BLACKBOARD

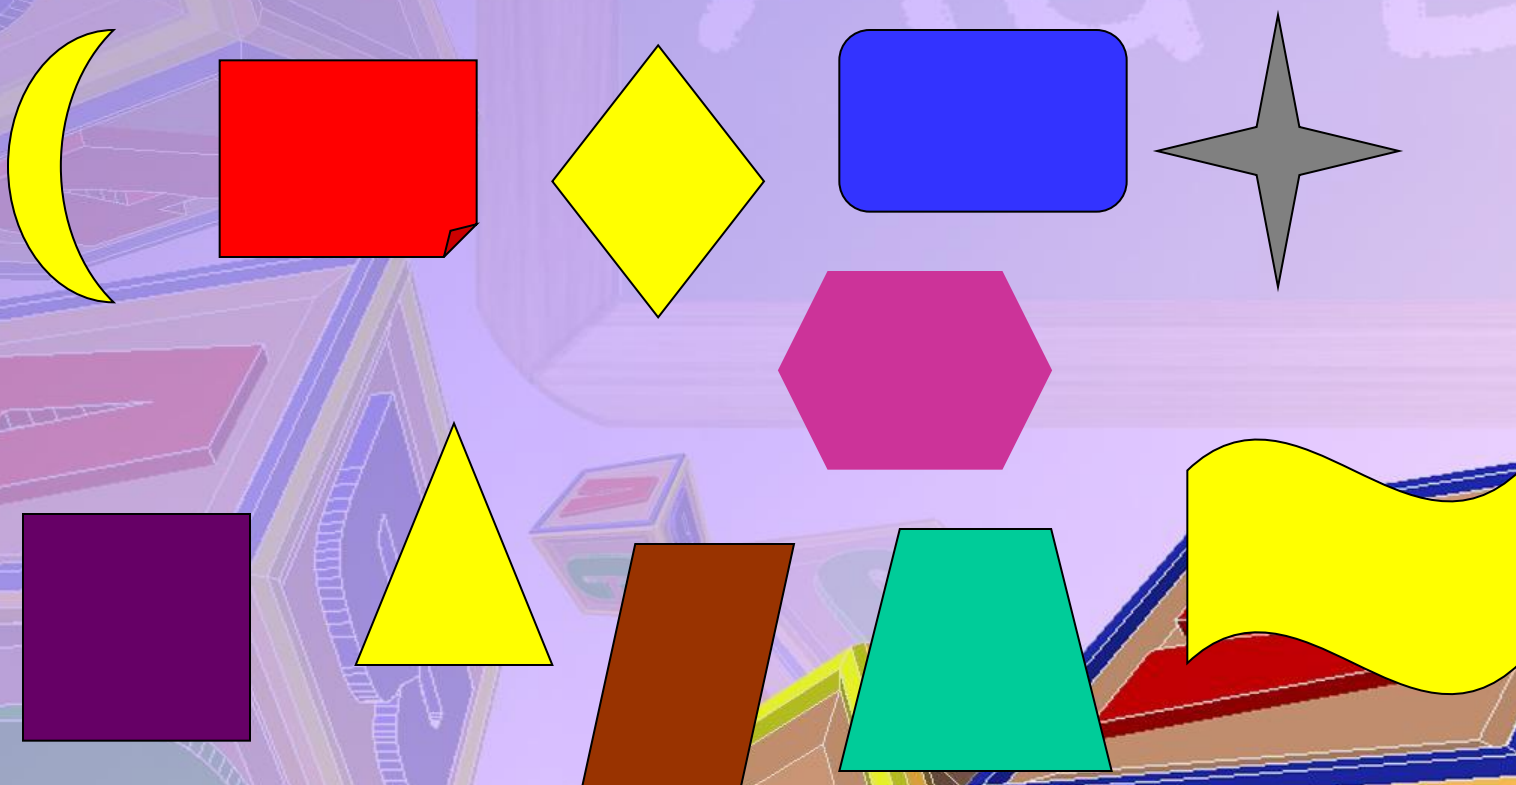

How many green objects?

