It is spring

Spring months are March, April,
May.

Marc

May

Days get longer, nights get shorter.

It is warm in spring.

Nature is awaking.

The sky is blue, the sun is bright.

Snow is melting, streams are flowing.

Snowdrops bloom in spring.

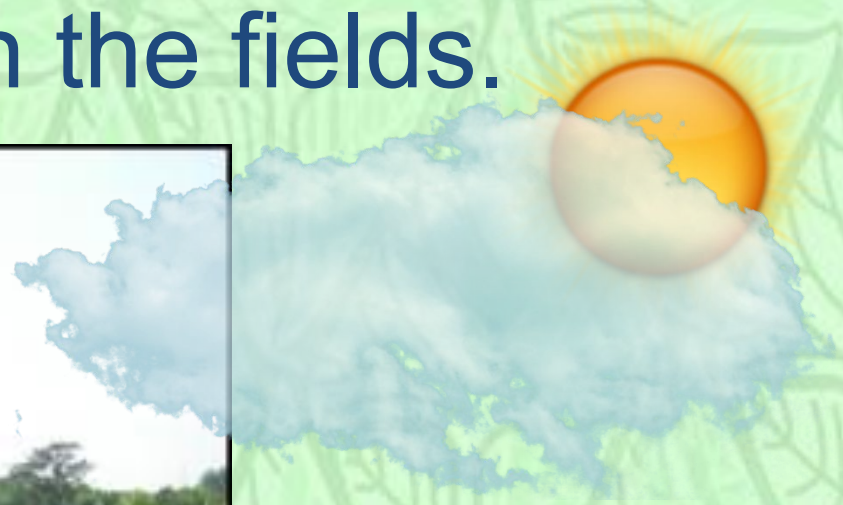

Birds are returning

Birds make their nests in spring.

Farmers work in the fields.

I don't like
early spring.

I like late
spring.
