

EXPLORING SPACE

**The universe is
infinite...**

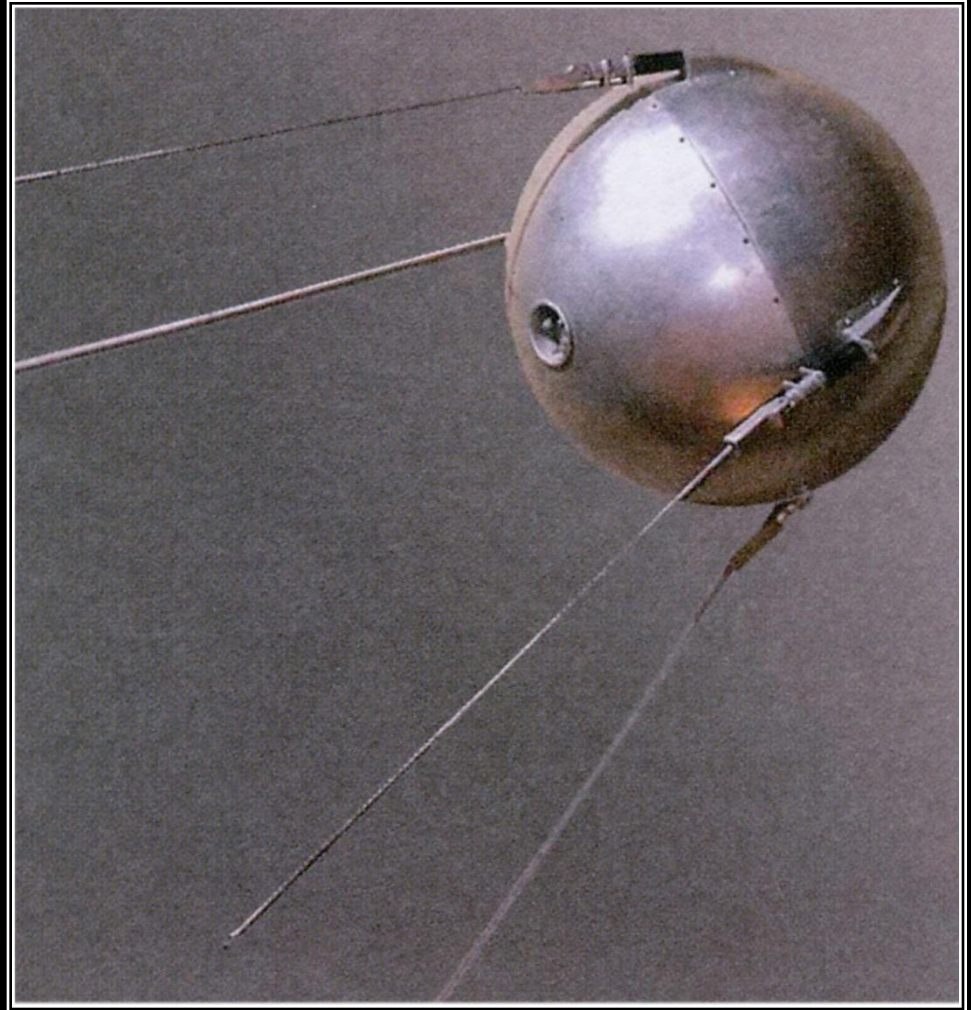

**The Soviet people were the first
to fly into outer space**

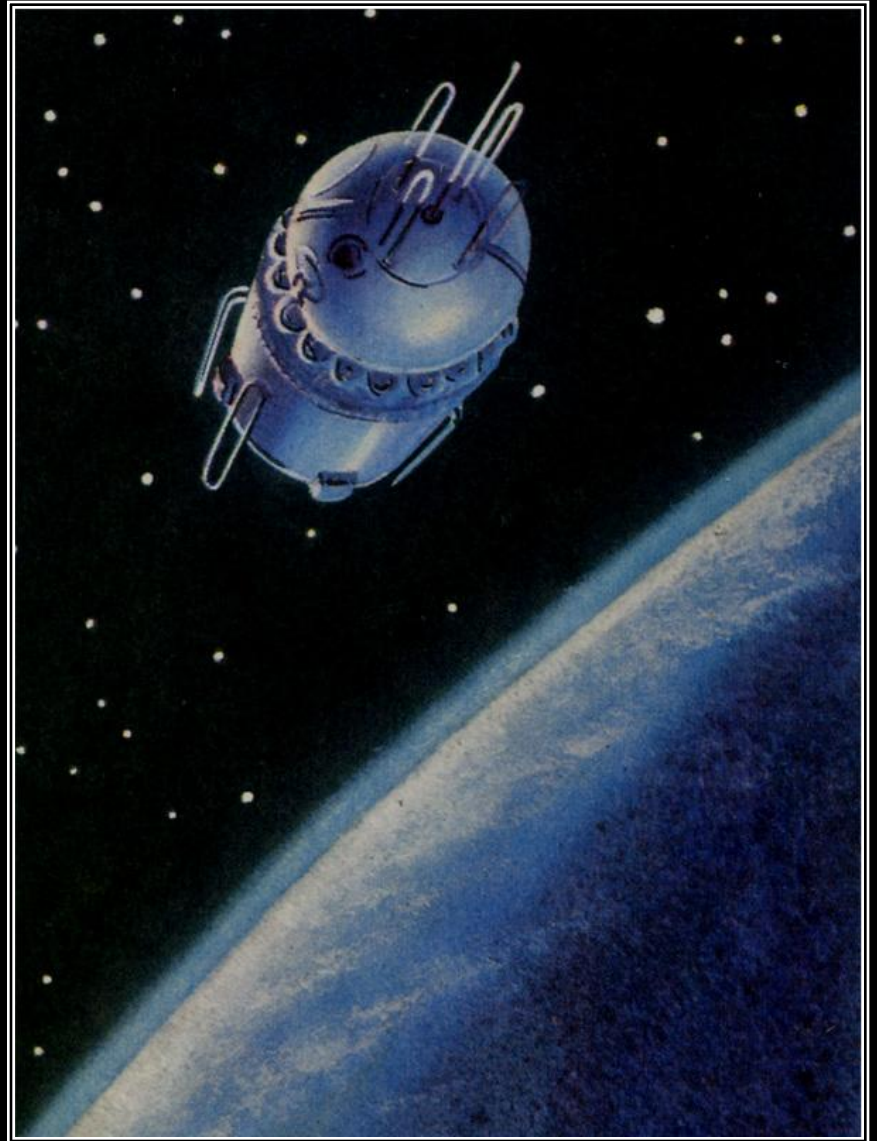

