To write an article expressing your opinion, first make a list of points for and against the specific topic.

**In the first paragraph we introduce the topic and clearly state our opinion. In the second and third paragraphs we write our points for the topic with reasons. In the fourth paragraph we write our points against the topic with reasons. In the last paragraph we say our opinion again in other words.**

We use : *Also, Firstly, Secondly, In addition, Moreover, Furthermore* etc. to link similar ideas. We use : *On the other hand, However* etc. to introduce an opposing idea. We use: *In conclusion, All in all* etc. to begin the last paragraph.
