

LET'S SAVE OUR FRAGILE PLANET

# Why OUR PLANET IS IN DANGER

?

# HUMAN BEINGS ARE KILLING OUR PLANET

- ❑ WATER POLLUTION
- ❑ AIR POLLUTION
- ❑ DESTRUCTION OF WILDLIFE AND COUNTRYSIDE BEAUTY
- ❑ NOISE AND POLLUTION FROM TRANSPORT
- ❑ SHORTAGE OF FOREST
- ❑ DISAPPEARING OF ANIMALS

# ANIMALS AND BIRDS UNDER THREAT

- Panda
  - Koala
  - Indian tigers
  - African and Asiatic elephant
  - Orangutan
  - American Alligator
  - Pygmy Hippopotamus
  - Black Rhinoceros
- 
- The background of the slide is a solid blue color. In the bottom right corner, there are several faint, concentric white circles that resemble ripples in water, adding a decorative element to the design.

People don't just pollute the  
environment.

They pollute themselves with junk  
food, alcohol, drugs and  
cigarettes.

The background of the slide is a solid blue color. In the bottom right corner, there are several faint, concentric circles that resemble ripples in water, rendered in a slightly lighter shade of blue than the background.

What can  
you  
do?

A scenic view of a park with a lake, trees, and a city skyline in the background. The foreground features a calm body of water reflecting the sky and surrounding greenery. On the left, a large weeping willow tree hangs over the water. In the center, a small fountain sprays water into the air. The background is filled with lush green trees and a city skyline with several domes and spires, likely a European city. The sky is blue with large, white, fluffy clouds.

WE LIVE IN A WONDERFUL  
PLANET

If you want to save our planet-  
hurry up!