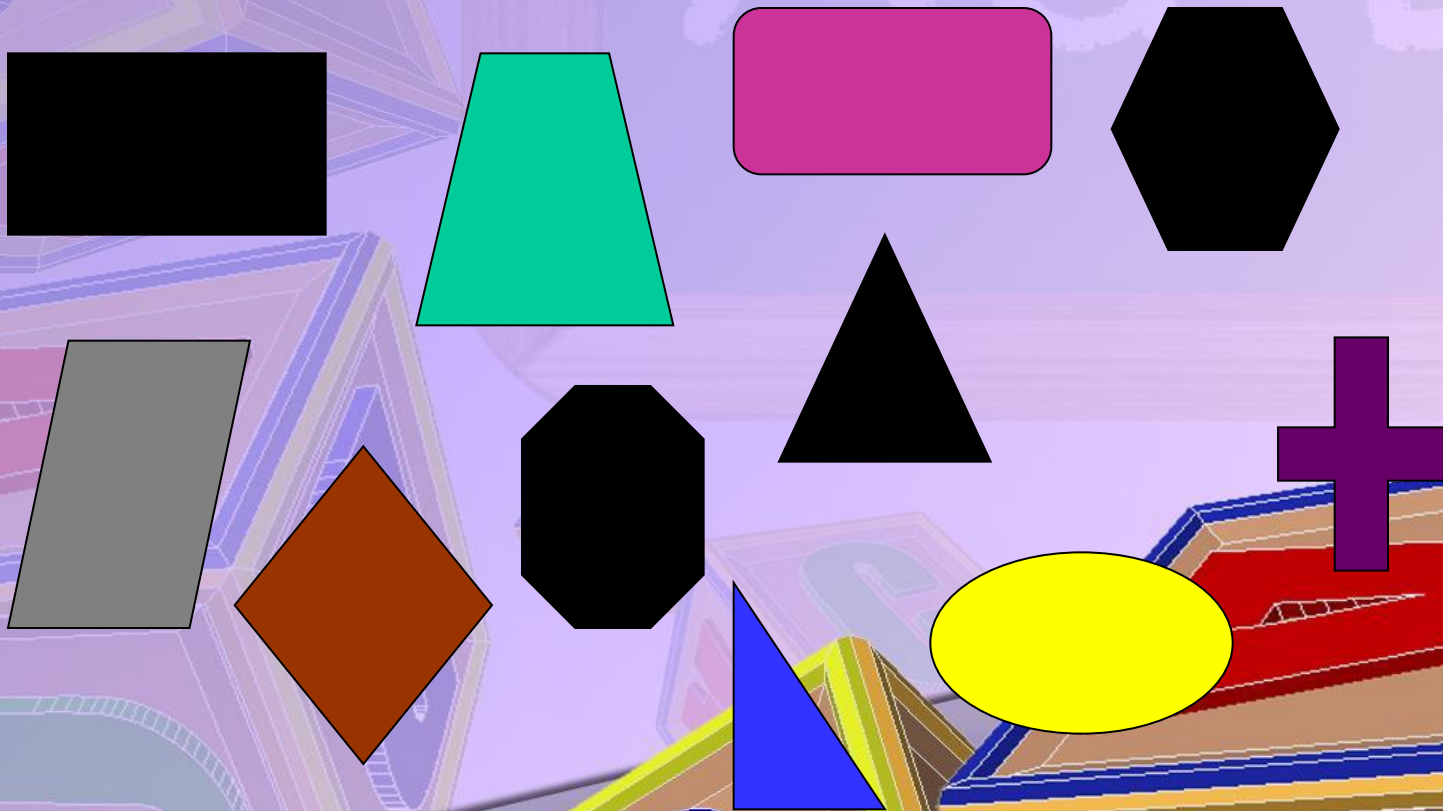

How many red objects?

