The Houses of Parliament

Trafalgar Square

Westminster Abbey

Buckingham Palace

ST PAUL'S CATHEDRAL

Hyde Park

A nighttime photograph of the London skyline. The Shard is a prominent, illuminated skyscraper on the left. The Tower Bridge is the central focus, with its two towers and suspension cables brightly lit. The bridge's bascules are partially open. The River Thames flows in the foreground, with several boats and piers visible. The city lights create a warm, golden glow against the dark night sky.

The end
