WHAT'S COOL
IN SCHOOL?

THE UNUSUAL LESSON

I really like my school,
and just want to say,
That's where I spend,
most of my day.
Sports, clubs, and
activities,
at every single turn.
So much to do,
study and learn.
Yes, we do.

Some words from the history....

The history of our school

started with summer labour colony.

It was opened in 1911
and had only 25 students.

The first teacher was

Shatski Stanislav
Teofilovich himself and his
wife.

It was school for children
of ordinary workmen.

A lot of talented teachers worked at our school. But the Great Patriotic War began and a lot of students volunteered for the front. Some of them gave their lives for the Motherland.

TEACHERS & STUDENTS

SCHOOL YARD

During many years, students help teachers and teachers help students on our school educational-experimental yard.

We see many guests there, from all over the world.
