

**Составь из трех палочек фигуру так, чтобы
конец одной палочки совпадал с началом
другой.**

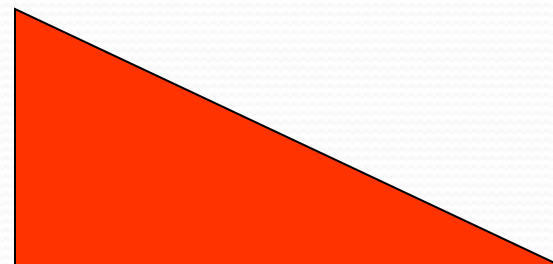

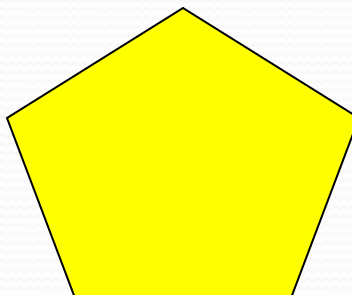

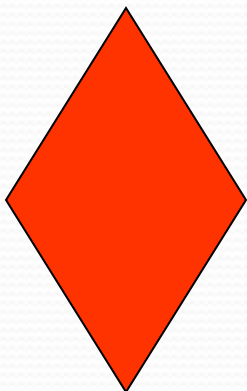

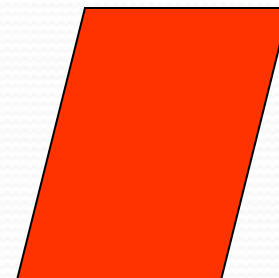

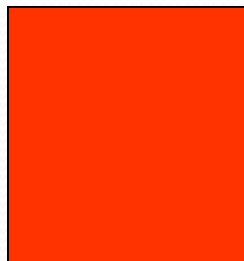

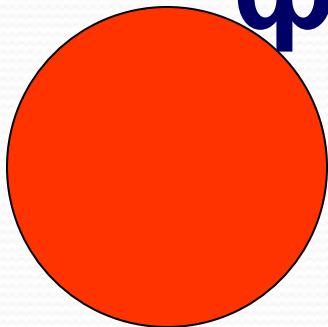

Разбей на совокупности множество геометрических фигур

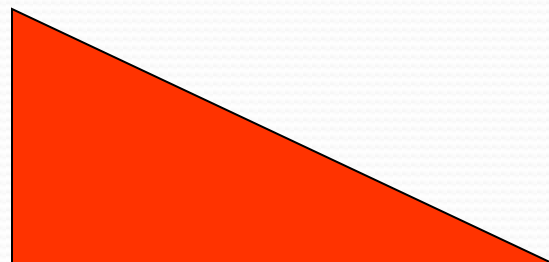

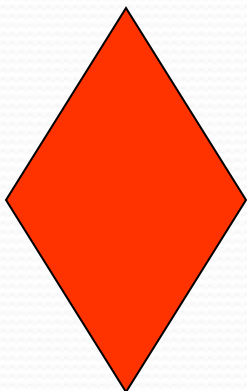

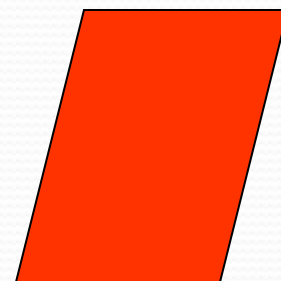

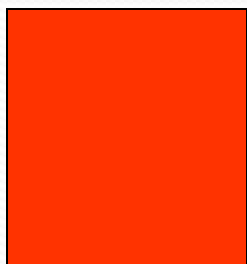

Признаки предметов.

Найди лишнюю
фигуру:

