Traveller profile

- Hi! Welcome to my travelogue. I've just got home after a one week holiday in the Kerch. It was really great. I want to remember everything and tell my friends all about it.

Day 1

- We have arrived to Kerch by the bus. We have gone at once to bathe. Then were on excavation. Also have found many crocks!

Day 2

- In the second day we again have gone on excavation, but to other place. There too it was interesting. My sisters sketched landscapes of the destroyed palace.

Day 3

- In the third day we have completely devoted to landscapes of Kercha. Also have risen on Mitridat. Have passed a heap of steps, but have risen! On a photo my father.

Day 4

- The third day have devoted to the nature. To which nature isn't present more perfectly than in Kerch. We photographed almost each bush.

- All other days we had a rest on a beach. Or walked around the city

Thanks for attention!
