

# THE POLAR BEAR

By Nastya Spirina

The Polar Bear is an animal of Far North. It lives in Russia, Canada, and Greenland.

It is white with thick fur and big legs. It has a large body and brown paws.

It can swim 60  
miles.

The Polar Bear  
eats other  
animal.

It sleeps a lot in  
the winter.

**The Polar Bear likes to be with other polar bears but it doesn't like to be around people.**

**The End.**  
**Thank you for attention.**