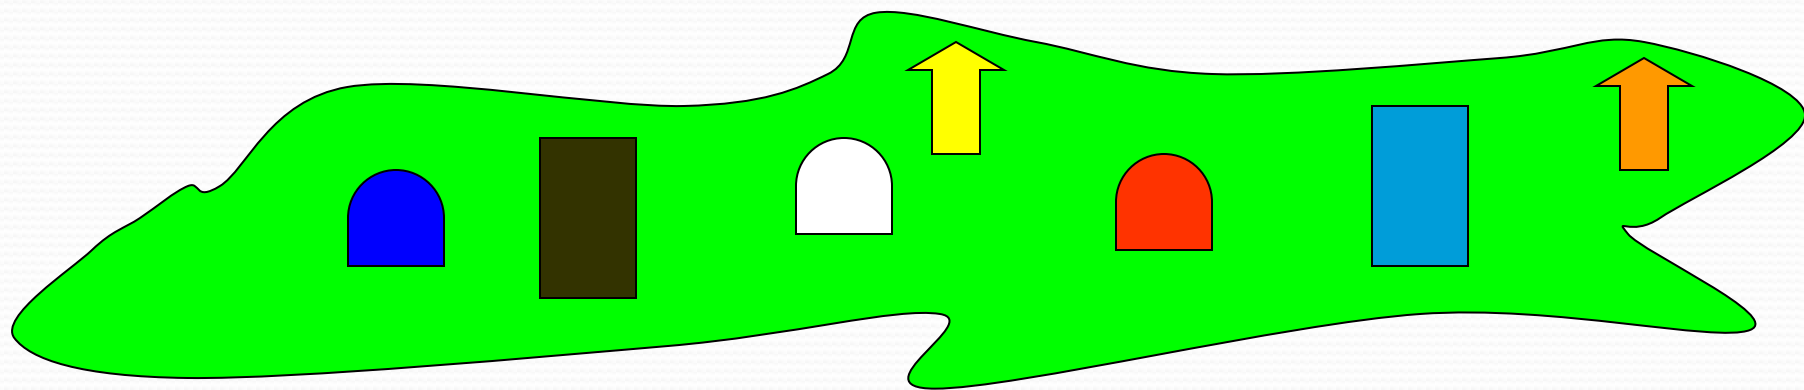

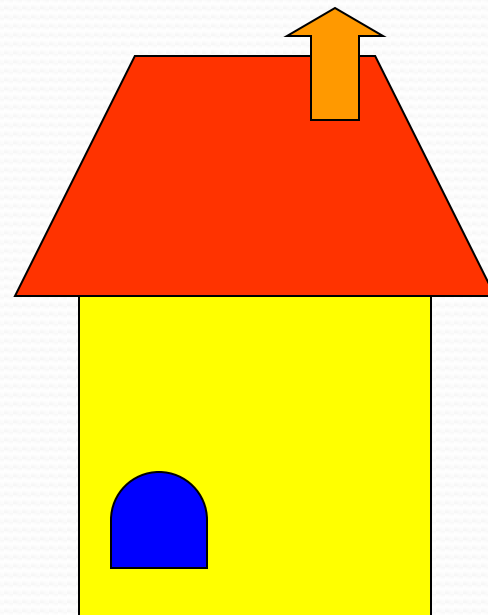

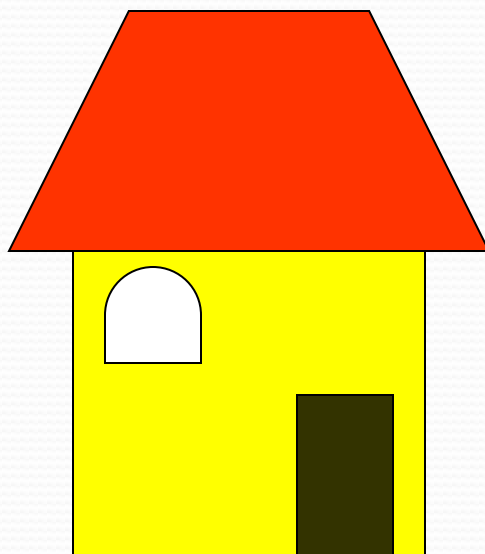

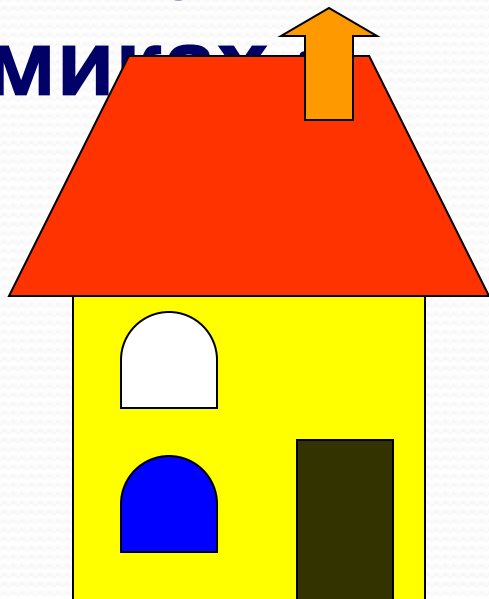

Признаки предметов.

