

POLLUTION

1. Ecology
2. Pollution
3. Smog
4. The air
5. People

Report. Questions:

- 1. What is the result of people's activities?
- 2. Do birds, animals and fish die because of polluted water?
- 3. What do wastes of cars and plants destroy?
- 4. What must we do if we want our children to live in a healthier world?
- 5. Do people get sick because of pollution? Why?

Kind of pollution	Cause of pollution	Consequence of pollution	Prevention of pollution

Conclusion

- 1. Use public transport because...
(cars pollute the air),
- 2. Don't put wastes into water....
(water becomes dirty)
- 3. Use less washing up liquid because...
(it pollutes the seas and rivers),
- 4. Protect the ozone layer...
(avoid spray cans)
- 5. Make our life healthier...
(protect air and water)
