Flora and Fauna

We can find unique plants, animals, birds and fish in Khabarovsky Krai. What are they?

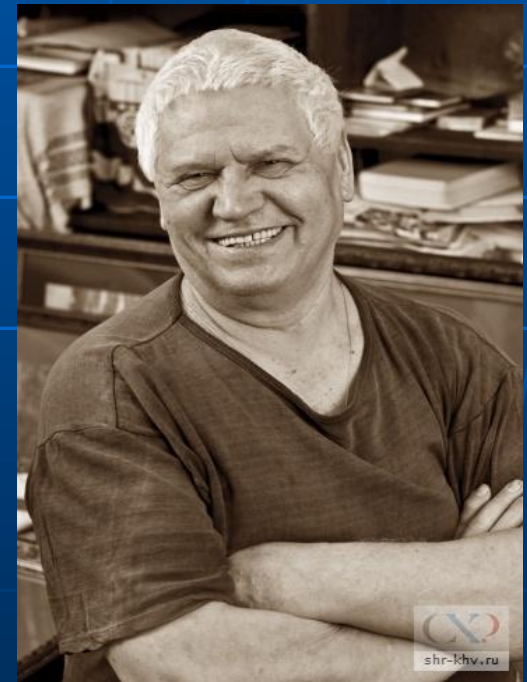

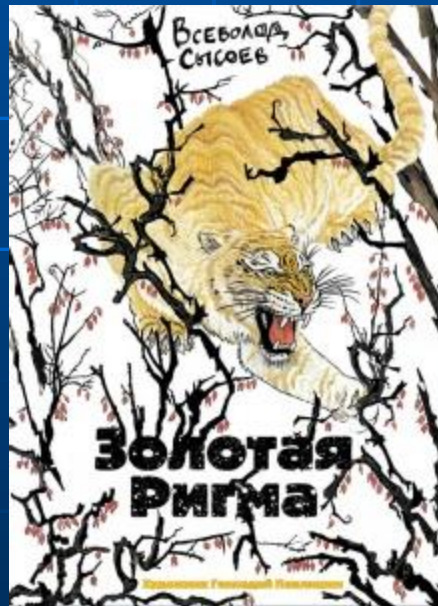

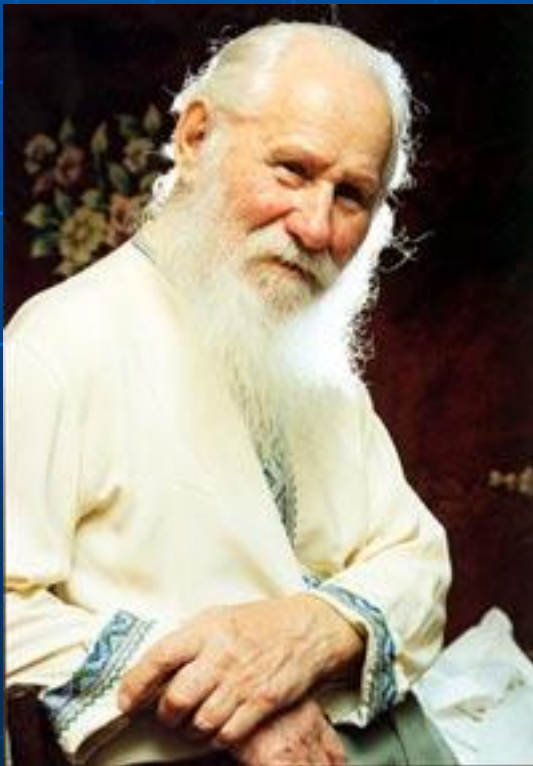

V. Sesoyev (1911-2011)

СЫСОЕВ
Всеволод Петрович

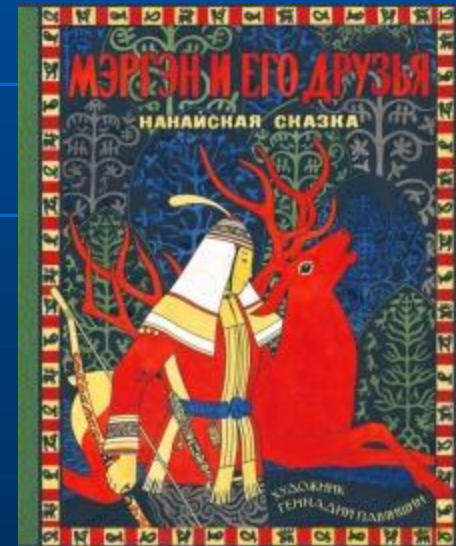

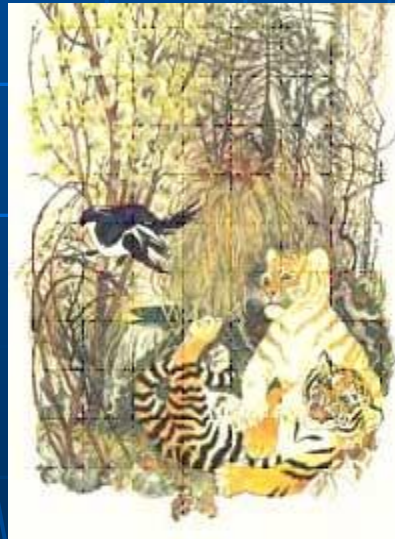

**A very popular book “Golden Rigma” - the result of creative cooperation a famous writer V. and a talented artist G.Pavlishin
Have you read this wonderful book?**