Проверь себя:

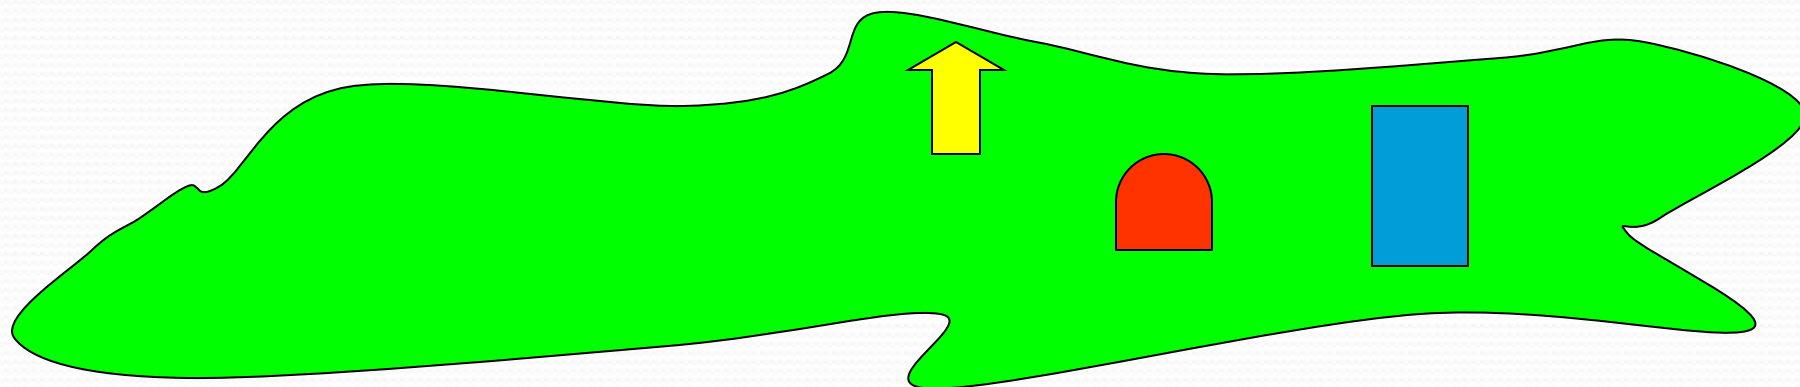

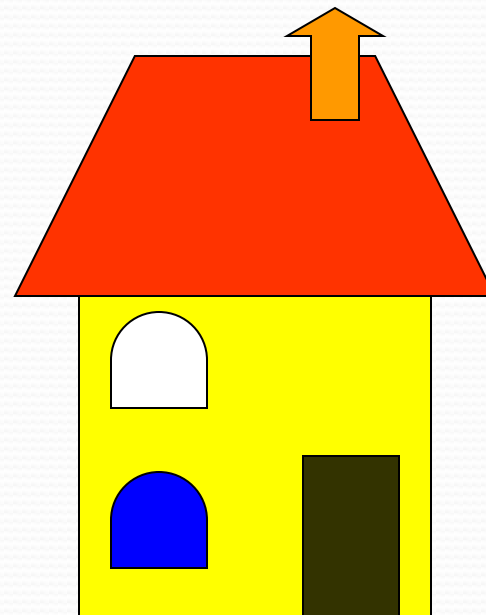

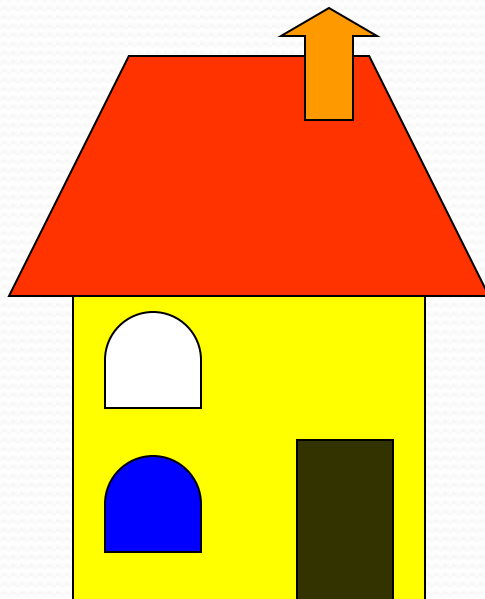

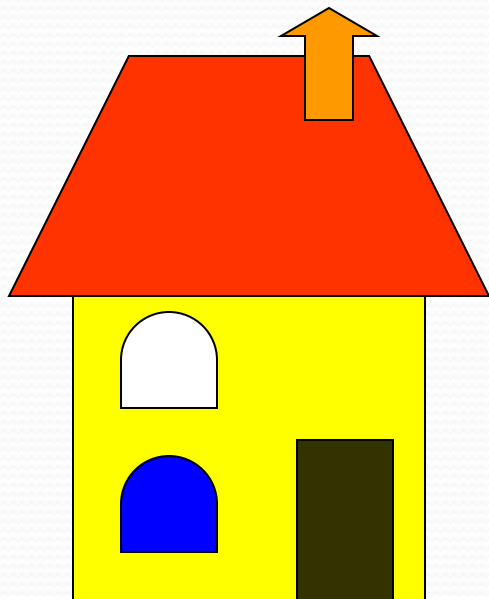

