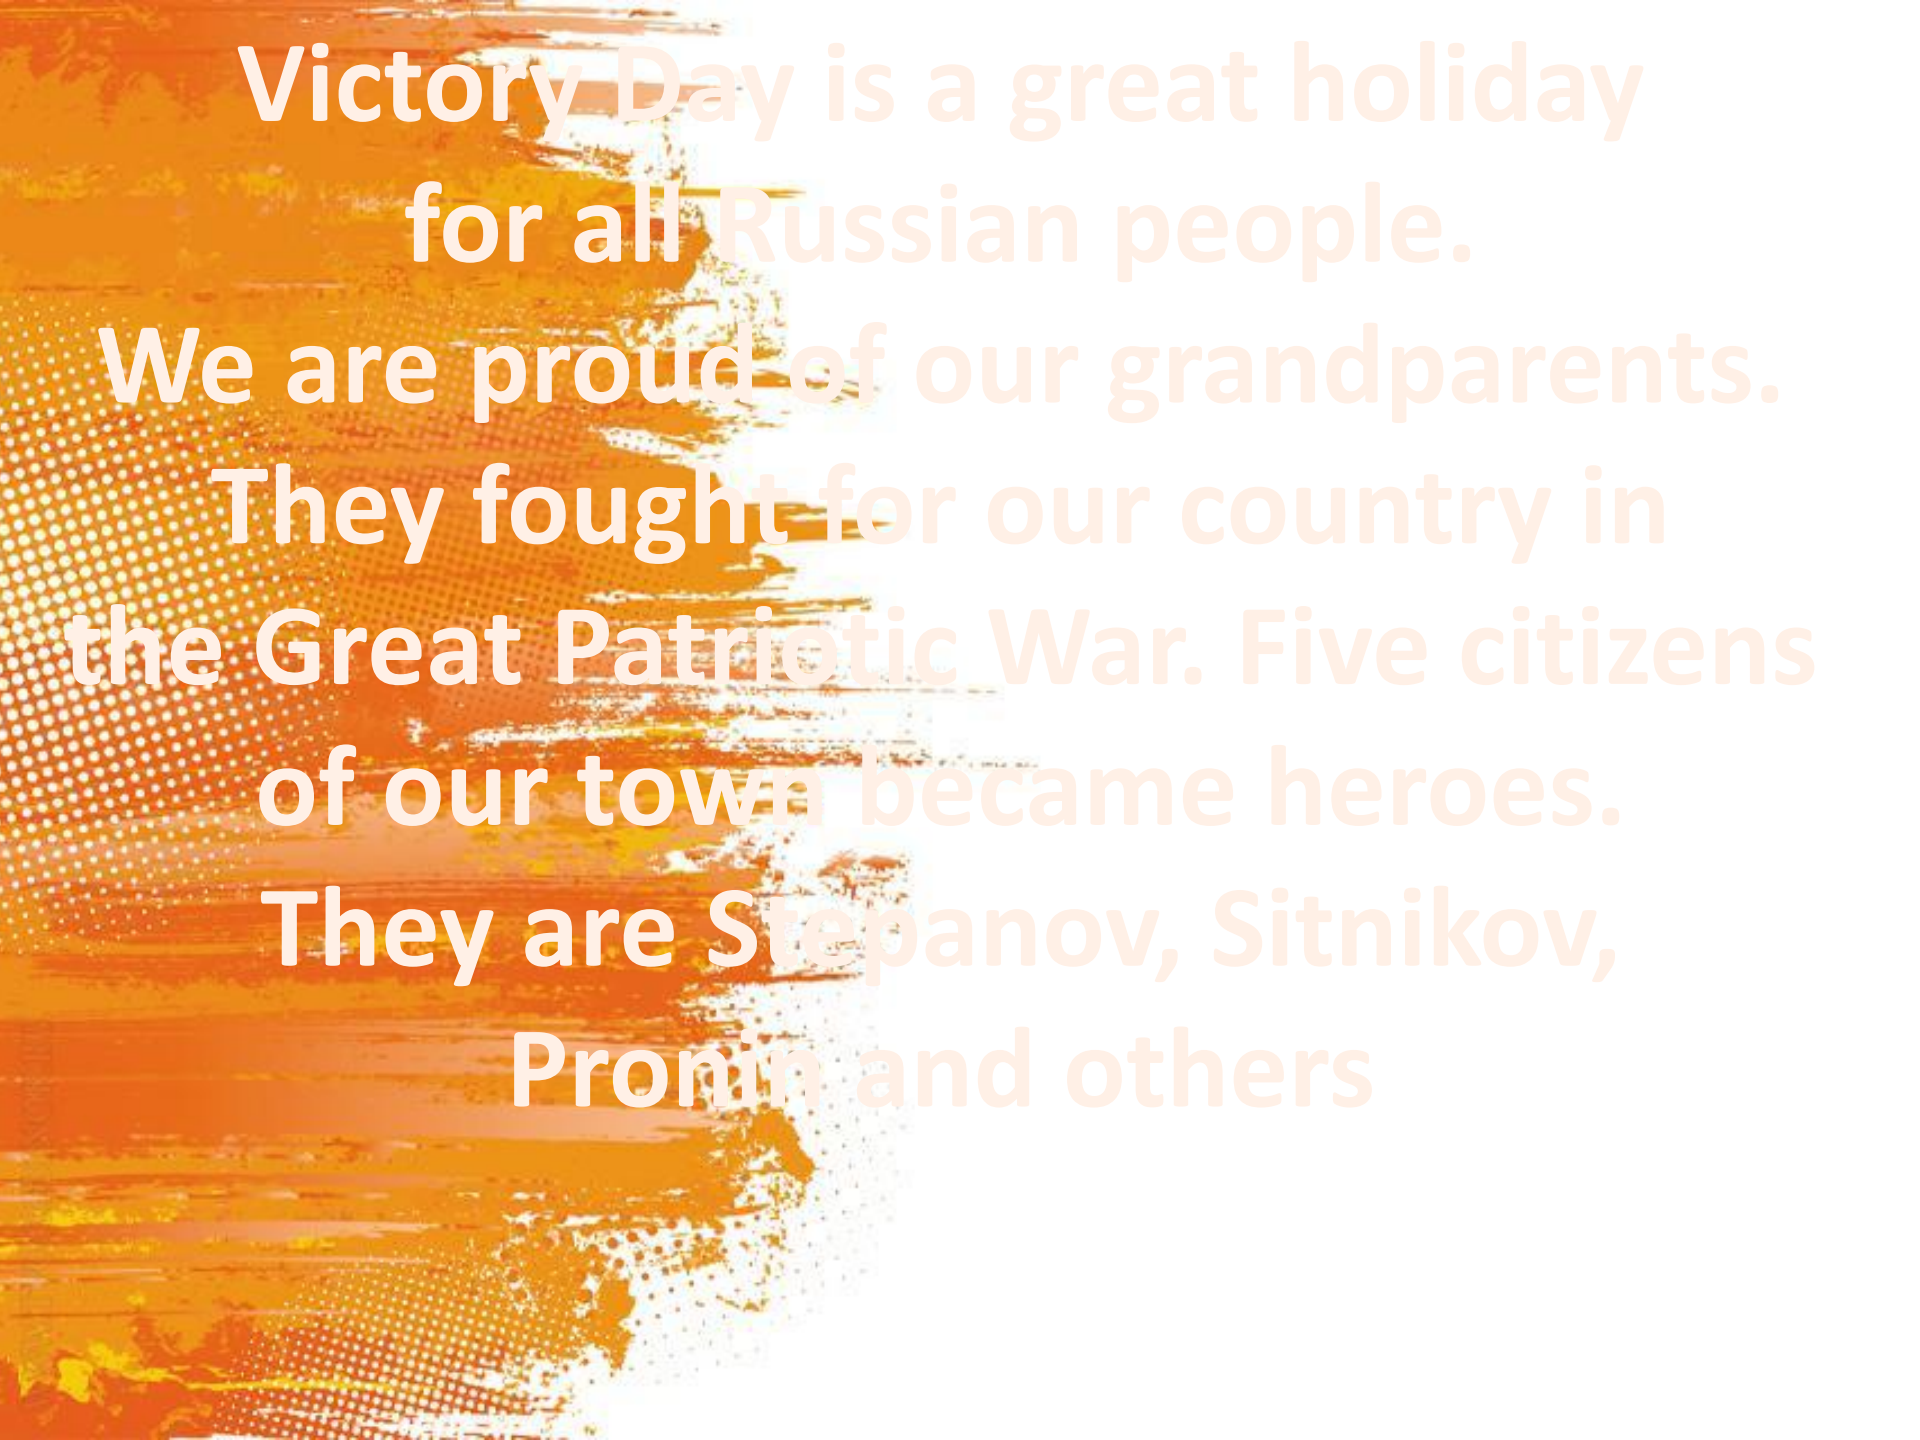

Our people remember
their heroes. There is Victory
Square in Shchigry.