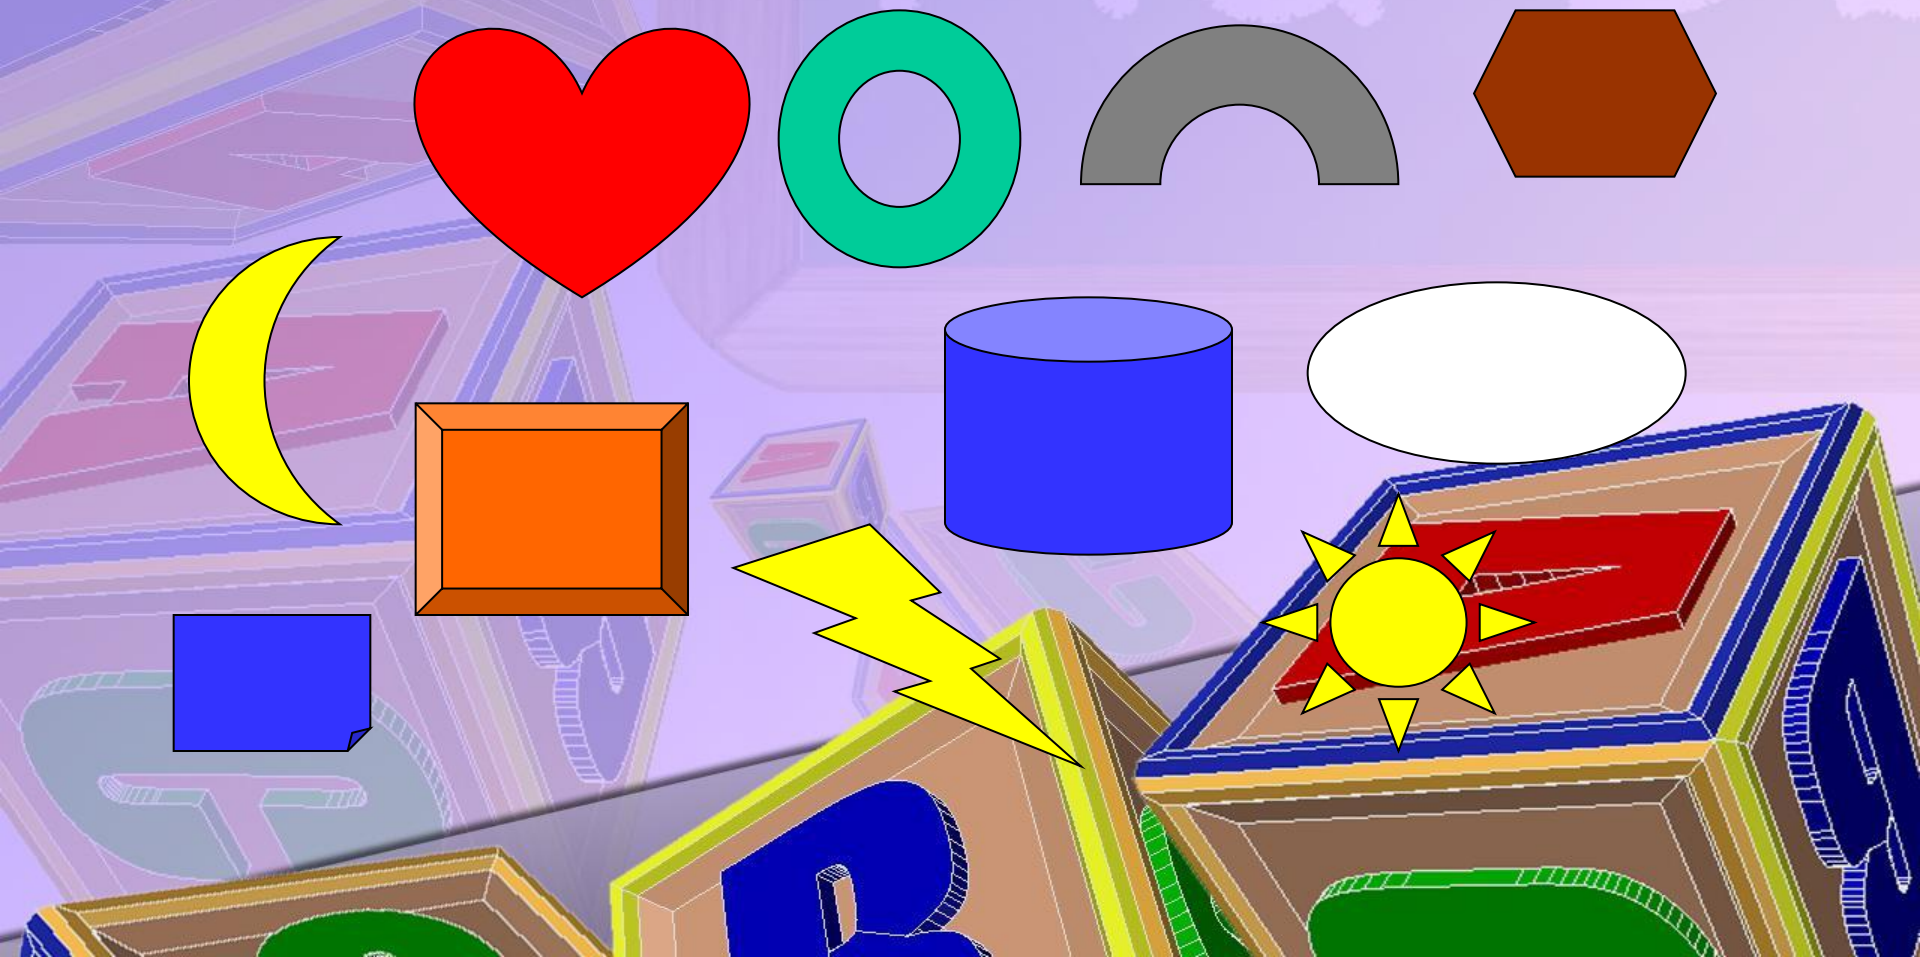

How many yellow objects?

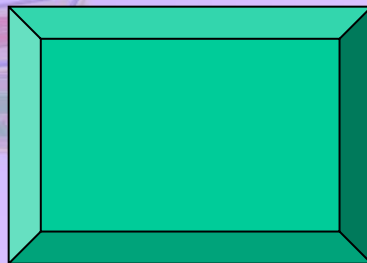

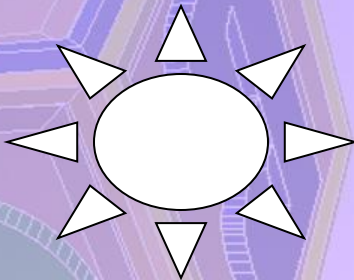

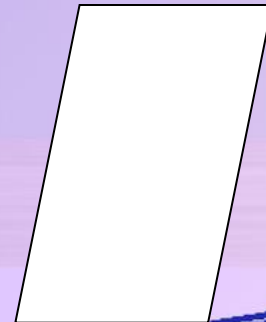

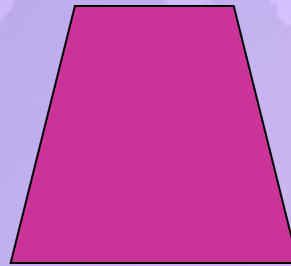

How many black objects?

