MITTENS

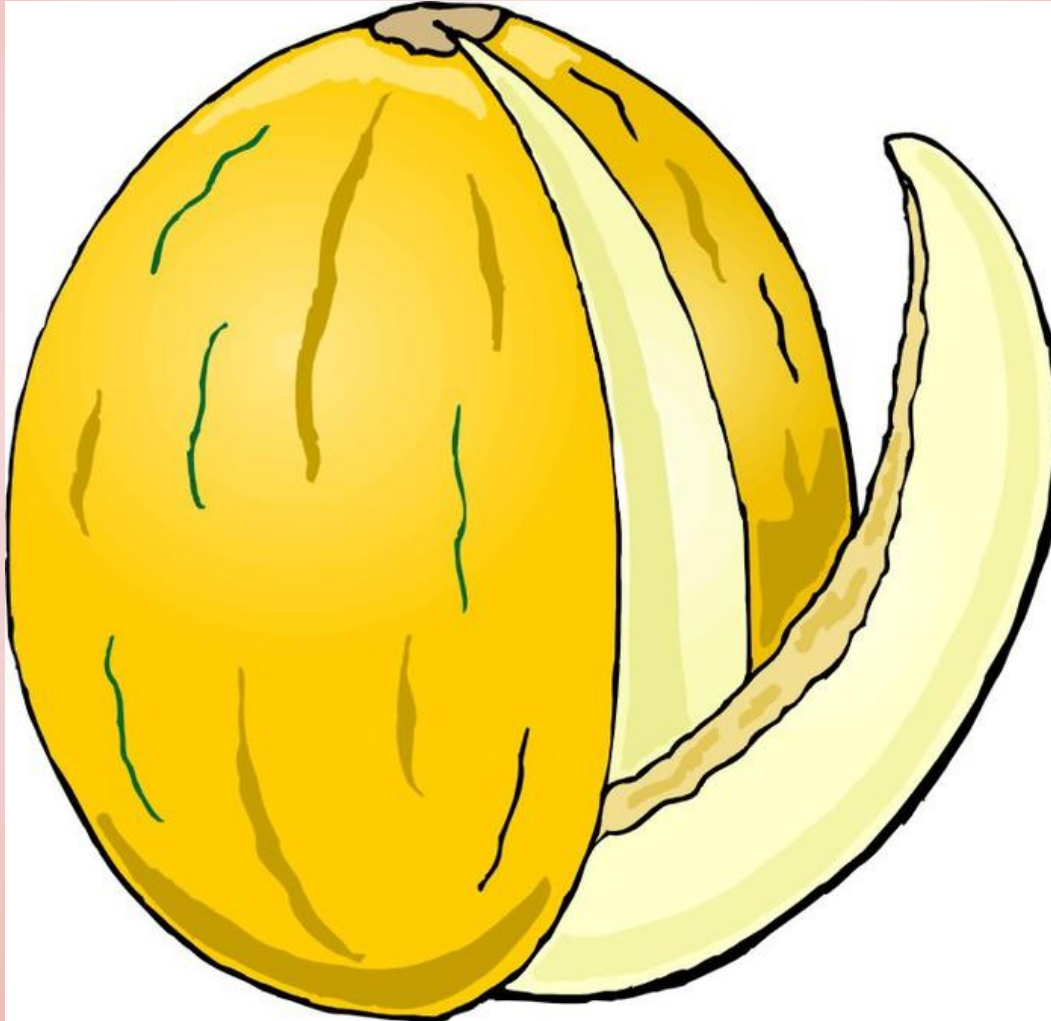

A collection of 12 colorful cartoon mushrooms arranged in a 4x3 grid. The mushrooms vary in color (brown, grey, orange, red with white spots, green, blue, yellow) and shape (giant, small, cluster, etc.). The mushrooms are drawn in a simple, friendly style with thick outlines and soft shading. The colors include various shades of brown, grey, orange, red with white spots, green, blue, and yellow. The mushrooms are of different sizes and shapes, some are single, some are in small groups, and some have unique features like a large white stem or a wide, flat top. The background is plain white, making the colorful mushrooms stand out.
