

SCHOOL'S IN JAPAN

Rules and students

About the most important

- Japanese children haven't free time, and they are the busiest people in country. And exams are the most complex period in their life's. Also it can to coerce students to suicide. It is the biggest problem in Japan for the Ministry of Education.

Clubs of interests

- What about classes and school days, every student has a club of interests. And school has a lot clubs. May be in school a standard music club, a literature club and may be a sport club. Every club must have a certain amount of students, because may be even club of lover's bananas.

More about clubs

- What about music clubs, students in these clubs can create rock-groups, not only chorus.
- Sport clubs can be different. Basketball, football, swimming, volleyball.

A bit about rules

- Most schools have a rule about hair color and only natural hair color is allowed. Every school have a uniform, and every student most wear it.

Holidays or time to learn more?

- Holidays for schools aren't time for relaxation. After all it is great time for study!
