

British Culture

Culture of the United Kingdom is rich and diverse. The UK has strong cultural ties with its former colonies, especially with those countries where English is an official language.

LANGUAGE

Due to the simplicity of learning and extremely common English is recognized as the international language. In the UK English is an official language, because 95% of population speaks only English. However, some nationalities and regions of the UK promote their native languages (Welsh, Scottish and Irish).

FOOD

British cuisine has established the reputation of not too subtle , but that pays attention to the quality of the ingredients, which are usually local production. Sauces and condiments of traditional British cooking are relatively simple ,they are used to accentuate the natural taste of food,but not to change it. Traditional British dishes are fish and chips, potato casserole with meat and mashed potatoes.

Backlash over Blair's school revolution

City academy plans condemned by ex-education secretary Morris

Baroness Williams, who was education secretary under Tony Blair, has criticised the plans to turn the City of London School into a city academy. She said the move would be a "disaster" and that the school would lose its character. She also said that the plans were a "betrayal" of the school's traditions.
