

ANCIENT CIVILIZATION

Made by Anastasia Kovaleva
Form 10 C

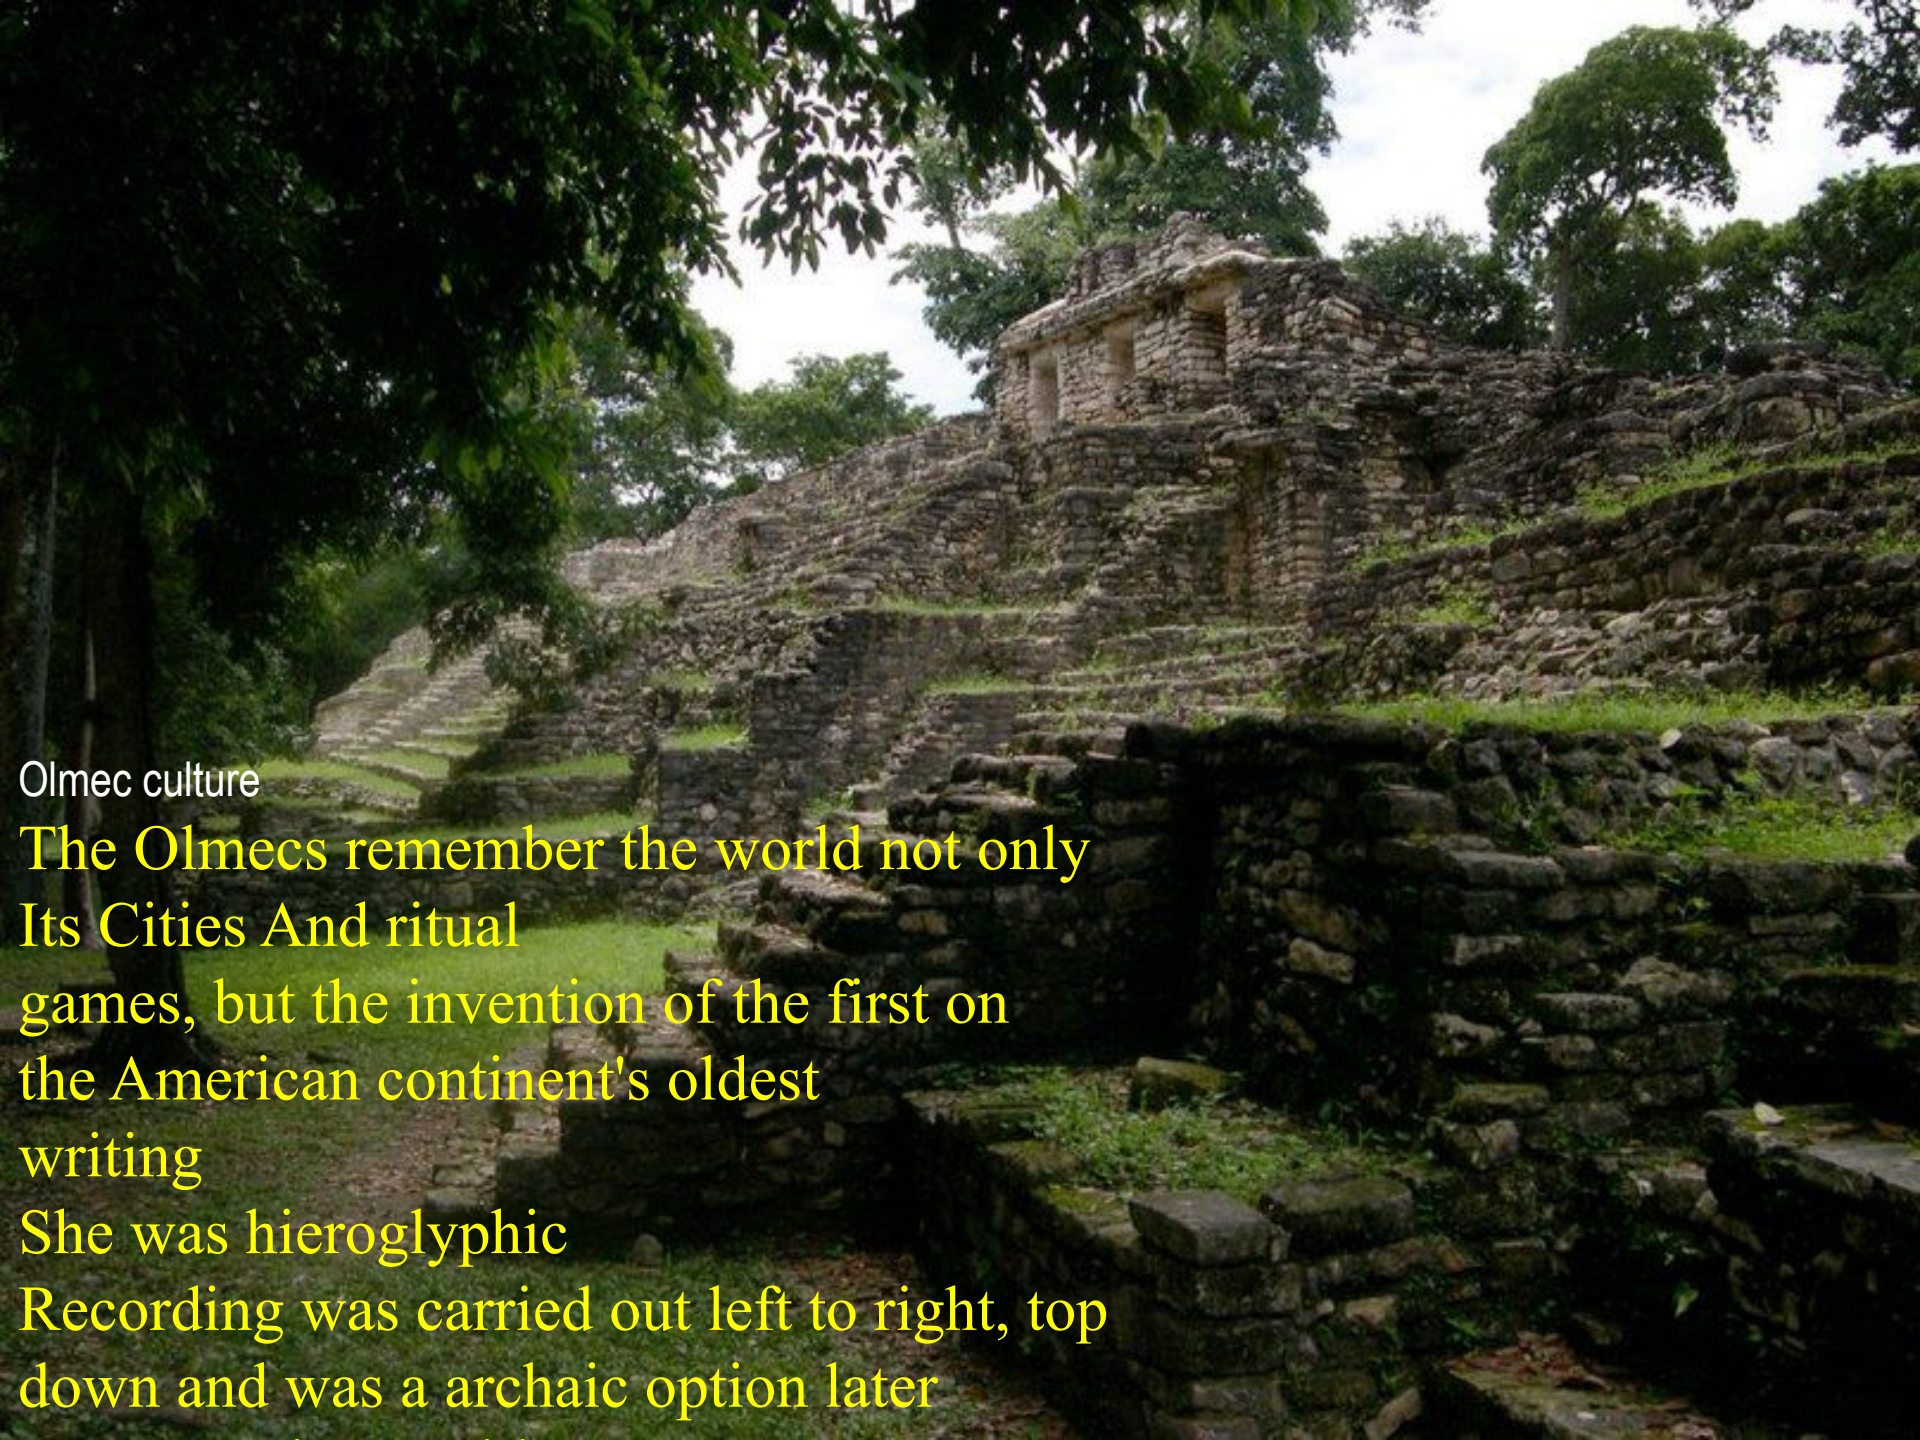

The Olmecs - people are warriors, priests, have had a strong influence on the development of the Mesoamerican peoples. The Olmecs - the first civilized people of Central America - who settled long ago on the Gulf Coast.

THE OLMEC CIVILIZATION
FLOURISHED *during the formative
period of Mesoamerica from about
1500 BC to 400 BC Dalmatky culture
existed from about 2500 BC by
1600-1500 BC Early forms of the
Olmec culture appeared in the area of
San Lorenzo Tenochtitlan near the ocean
on the South-Eastern part of the modern
an state of Veracruz.*

