**2019**

# ПРОБЛЕМА

Китайские символы встречи Нового года, гороскопы, атрибуты и прочее прочно вошли, а порой и полностью вытеснили из культур многих народов собственные новогодние традиции и обычаи. Но на арене современности культура славян стала набирать темпы в своём развитии и теперь славянский календарь ждёт помощи в пропаганде своих идей.

# ГИПОТЕЗА

Славянский календарь смело может  
претендовать на трон вместо  
китайского  
**(на примере 2019 года – года  
Парящего Орла)**

**The original Slavic traditions today  
are rarely observed or honored by  
anyone. Oriental calendars and  
horoscopes have long supplanted  
them from the life of modern people.**

**And so it happened that by generally accepted standards, 2019 belongs to the Yellow Earth Pig.**

**According to Slavic customs, the symbol of the year 2019 is the soaring Eagle. A proud bird will replace the 2018th year of the curled hedgehog.**

**According to the Slavic calendar,  
the change of the symbol of the year  
will take place at the big spring  
celebration - Komoeditsa.**

**Slavic traditions and their Vedic beliefs, above all, suggest harmony with nature and all living things on this planet. Therefore, it is not surprising that every year it bears the name of a certain animal and is patronized by one of the all-powerful gods.**

**Each year in the Slavic calendar is divided into 12 months. Periods defined a clear time to rest, work, plant the land and prepare provisions for the winter. Every 16 years created a cycle. Unlike the Chinese calendar, in which there are 12 totemic animals.**

**Every year, under the sign of the animal, it predicted certain events for people, as in the Chinese calendar. However, the year change did not take place on January 1, but March 20.**

**This is the time  
of the spring solstice.**

**In 2019, the Soaring  
Eagle is the patron of  
the totem animal.  
This is the most  
proud, strong and  
wise bird.**

**The eagle is a regal bird that flies very high. The Slavs respected and worshiped the eagle, because the bird achieves all its might with exhausted labor and perseverance.**

A large bald eagle is captured in mid-flight, its wings spread wide. The eagle is positioned in the upper half of the frame, set against a dramatic sunset or sunrise sky. The colors transition from deep blue at the top to vibrant orange, yellow, and red near the horizon. The eagle's dark feathers on its wings and tail contrast sharply with its white head and neck. Its talons are slightly visible as it descends towards the horizon.

**To rule in 2019, the Eagle will be  
with all its justice.**

**This year is expected to decline  
negative events. Especially  
beneficial and positive Eagle will  
affect business and political  
relations around the world. He  
promises to build relationships and  
establish peace.**

A large bald eagle is captured in mid-flight, its wings spread wide, against a backdrop of rugged, snow-capped mountain peaks under a clear blue sky.

**In 2019 ,  
According to the  
Slavic calendar,  
many people will  
feel in themselves  
new strength and  
inspirations to go  
towards their  
achievements.**

**This period will be  
successful for the  
change of activity  
and career.**

**The most important skill in  
the year of the Eagle 2019  
will be the distribution of its  
forces. Eagle appreciates  
hard work and dedication.  
Therefore, The eagle will  
not enjoy lazy people during  
his patronage.**

**Those who were  
born in the year of  
the Soaring Eagle  
are  
very lucky.**

**If someone was  
born in 1939,  
1955, 1971,  
1987, 2003, 2019,  
they are ...  
lucky!**

# **CONCLUSION**

## **THE YEAR OF THE SOARING EAGLE IS EVEN MUCH MORE INTERESTING THAN THE YEAR OF THE PIG**

# Happy Soaring Eagle Year!

# Thank You for Your Attention