Состав предметов.

Дорисуй недостающие детали на
домиках

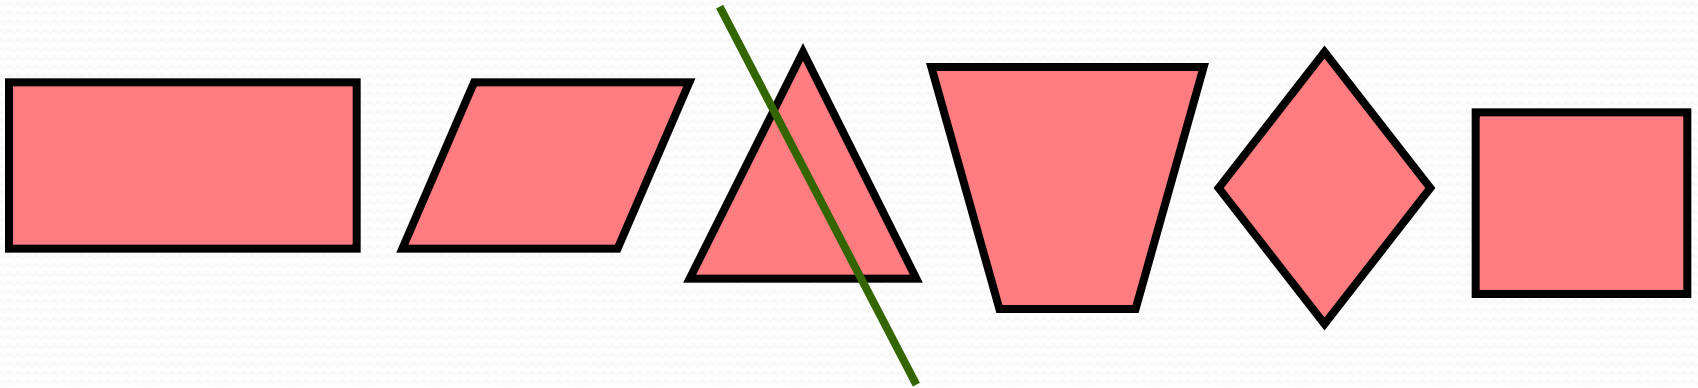

Состав предметов.

Проверь себя:

Зачеркни лишнюю фигуру.

