1. courageous [kə'reɪdʒəs] имя прилагательное
 смелый, отважный, храбрый
 Примеры использования

1. 'Yesterday in a restaurant I socked one type in the mug,' the transformed poet courageously confessed.
 – Вчера в ресторане я одному типу по морде засветил, – мужественно признался преобразенный поэт.
 Мастер и Маргарита. Михаил Булгаков, стр. 131

2. Now, we must have badly painted the character of our adventure seeker, or our readers must have already perceived that d'Artagnan was not an ordinary man; therefore, while repeating to himself that his death was inevitable, he did not make up his mind to die quietly, as one less courageous and less restrained might have done in his place.
 Впрочем, либо мы плохо обрисовали характер нашего искателя приключений, либо читатель должен был уже заметить, что д'Артаньян был человек не совсем обыкновенный. Поэтому, хоть и твердя самому себе, что гибель его неизбежна, он не мог безропотно покориться неизбежности смерти, как сделал бы это другой, менее смелый и менее спокойный человек.
 Три мушкетера. Часть первая. Александр Дюма, стр. 49

3. He was a sturdy youth, courageous and defiant.
 Характер у него был независимый, смелый и задорный.
 Финансист. Теодор Драйзер, стр. 3
