

ЗДРАВСТВУЙ, ШКОЛА!

A vibrant, cartoon-style illustration of outer space. In the upper left, a rocket ship with a red nose cone and yellow body is shown. To its right is a classic saucer-shaped UFO with a green and yellow body and a blue dome. Below the UFO, a green alien with large eyes and a friendly expression is floating. The background is a deep blue space filled with stars, a bright yellow star in the upper right, and a large, colorful planet with blue, green, and orange hues in the lower right. A large, light blue circle is superimposed over the lower left portion of the image, containing the title text.
