

# *Steps to My Career*

# Profession

- *I want to become an oncologist. An oncologist is a specialist in the diagnosis and treatment of cancer. cancer is very difficult to treat. Oncologists save lives every day.*
- *I chose this profession because I want to help people cope with this difficult and terrible disease.*

# Universities

- *Oncologist study in medical universities. Russian medical universities with the best oncology education programs:*

Lomonosov Moscow  
State University

Российский национальный  
исследовательский  
медицинский университет  
имени Н.И. Пирогова

# Education

- *For admission to a medical university, good knowledge of biology and chemistry is needed. Studying at the university lasts 6 years. After university, doctors enter an internship (1 year) and then a residency (2 years), where it is necessary to combine study with work.*
- *Doctors learn all their life and every 5 years are required to improve their qualifications.*

- *After graduation, an oncologist can work in oncology departments of hospitals, special institutions (oncology dispensary), research laboratories.*
- *For example:*

Российский  
Онкологический  
Научный  
Центр им. Н. Н. Блохина

Самарский областной  
клинический  
онкологический диспансер
