# BRITISH STYLE.

\*Characteristic features of the style: simple style; rigorous design; elegant profile; high quality materials; practicality; good quality. British clothing typical of the sense of proportion, no matter what parts it may concern — the color, shape, decor.

# HOW TO DRESS THE BRITISH

For men British style is more than a way to present yourself in the best light and to make a lasting impression is excellent. The appearance of a person is the only source of information about him when we first met. Native English style can tell a lot about its owner. It's a reflection of lifestyle, education and upbringing of a gentleman, in some cases, the visual line of men belonging to higher strata of society.

The Queen of England is famous for its hats. Eternal love of the Queen to the colorful headgear is naked in her handwritten notes to her modiste. Had written Letters to Philip Somerville. Mr. Somerville died last year at the age of 84 years. Hatter Philip Somerville thanked the Queen for his touching creation. A fascinating collection of letters to her designer shows, how the Queen loves her hat.
