

Тема урока:

Кто эта птица?

Никогда

Не строит для себя гнезда,

Соседкам яйца оставляет

И о птенцах не вспоминает

Тема урока:

Кукушка.

Ненецкая народная сказка.

Кукушка.

- Ее кукуканье слышали, наверное, все, но очень мало кто видел эту осторожную птицу. Кукушка чуть больше голубя и имеет серое с поперечными полосами оперение, длинный хвост и короткие лапки. Кукушки перелетные птицы, поэтому у нас их можно увидеть только со середины весны до конца лета.

It says somewhere that
 somewhere, there's a place
 where the sun is always shining
 and the water is always flowing
 and the people are always happy
 and the birds are always singing
 and the flowers are always blooming
 and the trees are always green
 and the sky is always blue
 and the earth is always warm
 and the air is always sweet
 and the life is always good
 and the love is always true
 and the hope is always bright
 and the faith is always strong
 and the courage is always brave
 and the kindness is always gentle
 and the honesty is always plain
 and the justice is always right
 and the peace is always still
 and the joy is always loud
 and the sorrow is always deep
 and the pain is always sharp
 and the death is always sure
 and the life is always long
 and the love is always true
 and the hope is always bright
 and the faith is always strong
 and the courage is always brave
 and the kindness is always gentle
 and the honesty is always plain
 and the justice is always right
 and the peace is always still
 and the joy is always loud
 and the sorrow is always deep
 and the pain is always sharp
 and the death is always sure
 and the life is always long
