- 

ANCIENT TVER

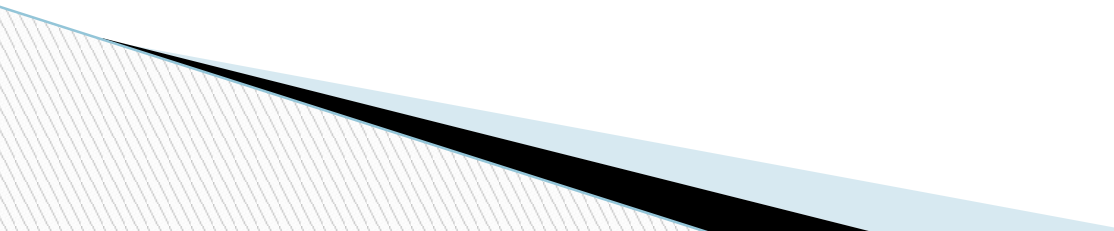

THE RULES OF THE GAME

- ▣ **1. YOU ARE TO THROW THE BRICKS AND TO COUNT THE POINTS. THESE POINTS WILL HELP YOU TO GET THE PRIZE.**
 - ▣ **2. YOU ARE TO GUESS THE WORD NAMING THE LETTERS.**
 - ▣ **3. THE WINNER IS THE FIRST TO PRONOUNCE THE CODED WORD.**
- 

INTRODUCE YOURSELVES

- Let's start. INTRODUCE YOURSELVES.

(I am Vika. I am 14. I am from Russia. I am a pupil of the ninth (tenth) form. My hobby is reading. It helps me to know interesting facts about different countries and people. My favourite subjects are History and English. That's why I am happy to take part in the contest today.)

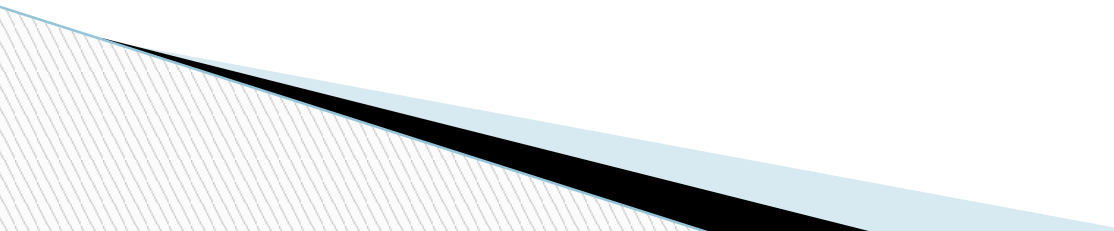

THE FIRST ROUND

- Listen to the task, please. You will have to listen to my story and guess the word. The topic is «Ancient Tver».

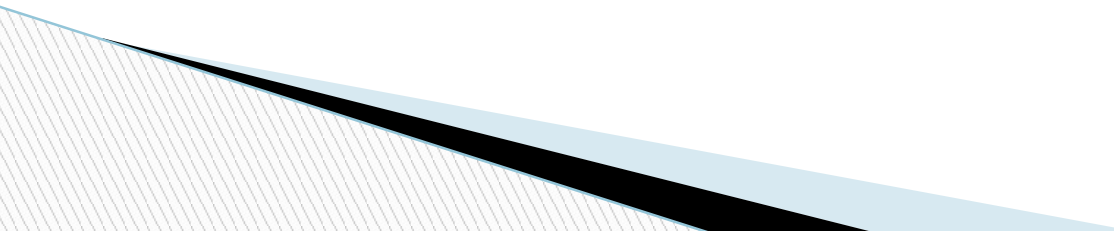

THE TASK FOR THE FIRST ROUND

- ▣ Artillery appeared in Russia at the end of XIV century, originally as being brought in from the Western Europe. But soon afterwards the most powerful Russian Principalities including Tver mastered the production of cannons of their own.**

THE FIRST ROUND

- **Under Tver Prince Ivan Mikhailovich the Tver ordnance was so much strong and reliable that Tartar Khan Addigey, assaulting Moscow in the year 1408 demanded the Tver cannons to be brought to him for shelling Moscow. But Tver Prince «pulled the Khan's leg treacherously». He did not get weapons to the Khan, turning cannons back home from the town of Klin.**
- 

THE FIRST ROUND

- ❑ In the reign of Tver Prince Boris Aleksandrovich the Tver artillery was applied to Moscow Grand Prince Vassily the Tyemny in his campaign against the town of Uglitch. Then it bombarded «the obstinate town of Rzhev».
 - ❑ The time retained the name of the best Tver gunner. What is this name?
- 

THE FIRST ROUND

THE SECOND ROUND

**- Now the task for the next three competitors.
INTRODUCE YOURSELVES. We'll have a talk
about Tver in the Middle Ages.**

THE TASK FOR THE SECOND ROUND

- From ancient times this Tower was known as the most powerful defensive construction of the Tver Kremlin. It protected the approaches to Kremlin from «the field». Simultaneously it was also used as the main entrance to the Kremlin.**

THE SECOND ROUND

- ❑ **The Tower was a wooden construction as well as the Kremlin wall. In the course of time it burnt down repeatedly, but each time it was rebuilt again.**
 - ❑ **In 1674 the Tower was laid out and covered with white stone (it was 20 metres in height and 10 metres in width). The Tower was a three-storey construction with loopholes on each floor. Three copper cannons with shells were installed inside the Tower. What Tower it was?**
- 

THE SECOND ROUND

THE THIRD ROUND

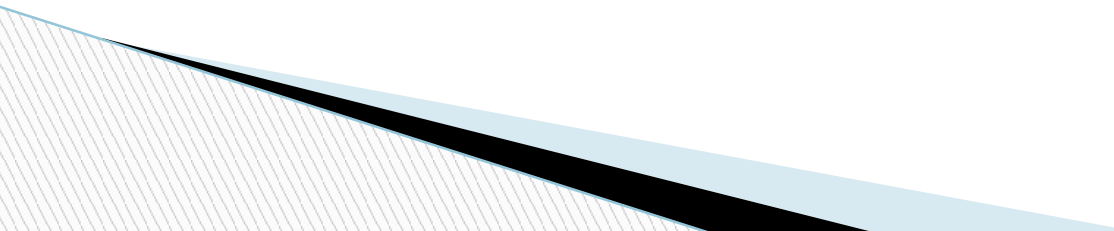

THE TASK FOR THE THIRD ROUND

- ❑ Many times the wooden Tver considerably suffered from fires. The ordinary devastating fire took place in the year 1636, which destroyed the Gostinny Dvor and numerous petty shops.
- ❑ Area for building the new constructions was in Zagorodsky Posad beyond the moat to the right near the Vladimir Gate. Soon afterwards the newly built rows of Shops and the Gostinny Dvor appeared in this district. Between all these structures a new square was formed. What was the name of it?

THE THIRD ROUND

THE TASK FOR THE AUDIENCE

- ▣ - **Name the places of interest in Tver. Let's start.**
 - ▣ - **Well done! You are the winner! Take the prize.**
- 

THE FINAL

- There are three competitors in the final. Their names are... Please, your task.

THE TASK FOR THE FINAL

- During the Years of Troubles Tver fortifications had to stand some heavy attacks undertaken by Polish-Lithuanian troops. In that hard time the regimental Voyevoda was missioned to Tver by Moscow Tzar to deliver from Tver the supplies to the Town of Byely being sieged by invaders. What was his name?**

THE FINAL

THE SUPERFINAL

THE TASK FOR THE SUPERFINAL