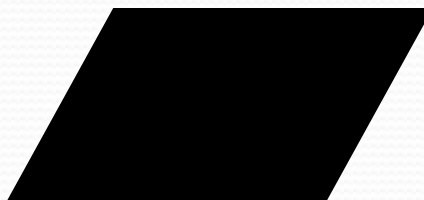

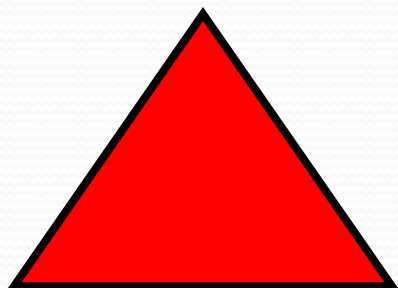

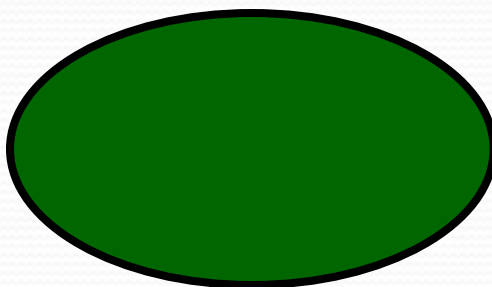

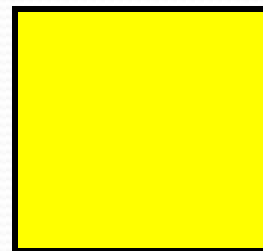

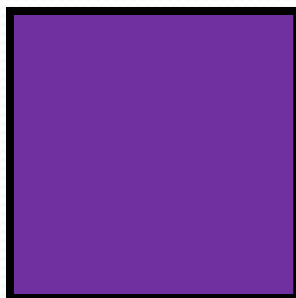

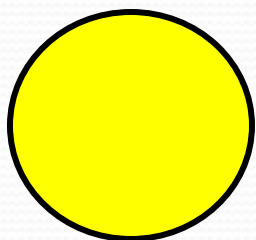

Назови множество оставшихся фигур.

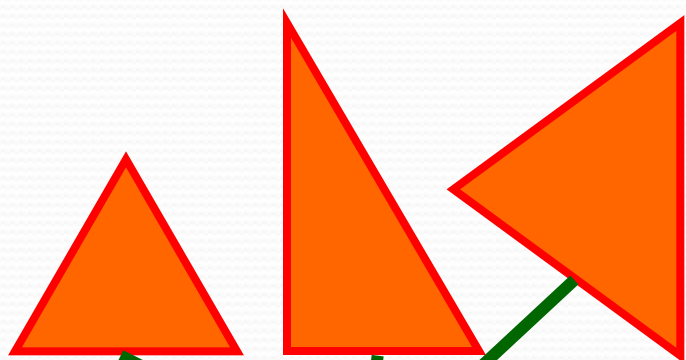

четырехугольники

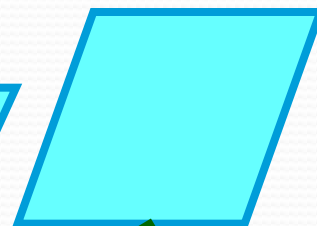

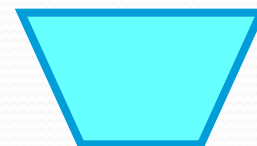

Найди фигуру: не красную, не чёрную, не круг, не квадрат.

Как называются совокупности фигур?