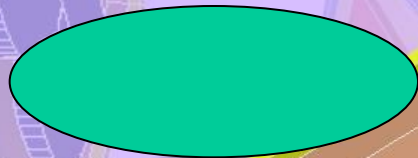

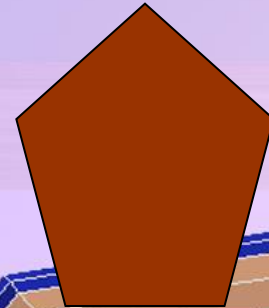

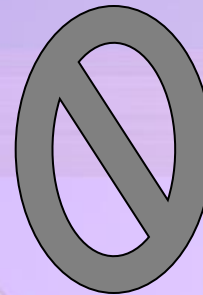

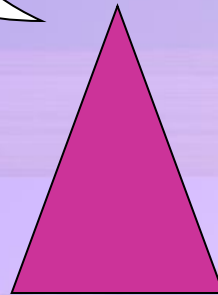

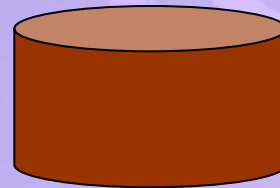

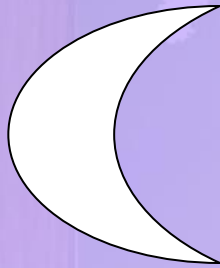

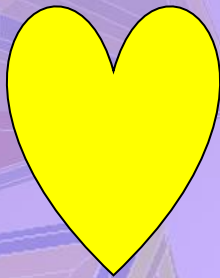

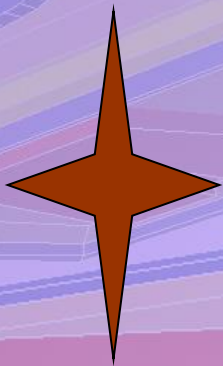

How many blue objects?

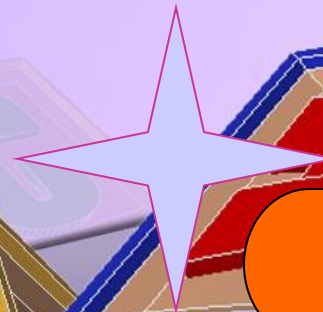

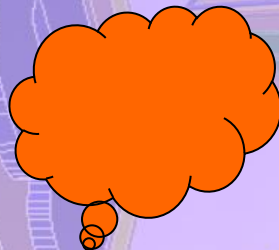

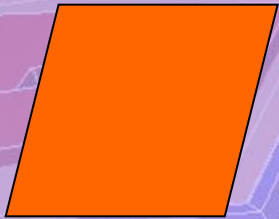

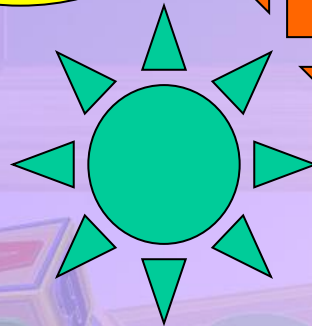

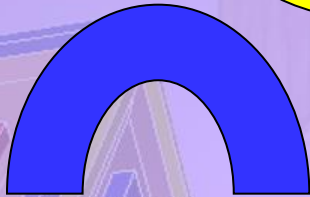

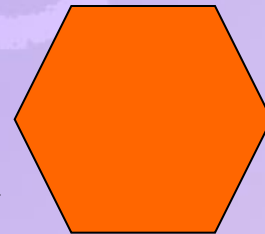

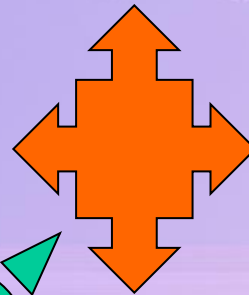

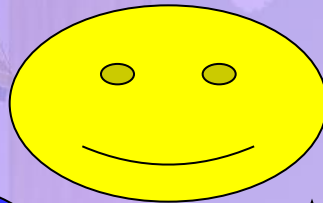

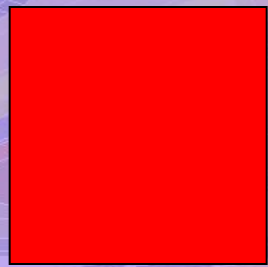

How many white objects?

