 **Phonetic Drill**

New York City is the largest metropolitan center in the USA. It is famous for the Statue of Liberty, Empire State building, United Nations, museums, Broadway theaters, Times Square, Central Park, Chinatown

Statue of Liberty

The Statue of Liberty stands on a small island in the middle of the New York City harbor. It was a gift of international friendship from the people of France in commemoration of the USA centennial anniversary in 1876. The 151-feet (46-meters) tall monument stands atop a granite pedestal above the walls of a star shaped abutment.

She wears a crown with seven spikes. The spikes mean freedom on the seven seas and continents.

In her left hand she has a tablet with
the date of the Declaration of
Independence, July 4, 1776

A broken chain lies at her feet.
The chain means tyranny.

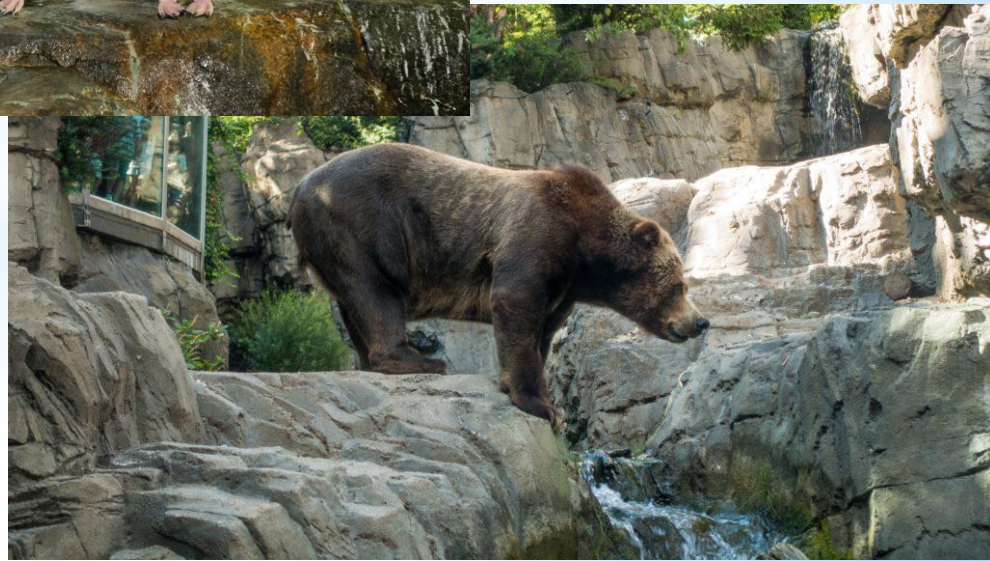

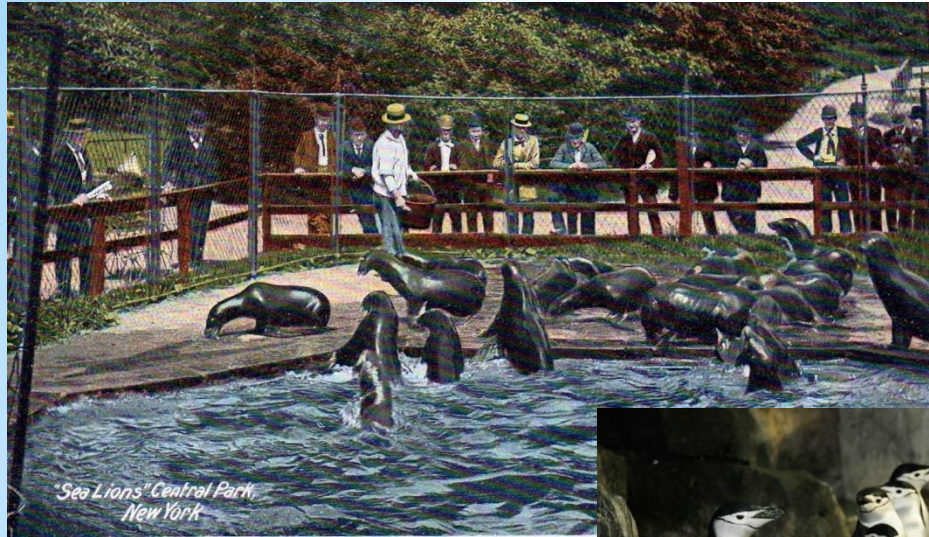

There is the museum in the bottom of the statue. It tells visitors about the history of immigrants to the USA.

Central Park in Manhattan

There are some lakes and ponds, two skating rinks and a zoo there.