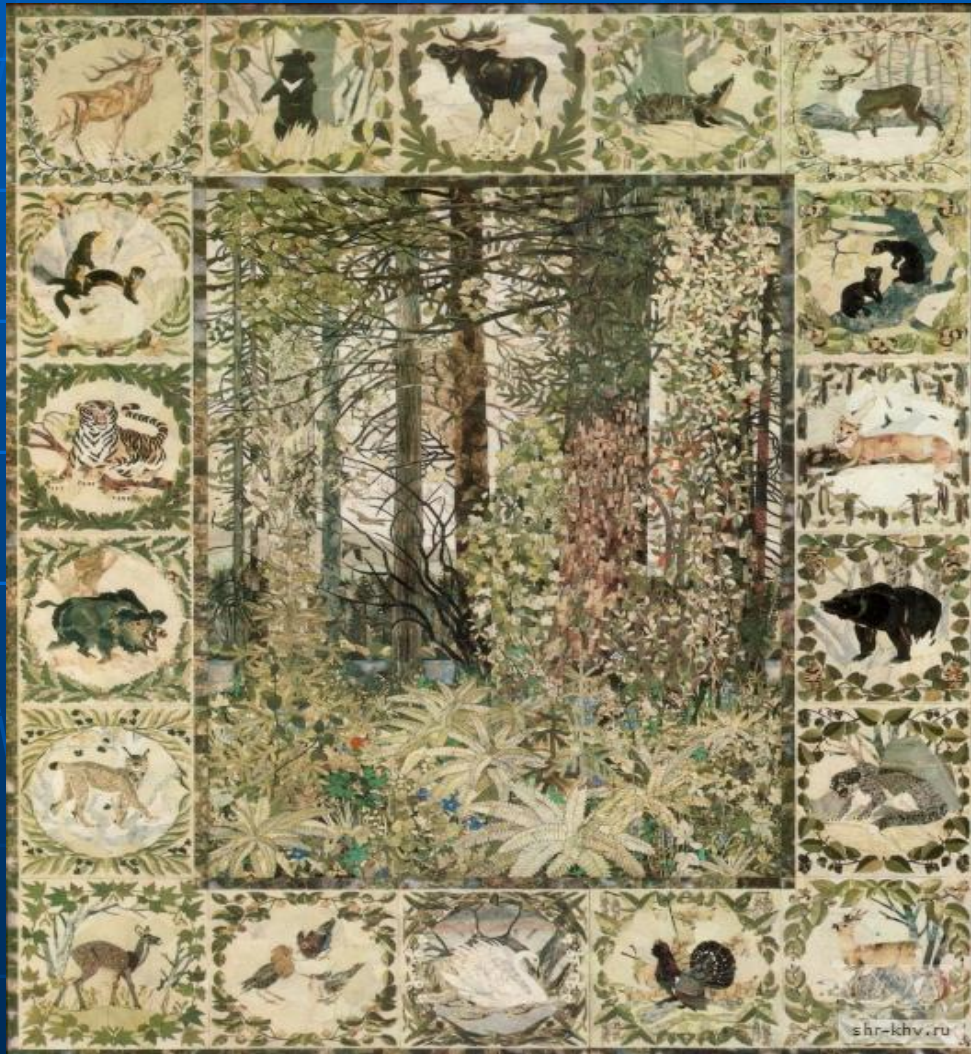

Gennady Pavlishin

a famous artist from Khabarovsk. He was born in 1938.

Pavlishin was awarded many international certificates and medals. We can study flora and fauna of the Far East with his illustration. He knows a lot about traditions and customs of Nanay, Ulchy and other aboriginal people.

This unique mosaic was created by G. Pavlishin from Far Eastern stones (from 1970- 1980). It is called “ The poem about Pryamurye” (4 x 3 m). It is situated in Khabarovsk in the Palace of Receptions near the Amur river
