I have got a pen-friend. His name is Jonas. He is 18 years old. He is a student at Bad-Malente university.

My pen-friends questions.

He would like to visit our country and he would like to visit me and my town Staraya Russa. He asked me different questions about my relatives, about my classmates, about the weather, about my parents.

One of his questions is “How to get to Staraya Russa”? He has never been in Russia and he doesn't know any information about it.

Reading his letter I made following conclusions.
