

# ***My Future Profession***

**FUTURE?**

***I decided to be a journalist. I think  
it is an interesting and useful profession.***

I like to watch TV, listen to the radio, read newspapers and magazines.

I like  
everything  
which  
connected  
with mass  
media.

*I like the profession of a journalist.  
They meet many people. They try to  
understand what is going on in the  
world, or the country, or the city and  
try to explain it to other people.*

A hand is holding a piece of paper with a cartoon illustration. The illustration shows a man in a suit running away from a tram. The tram has a sign that says "THIS IS NOT". The background of the paper shows a street scene with buildings and tram tracks.

*I think that the work of a journalist is very much like that of historian. A historian studies and tries to explain events of the past and a journalist does the same about the present.*

*But for me to be a journalist is much more interesting than to be a historian because you deal with real events that are happening right now so you can even influence them.*

# JOURNALIST

What I think I do

What my mother thinks I do

What my friends think I do

What I really do

So journalists can influence the history. That is why I want to be a journalist.
