The Russian Federation is the largest country in the world. The vast territory of Russia lies in the eastern part of Europe and the northern part of Asia. Its total area is about 17 million square kilometers.

The capital of Russia is Moscow

The population in my country is about 140 million people. It should be remembered that not only Russians live in my country, but many other nations.

We have a lot of beautiful and clean cities, for example: Moscow, Krasny Holm, St. Petersburg.

Tourists from different countries come to admire our ancient places, museums, cathedrals and churches.

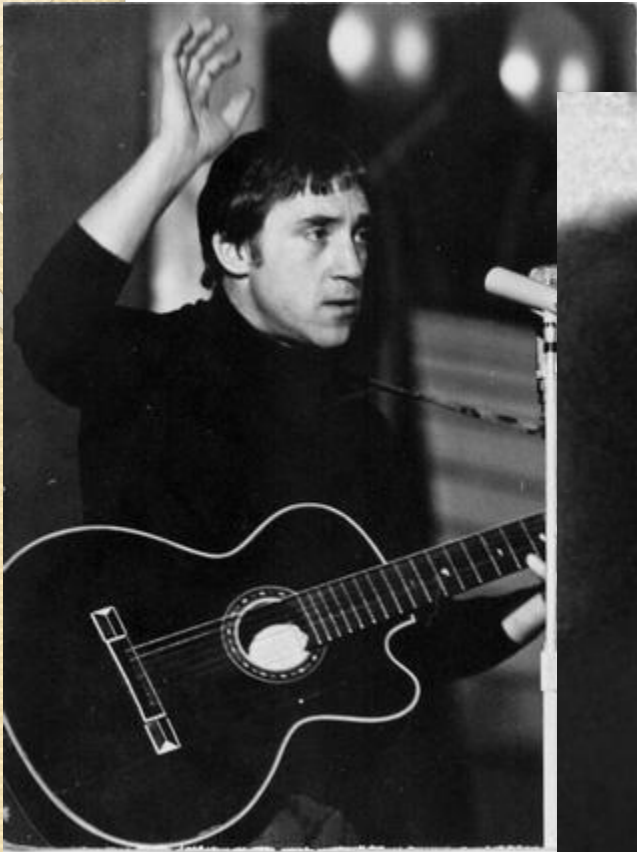

When people think of Russia, they think of their traditions. For example, combustion of a doll-bonfire on Maslenitsa, a fortune-telling on Christmas and preparation of an Easter cake.

Also Russia is popular for "Russian tracery".

We are very proud of our famous people. For example ,Vysotsky, Bulgakov,Gagarin..
