

# *Youth problems and worries*

**Modern youth do  
not keep their  
culture**

# Young people have a lot of problems

# One of them is our society

# Teenagers reluctant to listen to their parents advices

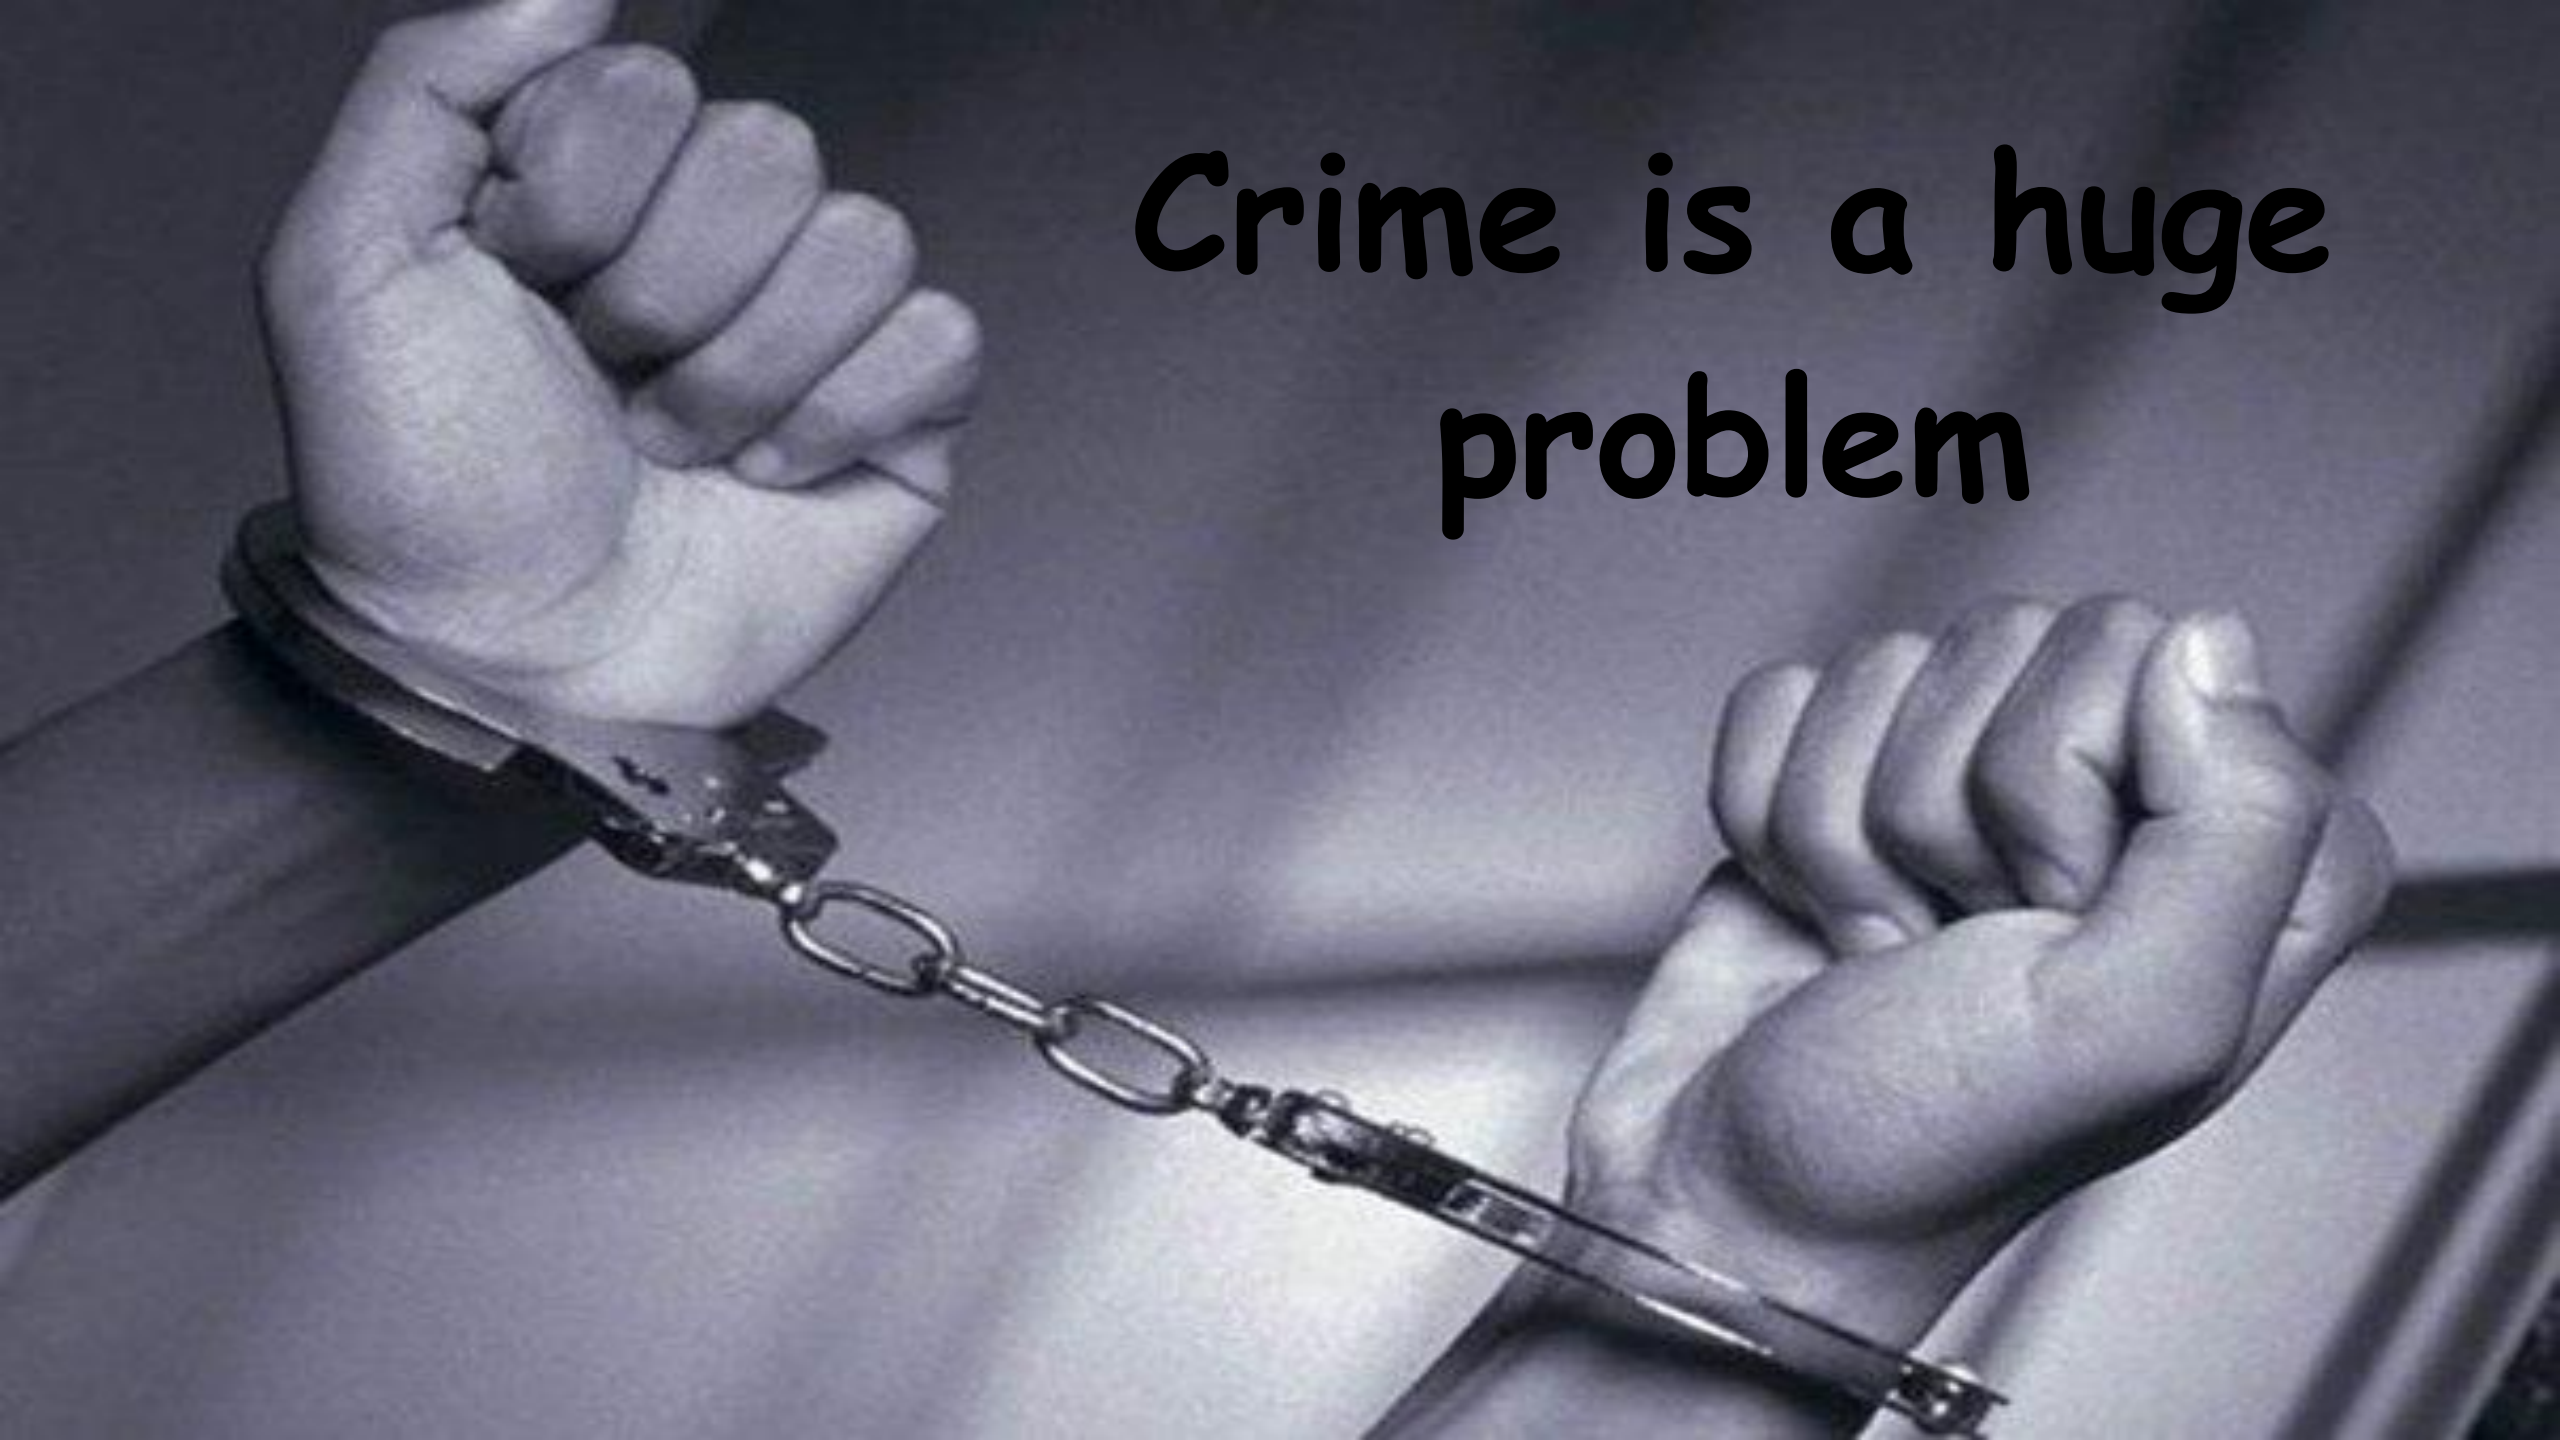

Another problem  
is mass media

Negative characters become  
the ideal heroes  
for children

**Crime is a huge  
problem**

**They kill other  
people.**

**Another  
problems is  
alcohol and  
drugs**

Childrens do not  
understand how  
dangerous it is

For many  
young  
people life  
is harder  
now

**Young people  
often meet  
their first  
love**

**The first love  
can have  
unhappy endings**

**I think not all the youth are such bad  
people without any moral standards**

**Young people  
cannot do it  
without the help  
of the adults**

Thank you for your  
attention!