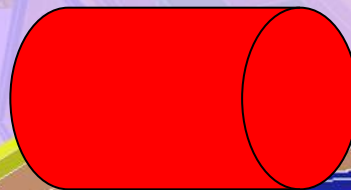

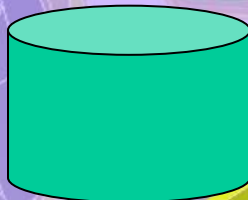

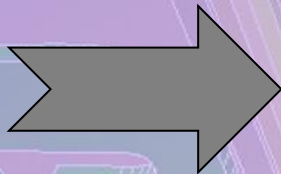

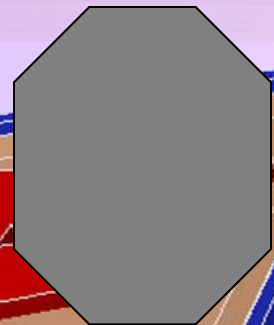

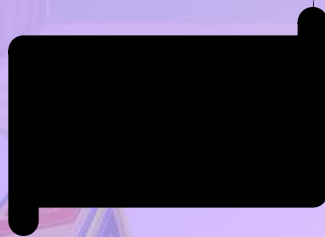

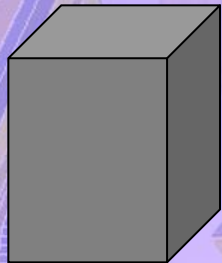

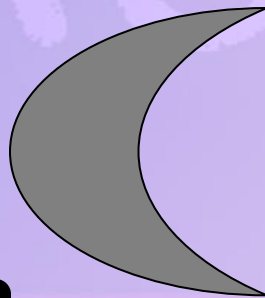

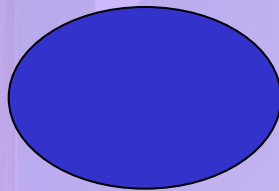

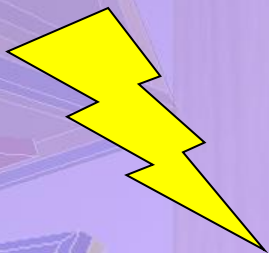

How many brown objects?

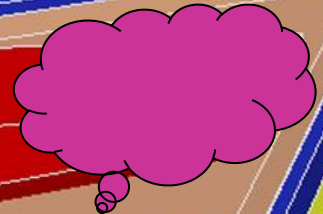

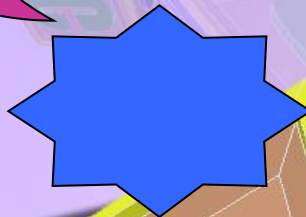

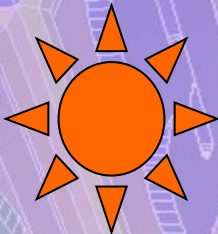

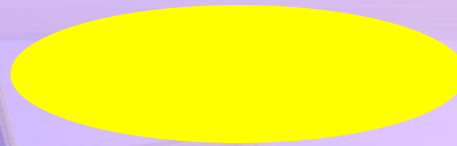

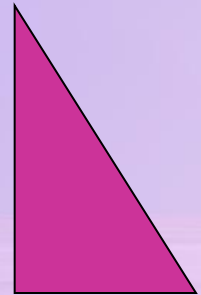

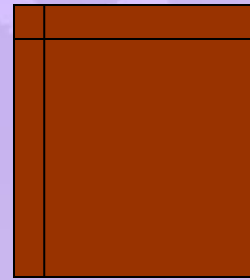

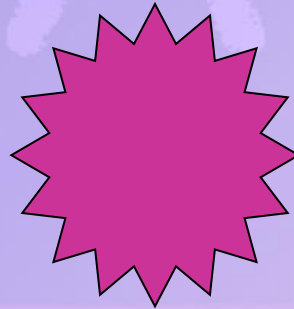

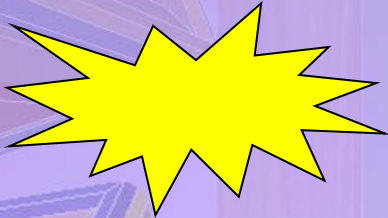

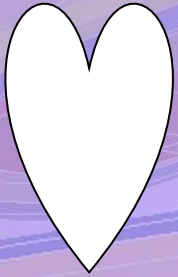

How many orange objects?

How many grey objects?

How many pink objects?

Let's have fun!!!

The background is a light purple gradient. It features several 3D block letters in various colors (blue, green, red, yellow) and orientations. Some letters are inside transparent boxes. In the upper right, the text 'Aa Bb' is visible in a white, slightly pixelated font. The main title 'School subjects' is centered in a blue, italicized serif font, with 'School' on the top line and 'subjects' on the bottom line.

School subjects

What we do at:

Subjects:

Science
Information
Technology
History
Maths
Art
Physical
Education
English
Literature

What we do at the lessons:

- read interesting book;
- run, jump and play;
- learn how to use computers;
- translate texts;
- draw and paint pictures;
- do experiments;
- study events in the past;
- solve different equations;
