Three arithmetic equations are displayed on the left side of a vertical line, each using colored circles for numbers and operators:

- Equation 1 (Red circles): $5 + 2 = 7$
- Equation 2 (Magenta circles): $9 - 1 = 8$
- Equation 3 (Dark red circles): $8 - 2 = 6$

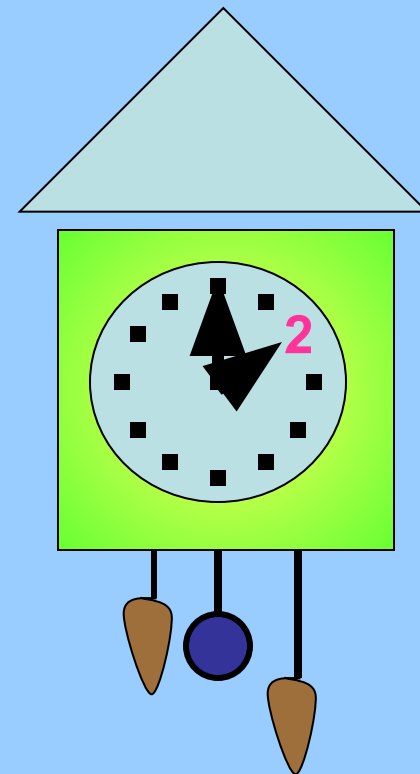

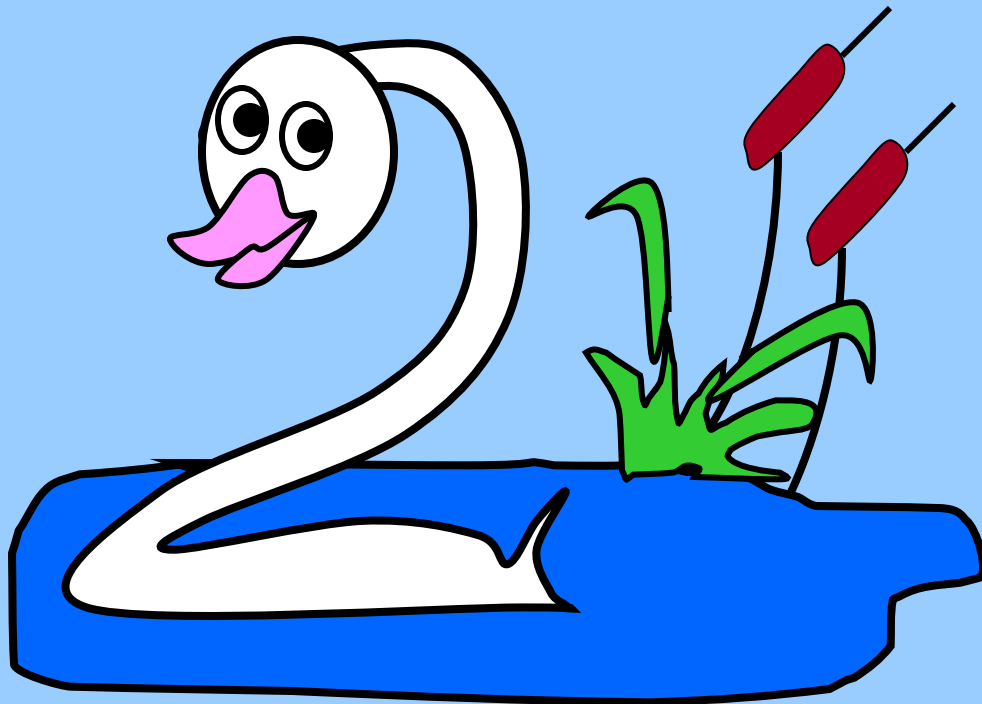

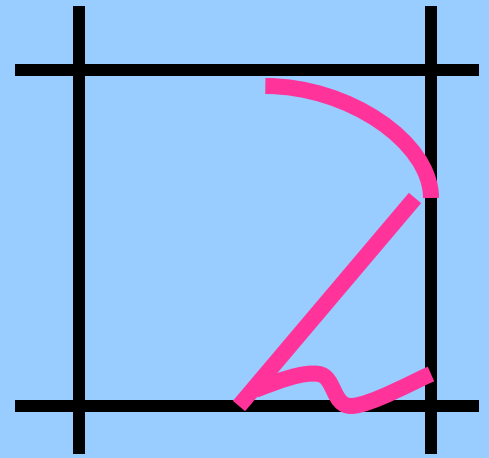

Three arithmetic equations are displayed on the right side of a vertical line, each using colored circles for numbers and operators:

- Equation 4 (Red circles): $5 + 5 = 10$
- Equation 5 (Yellow circles): $3 + 4 = 7$
- Equation 6 (Green circles): $7 + 4 = 3$

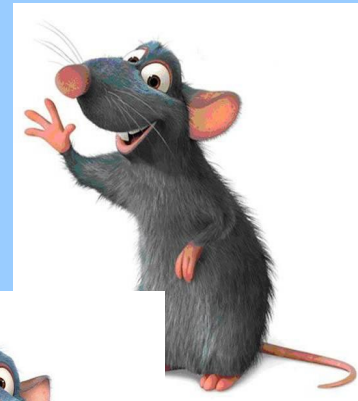

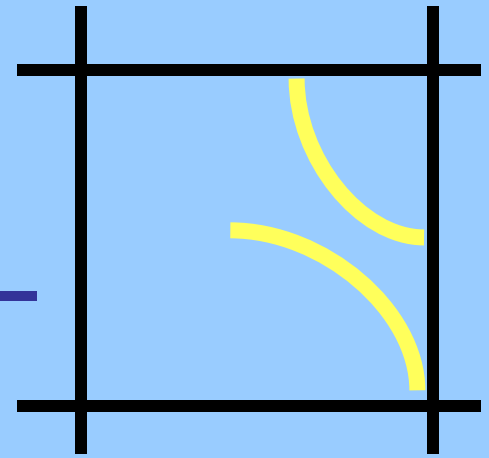

Вот один, иль единица,
Очень тонкая, как спица.

