Seasons and the weather

A photograph of a winter scene. In the foreground, there is a body of water, possibly a pond or a slow-moving stream, which is partially frozen. The water reflects the surrounding landscape. On the left side, there are several tall, thin trees covered in a thick layer of snow. In the center, there is a large, snow-covered mound or hill. To the right, there are more trees, some of which are also covered in snow. The sky is a pale blue, and the overall atmosphere is cold and serene. The text is overlaid on the right side of the image, written in a white, serif font with a slight shadow effect.

*Weather is hot,
Weather is cold,
Weather is changing
As the weeks unfold.
Skies are cloudy,
Skies are fair,
Skies are changing
In the air.
It is raining,
It is snowing,
It is windy
With breezes blowing.
Days are foggy,
Days are clear,
Weather is changing
Throughout the year!*
