

Before watching activities

*Prepare the students for viewing
the video and usually involve
some prediction work.*

Watch

the

whole

episode.

After watching the whole episode

*The teacher should check how
much the students remember.*

While watching activities

- *designed to support the students' comprehension,*
- *lead them to an understanding of the general sense of the action.*

Silent viewing

*involves turning the sound off
and making use of the visuals
on their own.*

**Description
or
narration.**

Freeze frame technique

*The action is stopped by use of
'freeze frame' or 'stop' controls.*

*Students are asked
what is going to happen next or
what people are going to say next.*

After watching activities

- *comprehension questions,*
- *completion,*
- *ordering pictures,*
- *ordering sentences,*
- *generating a conversation,*
- *matching sentences,*
- *hidden viewing,*
- *transcript role play,*
- *story – board.*