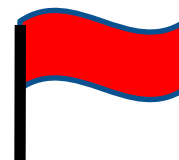

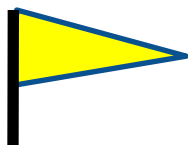

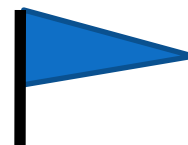

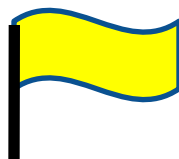

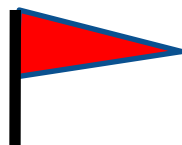

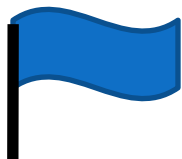

Треугольники

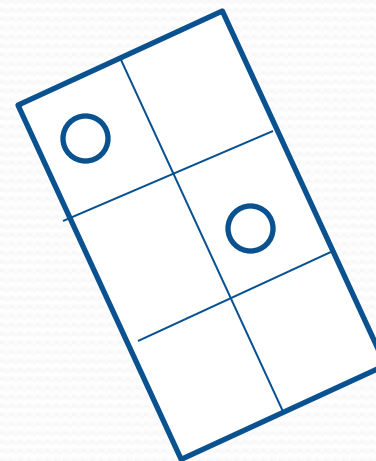

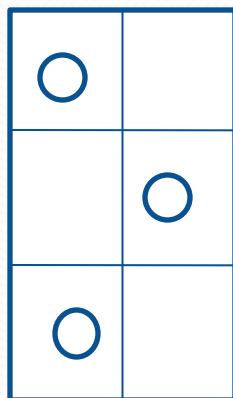

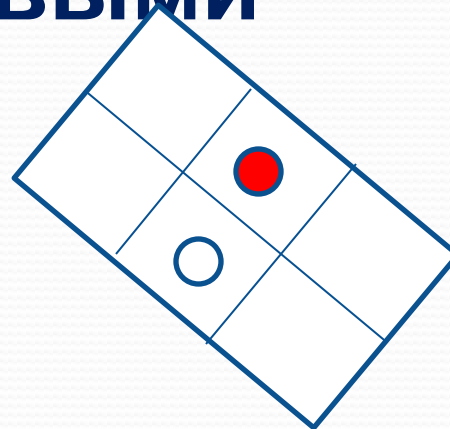

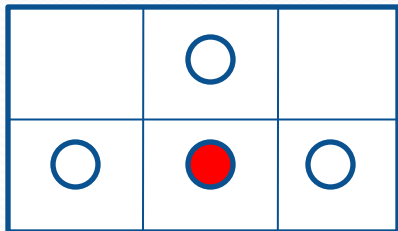

Четырёхугольники

Геометрические фигуры

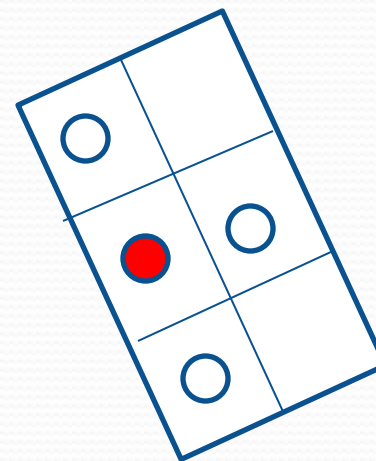

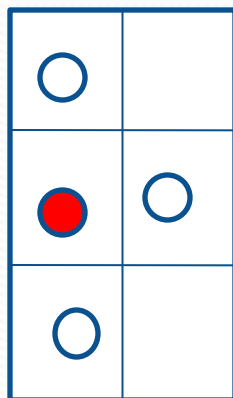

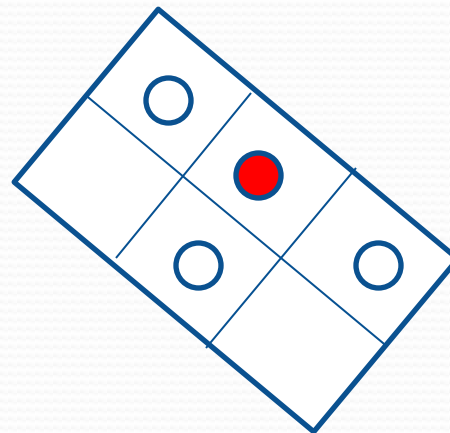

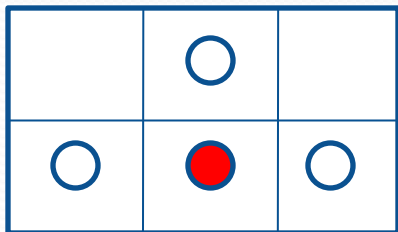

Найди девятый предмет

