

The famous English writer John Galsworthy said: «If you don't think about the future, you won't have it»

Environment, ecology, pollution, overcrowding, destruction, resources, exhaust, extinct, cause, habitat, littering, living things.

Read the meaning and guess the word

- The scientific study of the natural relations of plants, animals, people to each other and their surroundings.
- – The act of making (air, water, land) dangerously impure.
- – Too many people in one place.
- – The act of destroying, putting an end to the existence of something.
- – The act of throwing things away untidily.
- – Plants, animals, people.
- – The natural home of a plant or animal.

The pollution is getting worse and worse and can easily bring about global disaster. We can help to protect the environment by learning about and practicing the 3Rs :

- REDUCE, RECYCLE and REUSE

Match man's actions with their consequences.

Some important rules to protect the environment:

- Ask your government to make laws to protect air, water and soil.
- Develop international cooperation to solve ecological problems together.
- Save water, gas, energy and other natural resources.
- Keep your cities and countryside clean.
- Don't waste water, gas, energy, natural resources.
- Don't poison the water, air and soil.
- Don't dump or pour industrial waste into rivers, lakes, seas and oceans.
- Don't turn the planet into a rubbish dump.

LET'S MAKE OUR PLANET SAVE AND BEAUTIFUL PLACE TO LIVE IN.

Hug the Earth

- Walking along feeling free,
Feeling the earth here with me,
And I love her, she loves me,
I hug the Earth, the Earth hugs me.
She's our friend,
We'd like to be together forever.
The earth is a garden,
It's a beautiful place
For all living creatures,
For all the human race.
Helping Mother Earth,
We can peacefully roam,
We all deserve a place,
We can call our home.

The end

- Thank you very much for the lesson. Today we knew very interesting information about the word “*ecology*”, knew the names of environmental problems and tried to find solutions to them. I believe, that you’ll do everything to keep our earth clean for the next generations, because your future in your hands!
- The lesson is over. Good-bye!