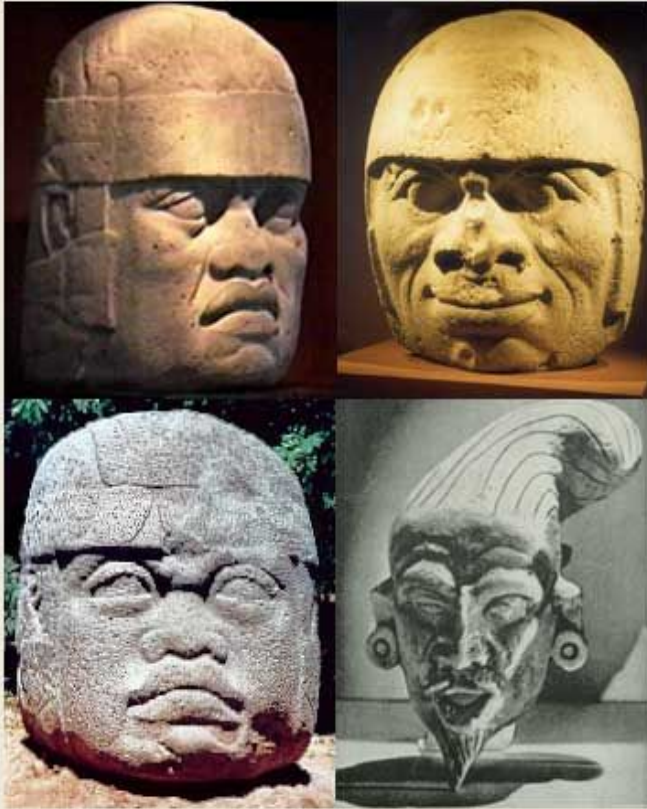

Olmec culture

The Olmecs remember the world not only
Its Cities And ritual
games, but the invention of the first on
the American continent's oldest
writing

She was hieroglyphic
Recording was carried out left to right, top
down and was a archaic option later

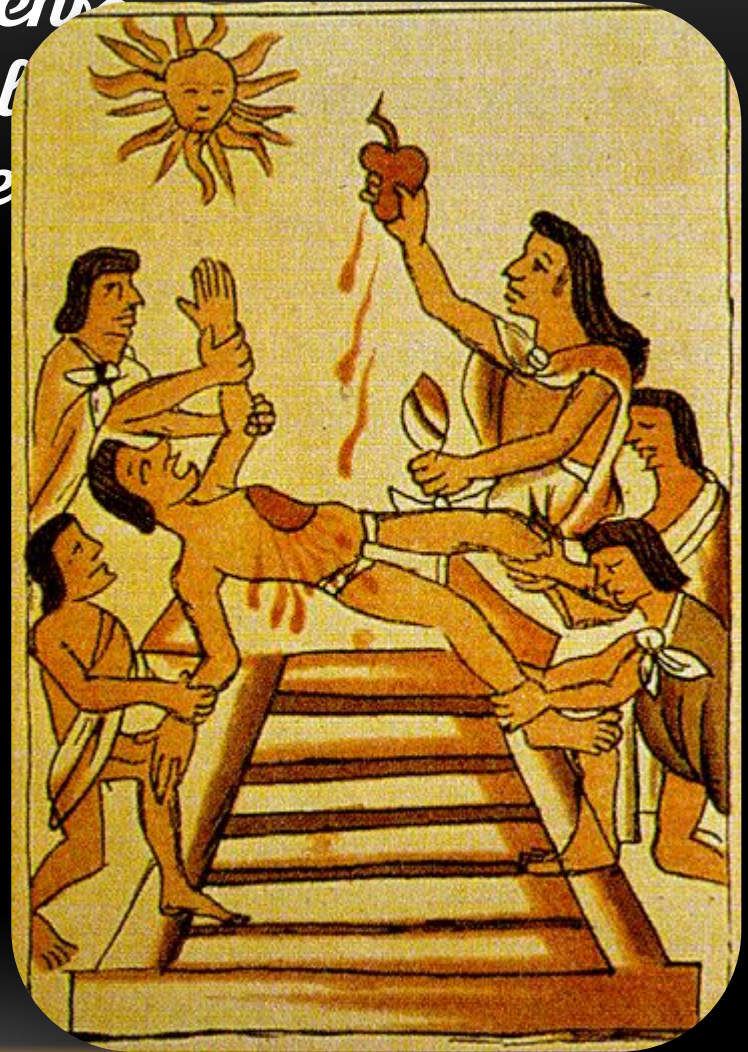

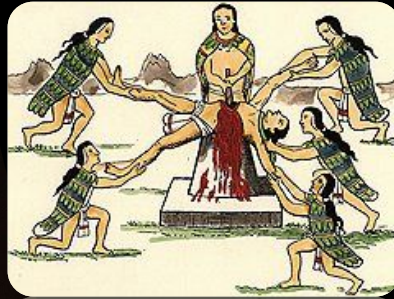

Olmec Heads

Olmec civilization predated Mayan, Aztec, and Inca civilizations. Beardless Olmecs who created these great stone portraits of themselves also created this bearded figurine. Is it possible to believe that the Olmecs **weren't** acquainted with old world civilizations?

*Type the Olmec monument
and referred to as an alt
and monument, and the*

The problem of the origin and death of the mysterious Indian people, inhabiting at the time, vast areas of southern Mexico, and still remains a major challenge for all researchers working in the pre-Columbian history of the New world.
