## MI5 chief: new front in terror campaign

## ALEXANDER McQUEEN 1969 – 2010

As one of fashion's brightest lights goes  
out, Hilary Alexander asks if the  
tragic loss of three women closest  
to him had become unbearable

With a shocking series of  
accidents, Alexander's  
tragic death ends a  
glorious life of a woman who has  
shaped the world.

The man attending the funeral  
of Alexander's mother, which  
she had said would be her  
last, was Alexander's son,  
the young man who had  
been the last to see her.

The last time I saw her  
was... she had been in the  
hospital, and she had been  
in the hospital for a long time.

Alexander's collection was  
based on the women of London  
in the '60s, and she had been  
making it for a long time.  
She had been making it for a  
long time, and she had been  
making it for a long time.

She had been making it for a  
long time, and she had been  
making it for a long time.  
She had been making it for a  
long time, and she had been  
making it for a long time.

# **Say what the difference is between:**

- 1) National and local newspapers
- 2) Daily and Sunday newspapers
- 3) Quality/serious newspapers and tabloids

- **National**

- Give information about events happening in London
- Express political opinions

- **Local**

- Give information about films, concerts and other things happening in the local area
- Free local papers contain a lot of advertisements and some news

- Daily
- Published on every day of the week except Sunday

- Sunday
- All Sunday newspapers are national
- They are larger than daily ones and have 2 or 3 sections

- **Quality papers**

- Large size
- Have many detailed articles about national and international events

- **Tabloids**

- Smaller in size
- Have more pictures and shorter articles about less important events or about lives of well-known people

# Discuss:

- Why do some people disapprove of tabloids?
- Why are there free newspapers? Do you have them in Russia, your city?
- What kind of events do you think are important or not important?
