Урок-подорож до Лісової школи

A vibrant, cartoon-style illustration of a forest scene. In the center-left, a large green chalkboard with a wooden frame is tilted, displaying the equation $2+2=4$ in white. To the right of the chalkboard, a large, friendly-looking owl with orange and red feathers, wearing a black graduation cap and glasses, holds a blue pointer stick. In the foreground, three animals are gathered: a small grey and white kitten on the left, a grey and white rabbit in the middle, and a brown fox on the right. The forest floor is covered in green grass, small blue and white flowers, and several red mushrooms with white spots. In the background, there are lush green trees with some yellowing leaves, suggesting an autumn setting. The sky is a clear blue with a few white clouds and sparkling light effects. The overall scene is bright and cheerful, with a focus on education in a natural setting.
$$2+2=4$$