This is a monument to the defenders
of our Motherland during the
Great Patriotic War (1941-1945)
and a monument of the soldiers
in Afghanistan.

**Victory Day is a great holiday
for all Russian people.**

We are proud of our grandparents.

**They fought for our country in
the Great Patriotic War. Five citizens
of our town became heroes.**

**They are Stepanov, Sitnikov,
Pronin and others**

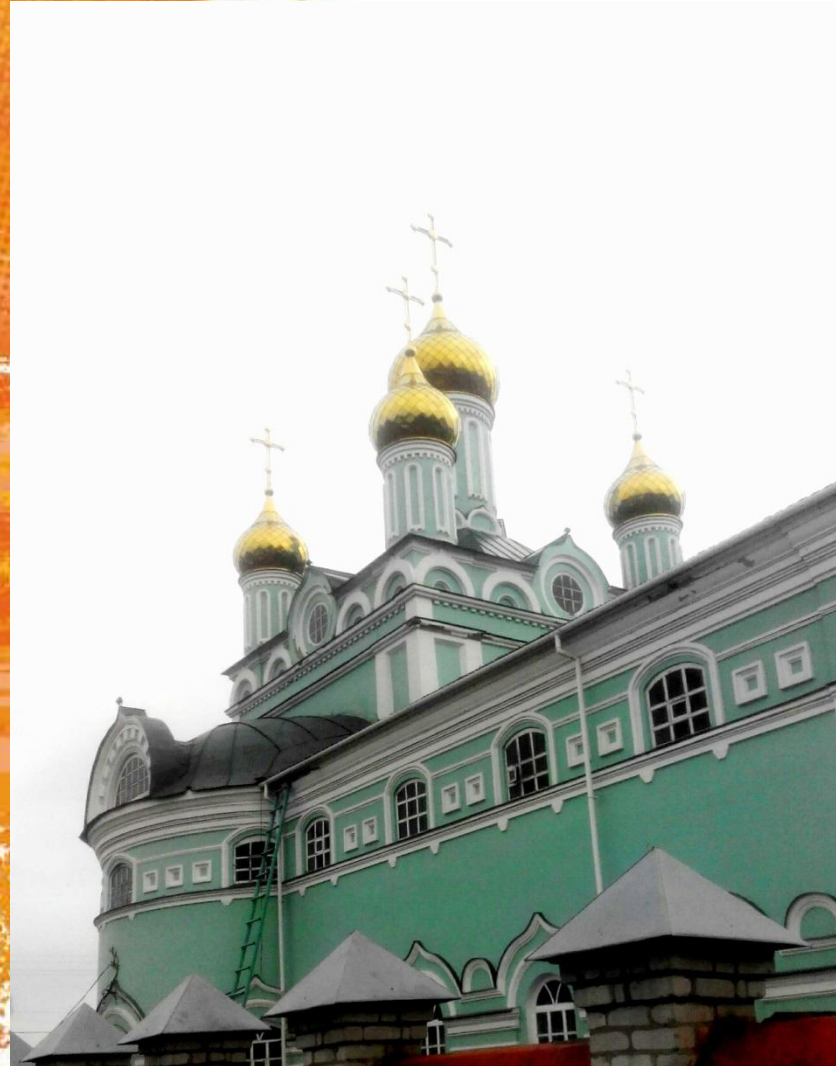

This is a monument in honour
of the constructor Nepobedimy.

A lot of attention is devoted to education.
There are 4 secondary schools in Shchigry. I go
to school number 4.

There are a lot of classrooms
with modern equipment in
our school.

The teachers and pupils
of our school took part in the meeting
and in the mass action, which
were devoted to Victory Day.
We put flowers on the monument
of the heroes. We went to Victory

There were a lot of flowers, smiles
and tears.
