form 6B

- My first favorite animal is the owl. I like the owl because it is beautiful, fast, mysterious and wise. I would like to hold an owl in my hands.

- My second favorite animal is a hamster. I like it because it's small, defenseless, cute and fluffy. I would like to buy a hamster.

- My third favorite animal is a fish. I like the fish because it is of different colors, it is interesting to watch it and it is beautiful.

- But my favorite animal is a cat.

Its name is Murzik. It is beautiful, fluffy and cute. I have had it for 2 years.

Thank you for
your attention
