WINTER

Winter is the coldest season, with short days and long nights, with frosts and snow. But it is also a beautiful season when nature is sleeping under a clean soft blanket of white snow. In winter there are no birds in the trees and there are no flowers in the parks. Lovers of winter sports go skiing and skating and hockey playing. Winter is a wonderful season for children, too, who enjoy tobogganing, playing snowballs and making snowmen.

Spring comes and nature awakens from its winter sleep. The days become longer and the nights become shorter. The ground is covered with fresh green grass and the first spring flowers. How lovely the white snowdrops are! There are new leaves and blossoms on the trees. The birds begin to sing and build their nests. The air is fresh and the sun shines brightly. The days are warm and everything is full of life and joy!!!

Summer poem!

A dandelion seed head is positioned on the left side of the image, with its stem extending downwards. The background is a bright blue sky filled with fluffy white clouds. A faint rainbow is visible in the upper left portion of the sky.

Summer brings us nice warm sun,
For swimming, fishing, and lots of fun,
For finding seashells in the sand,
For sunbathing to get a tan,
To do all these things and more
At the beach and seashore!

A dense background of autumn leaves in various colors including yellow, orange, red, and green. The leaves are scattered and overlapping, creating a textured, seasonal backdrop.

Autumn

Descending leaves fall to the ground,

Twirling, twisting, round and round,

Autumn season is almost here,

The smell of freshness is oh so near.

The crisp, cool breeze,

Shakes the leaves from the trees,

Autumn takes away the green,

Golden-bronze and brown is all that can be seen.