October 4, 1957

SPUTNIK

April 12, 1961

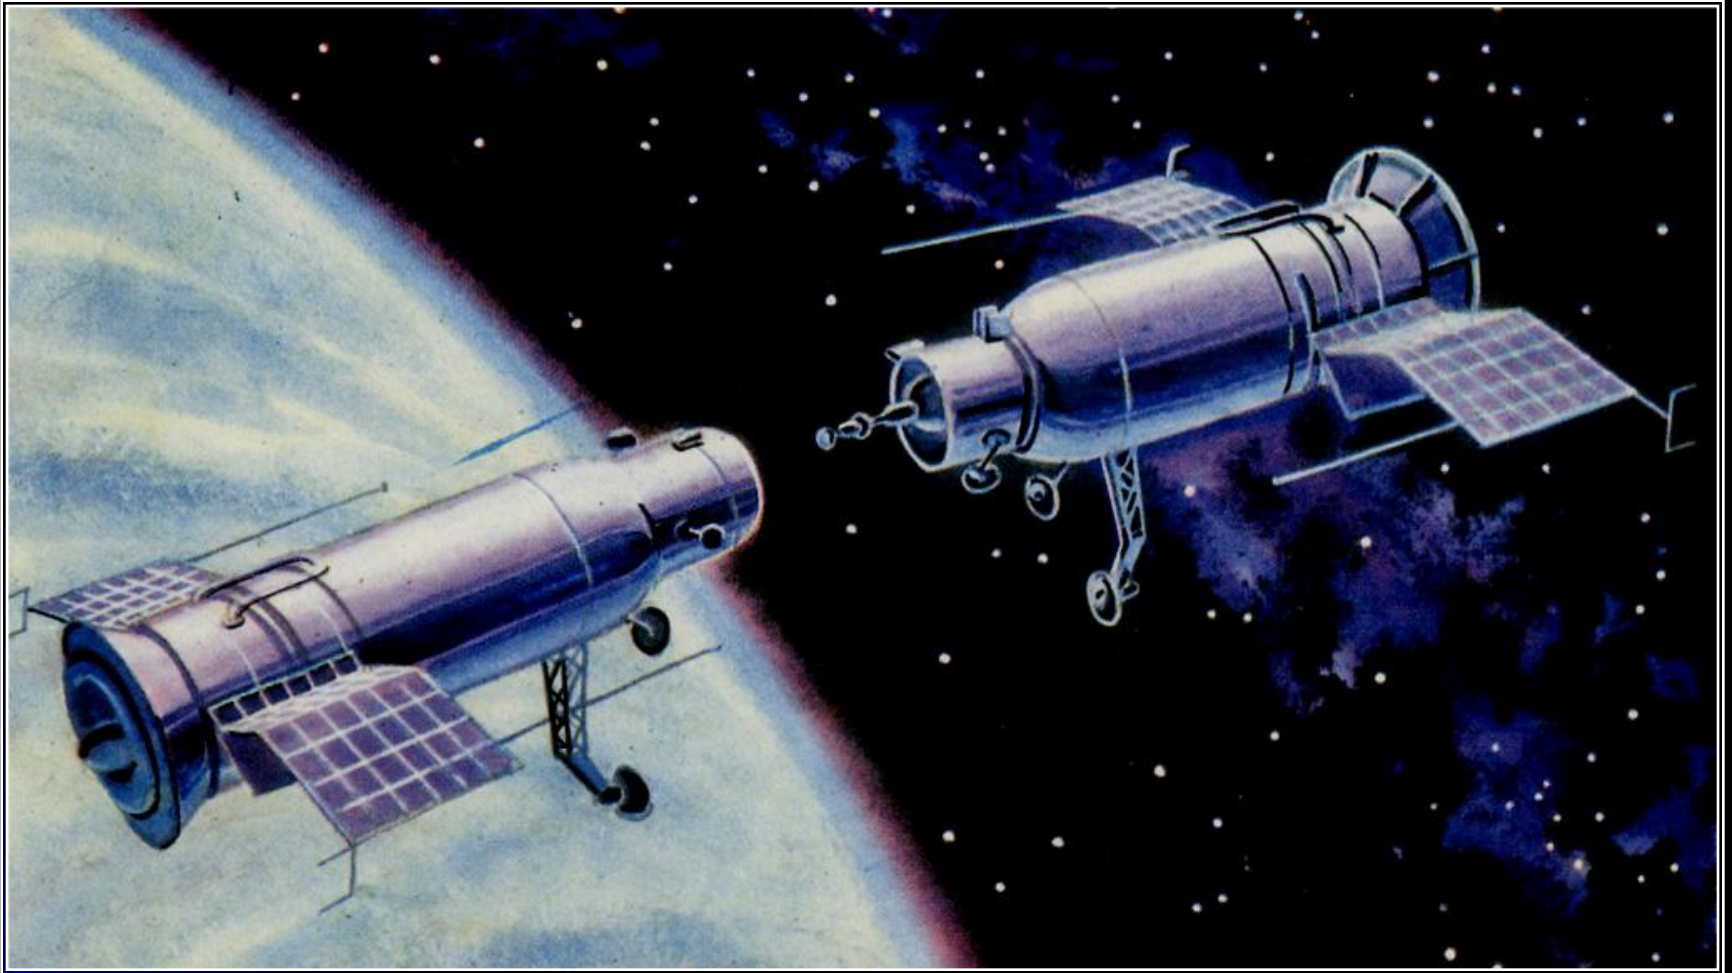

VOSTOK

Yuri GAGARIN

Making space stations

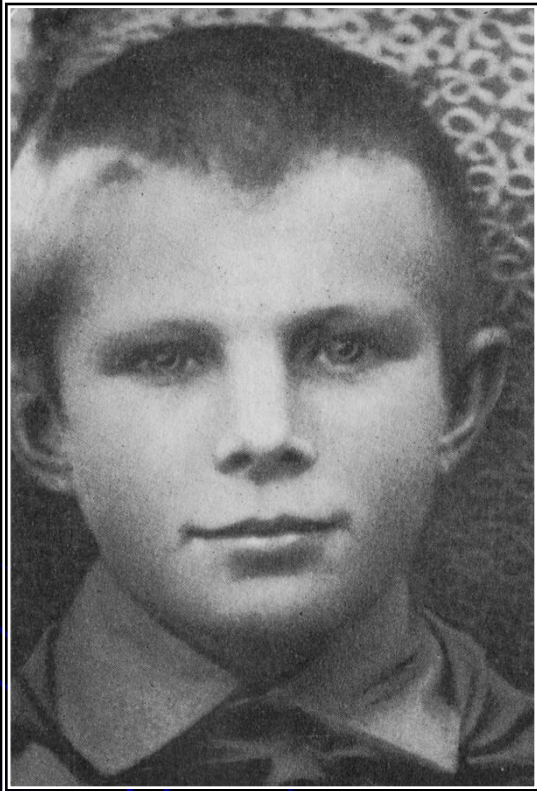

