

How safe our planet

Litter is a global ecological
problem of our time

At first we must teach to sort the litter in different containers

Why sort waste?

reducing of
litter in the
dump

safing the environment

**throwing paper
in special container**

less garbage fee

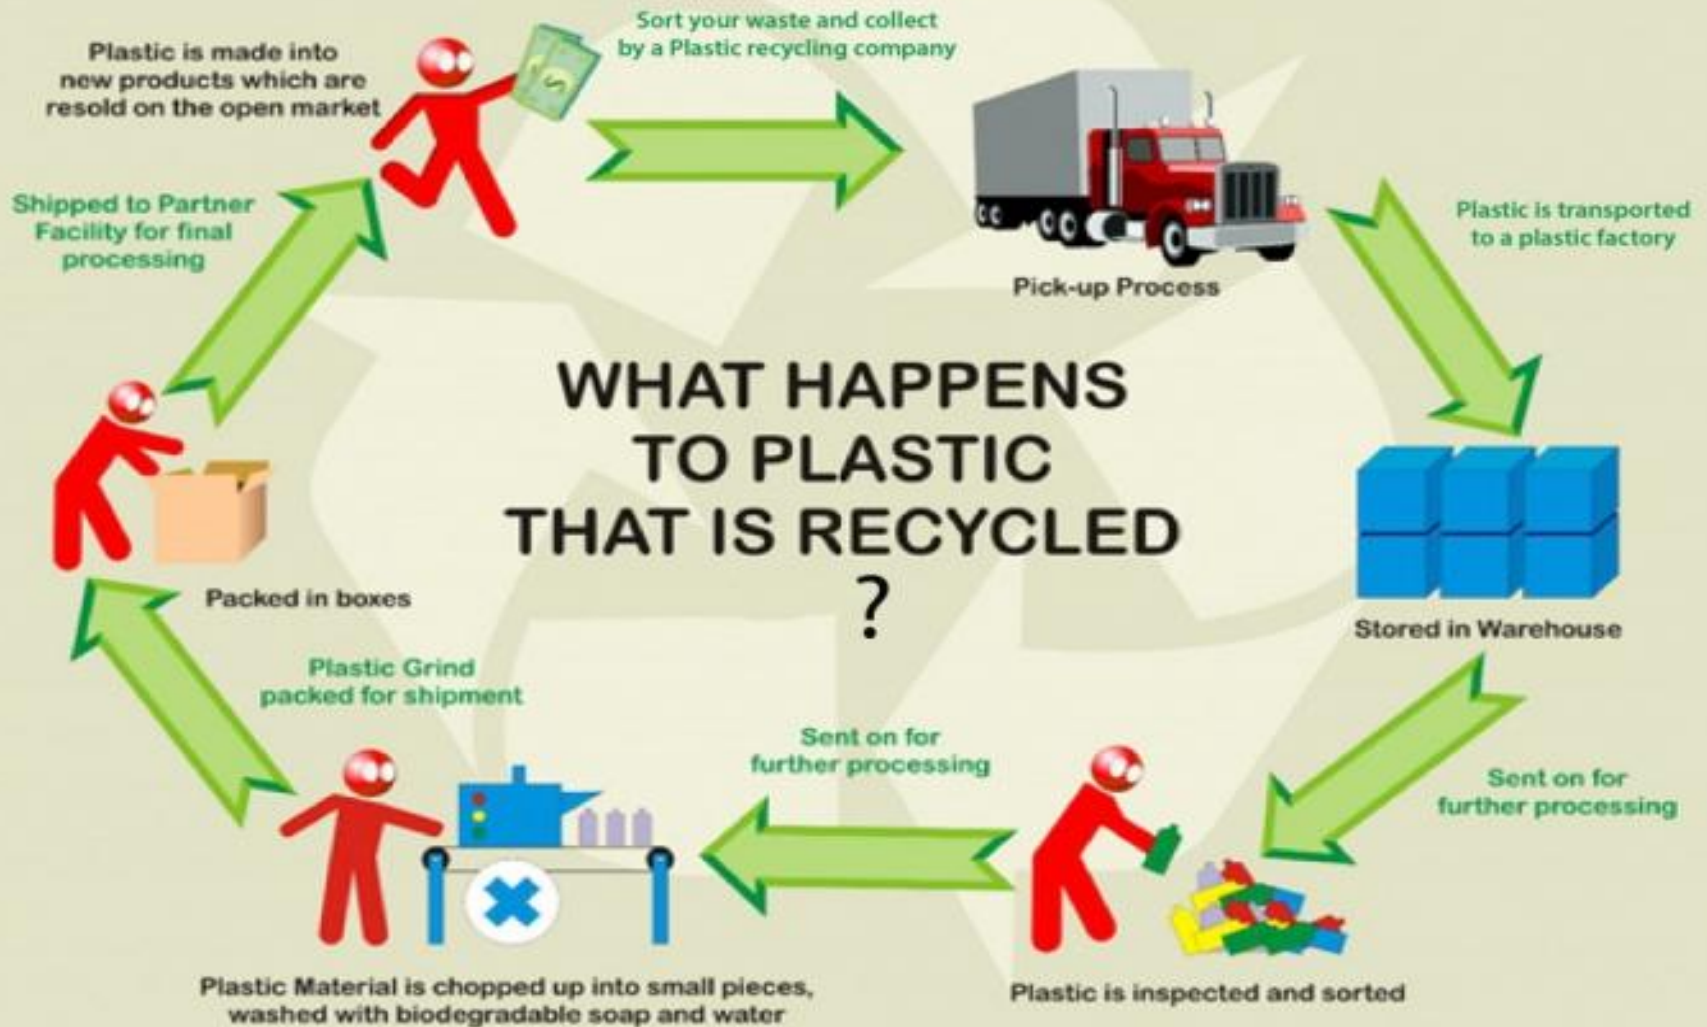

**safe
the forests**

waste paper

**any paper products can be made from waste paper:
office paper, copy-books and puzzles**

PLASTICS RECYCLING OVERVIEW

REDUCE-REUSE-RECYCLE