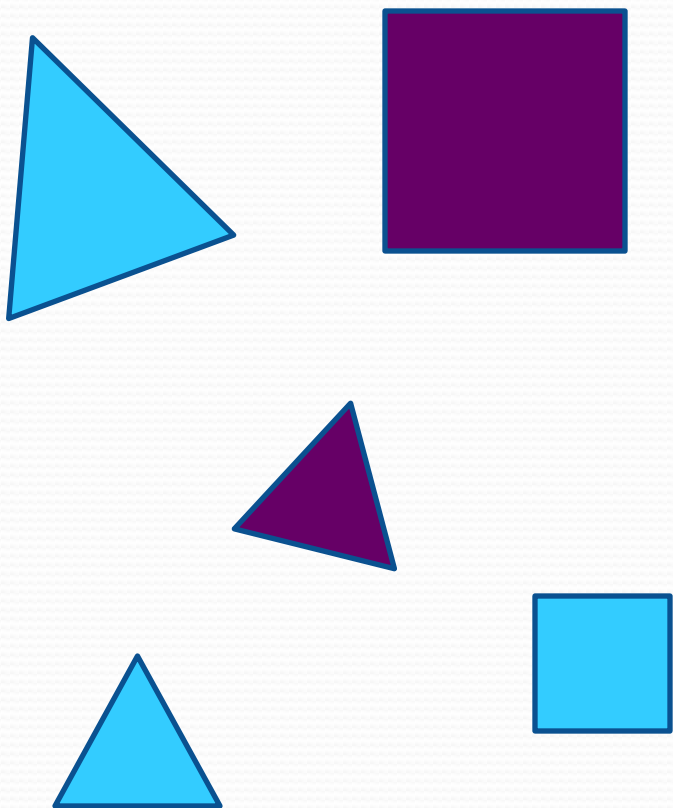

Сделай рисунки одинаковыми

Проверь себя:

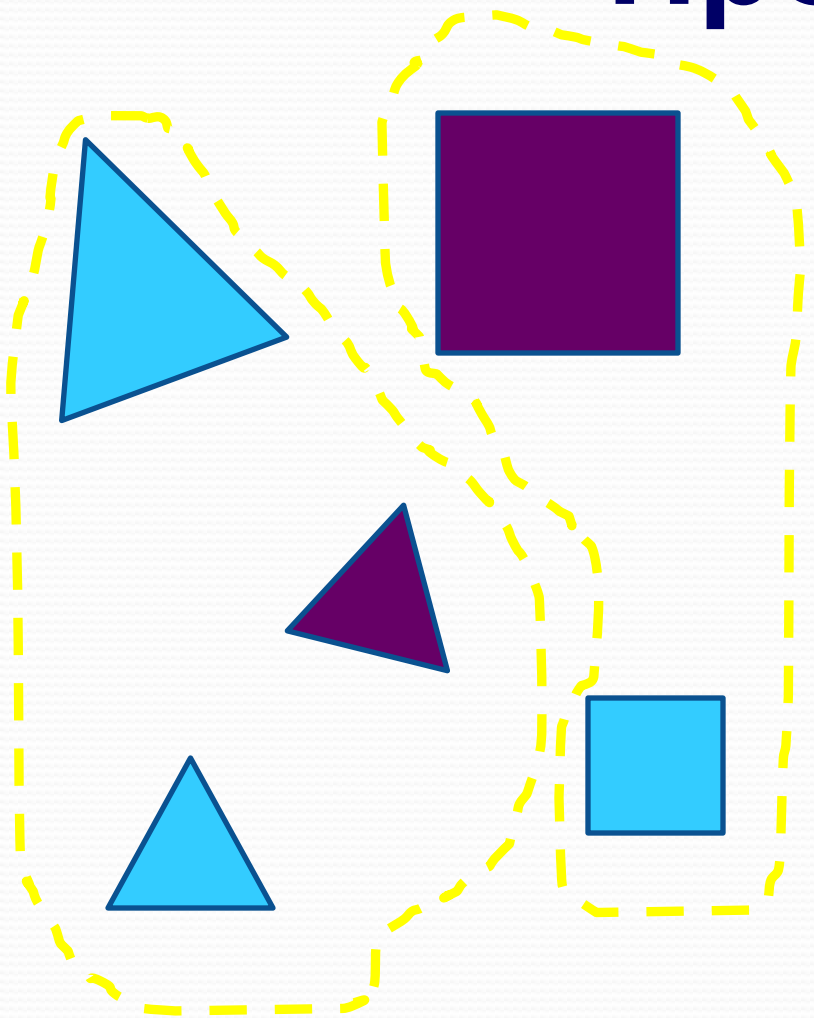

Разбей фигуры на совокупности и допиши равенства:

$$\begin{array}{rcl}
 \text{Т} & + & \text{К} = \text{Ф} \\
 \square & \square & \square \\
 + & & = \square \\
 \text{Ф} - \square & = & \square \\
 \text{Ф} - & = &
 \end{array}$$

$$\begin{array}{rcl}
 3 & + & 2 = \\
 \square & \square & \square \\
 + & & = \square \\
 5 - \square & = & \square \\
 5 - & = &
 \end{array}$$

Проверь себя:

$$T + K = \Phi$$

5

$$K + T = \Phi$$

5

$$\Phi - T = K$$

2

$$\Phi - K = T$$

$$3 + 2 =$$

$$2 + 3 =$$

$$5 - 3 =$$

$$5 - 2 =$$