Yuri Gagarin's parents

Anna Timofeevna

Alexei Ivanovich

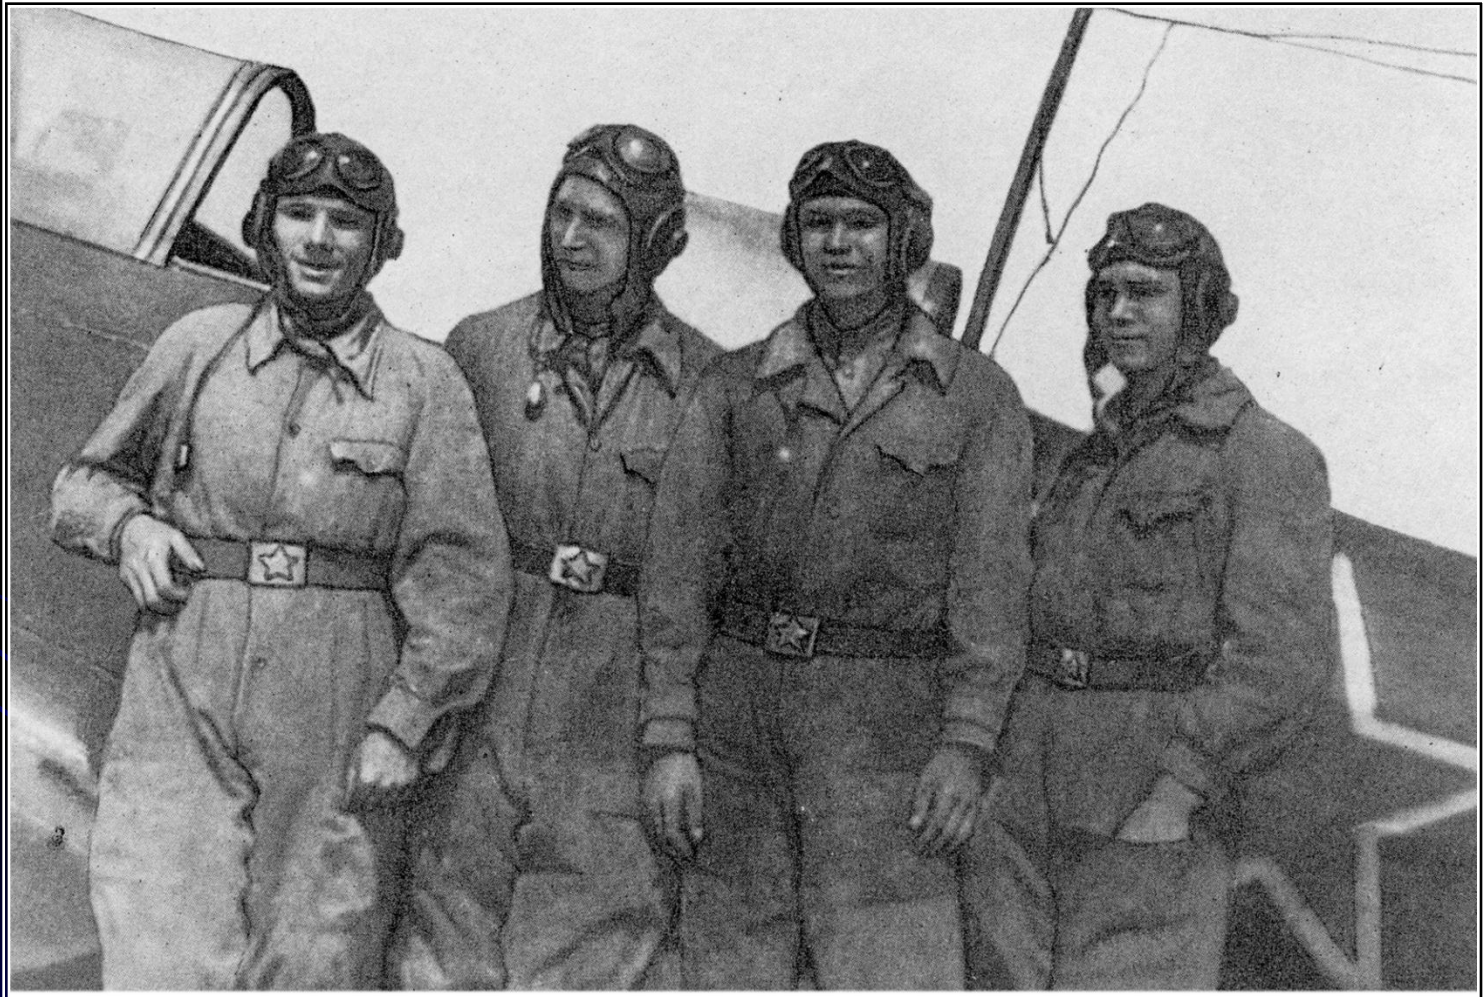

He took his school studies very seriously

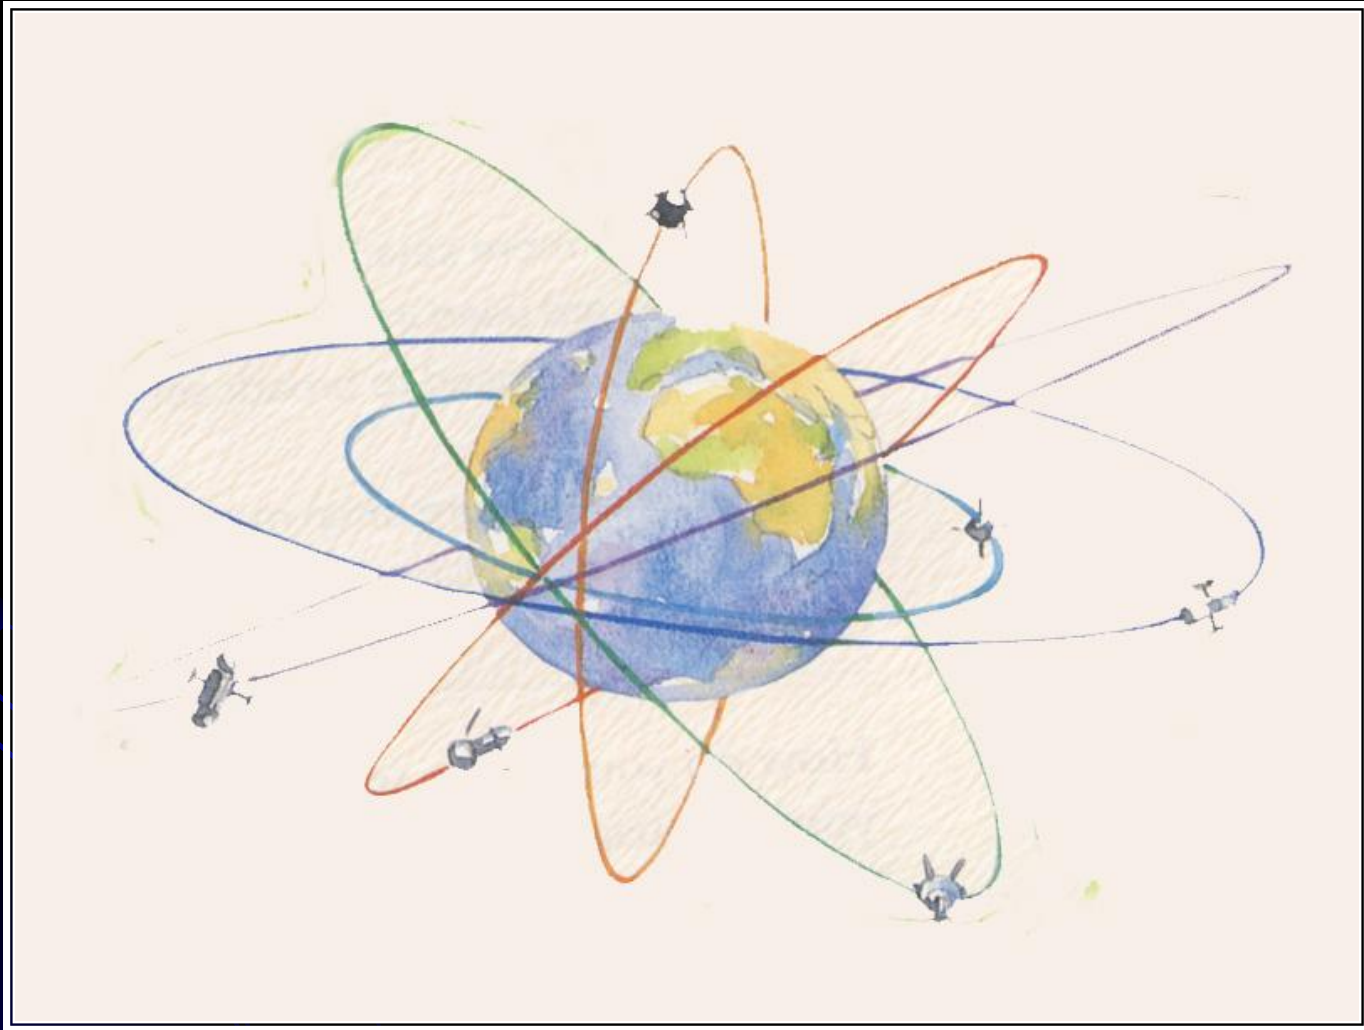

Konstantin Eduardovich TSIOLKOVSKY

At the age of 23 Yuri became a pilot

Orbiting the Earth Satellites

The first group of Soviet cosmonauts

April 12, 1961

VOSTOK

Before the flight

Yuri Gagarin was awarded the Gold Star of Hero

Yuri GAGARIN visited nearly every country

Among the children

A photograph of Earth from space, showing the Americas and surrounding oceans. The text is overlaid on the image.

*“Flying round the Earth
in a spaceship,
I saw how wonderful our planet
was.*

*People, let us preserve this
beauty and not destroy it.”*

Yuri Gagarin
