WALK OF FAME

What are the purposes of the lesson?

You are welcome!

The Walk of Fame,
Hollywood, LA

1st task: *Are there any difficulties in the text? Mark the unknown words and combinations with your colorful pencils and translate the words.*

The Walk of Fame

The Walk of Fame is in Hollywood, in California, USA.
The stars are on the pavement, in the street.

It's got more than 2500 stars.

The Walk is more than five kilometres long!

The stars are for real people or fictional characters in five categories: film, music, theatre, television and radio.

All the stars are in a Walk of Fame's directory.

Lots of fictional characters have got stars, including Mickey Mouse, the Simpsons and Godzilla. Disneyland has also got a star.

The famous people always go to the presentation ceremony of their star. The ceremonies are open to the public, so you can go and see your favourite stars!

Every year, the Walk of Fame gets about 20-30 new stars.

Some of the recent stars are for Christina Aguilera, Ricky Martin and the Red Hot Chili Peppers.

2nd task: *Listen to the recording online and answer. What categories are in the Walk of Fame's directory?*

3d task: *Open your books at p. 46. Here is the same text. Listen to the recording once again and look through the text at the same time. Find 2 mistakes in your textbooks.*

Well done!

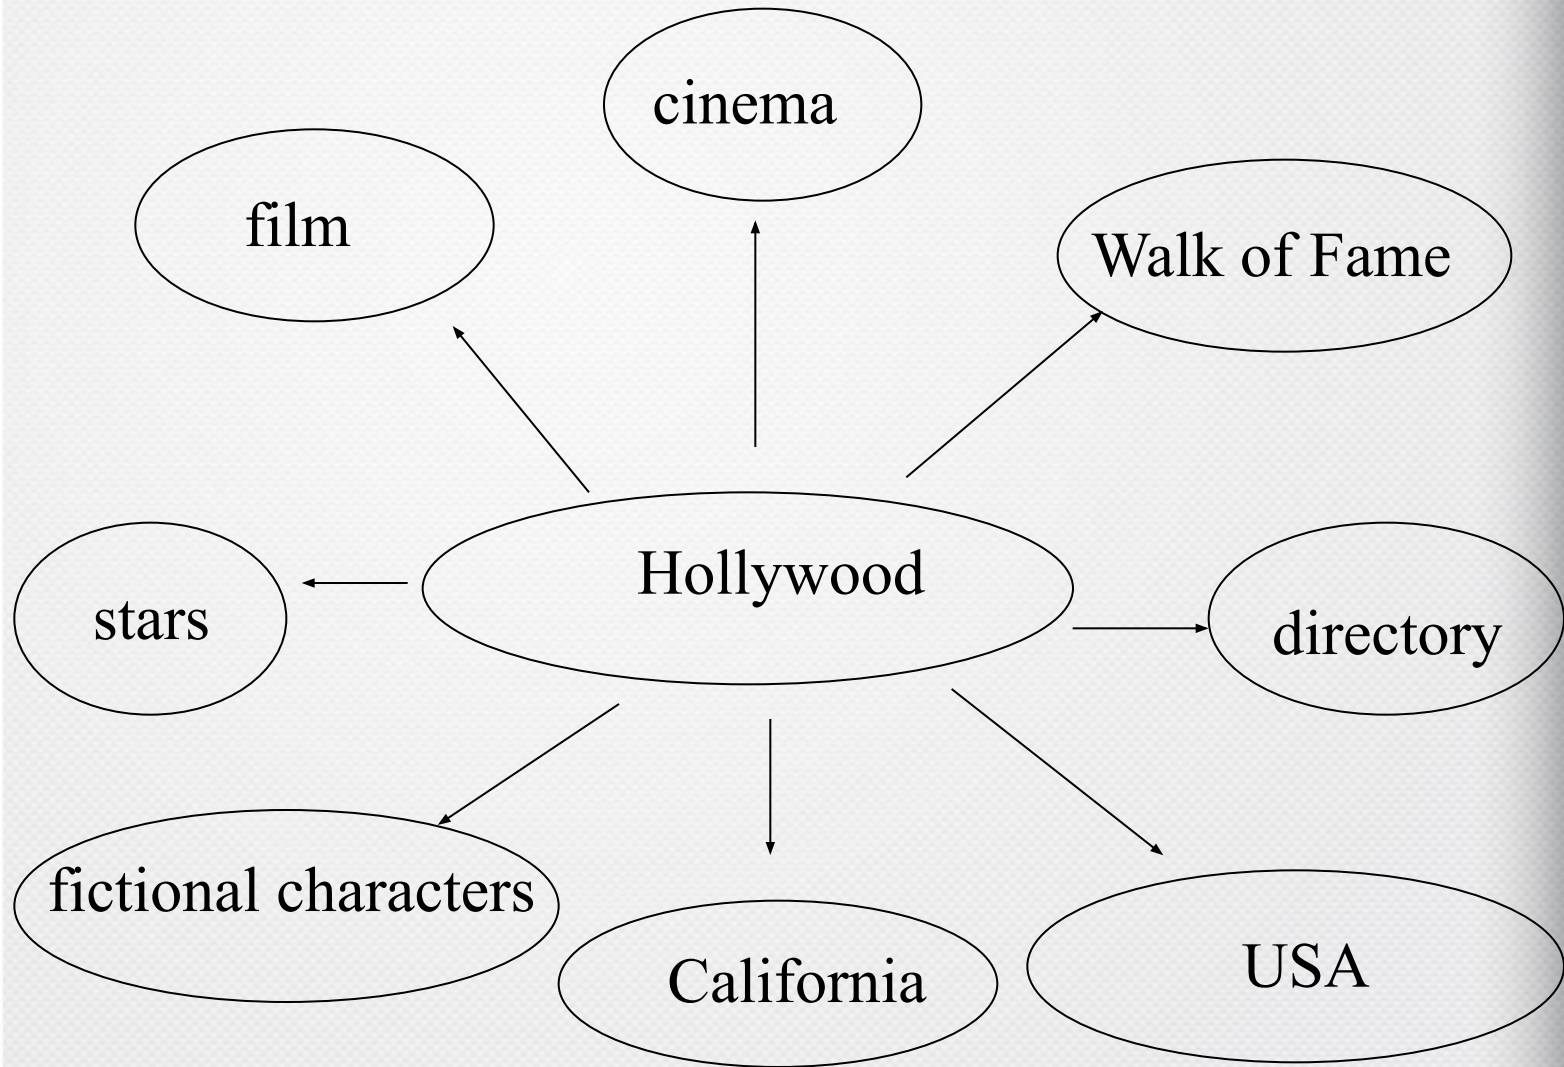

Grammar

PROJECT

Make a poster about stars on the Walk of Fame.
Listen to the teacher's instructors.

Your homework:

Find pictures of three actors or musicians, and find the following information about them:

Where is he/ she from?

How old is he/ she?

Has he/ she a wife/ husband?

Has he/she got brothers and sisters?

Is he/ she an actor or a musician?

What films is he/ she in? or What songs does he/she sing?

Write your answers and check them using the Language guides to units 1-3. Then write the final copy of the information onto the poster, illustrating it with the pictures.