А вот это - цифра два.
Полюбуйся, какова:
Выгибает двойка шею,
Волочится хвост за нею.

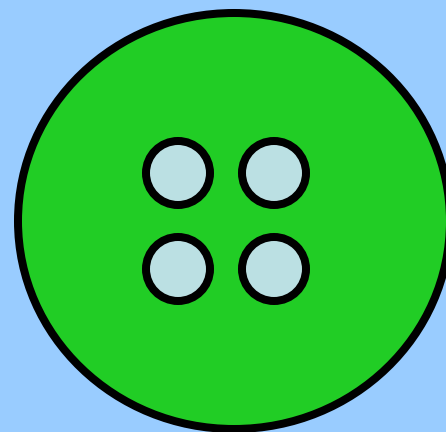

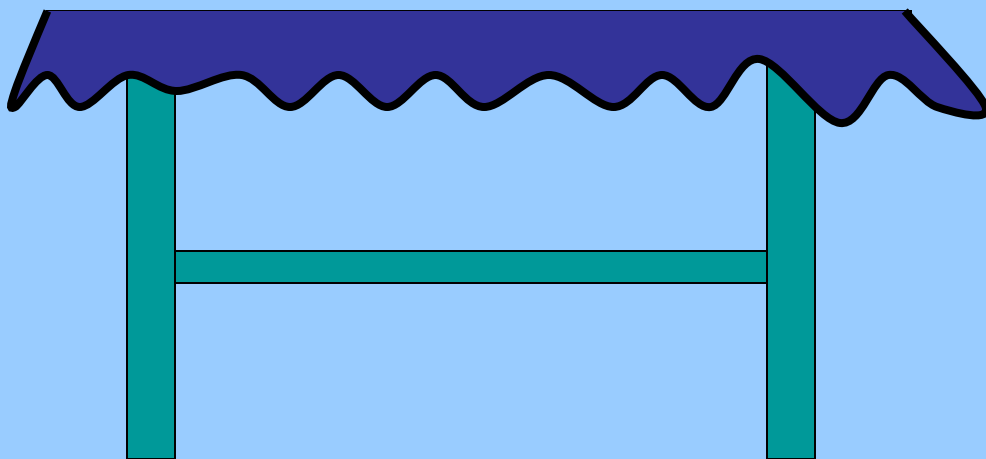

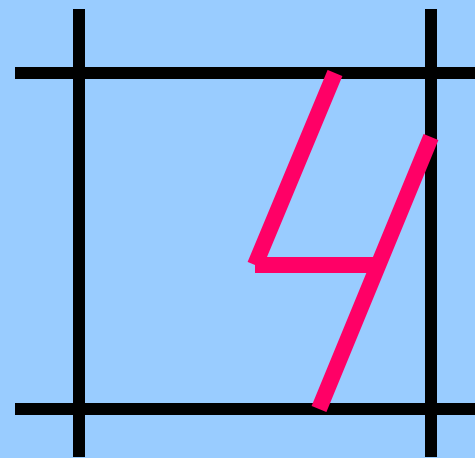

А вот это – посмотри,
Выступает цифра **три**.
Тройка – третий из значков –
Состоит из двух крючков.

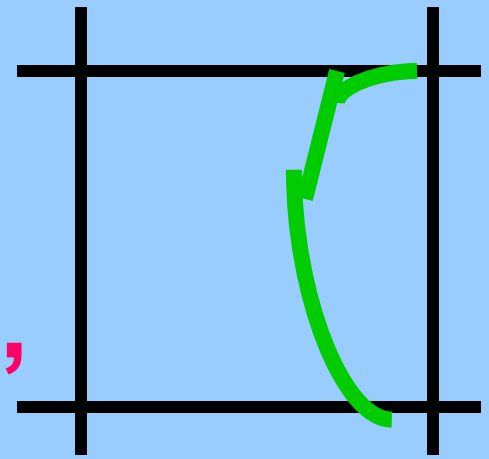

Цифра новая – **четыре**.

Стол стоит у нас в
квартире,

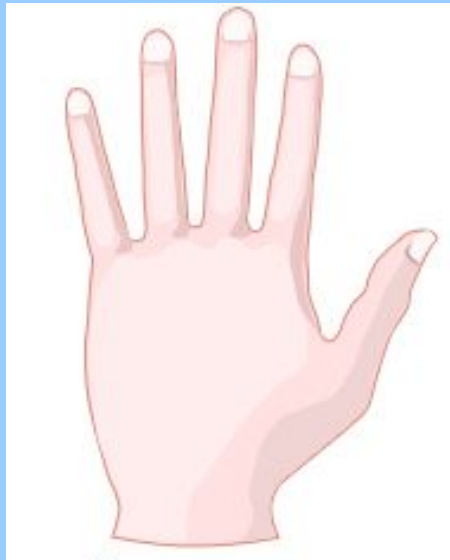

Сколько ножек у него –
У стола у твоего?

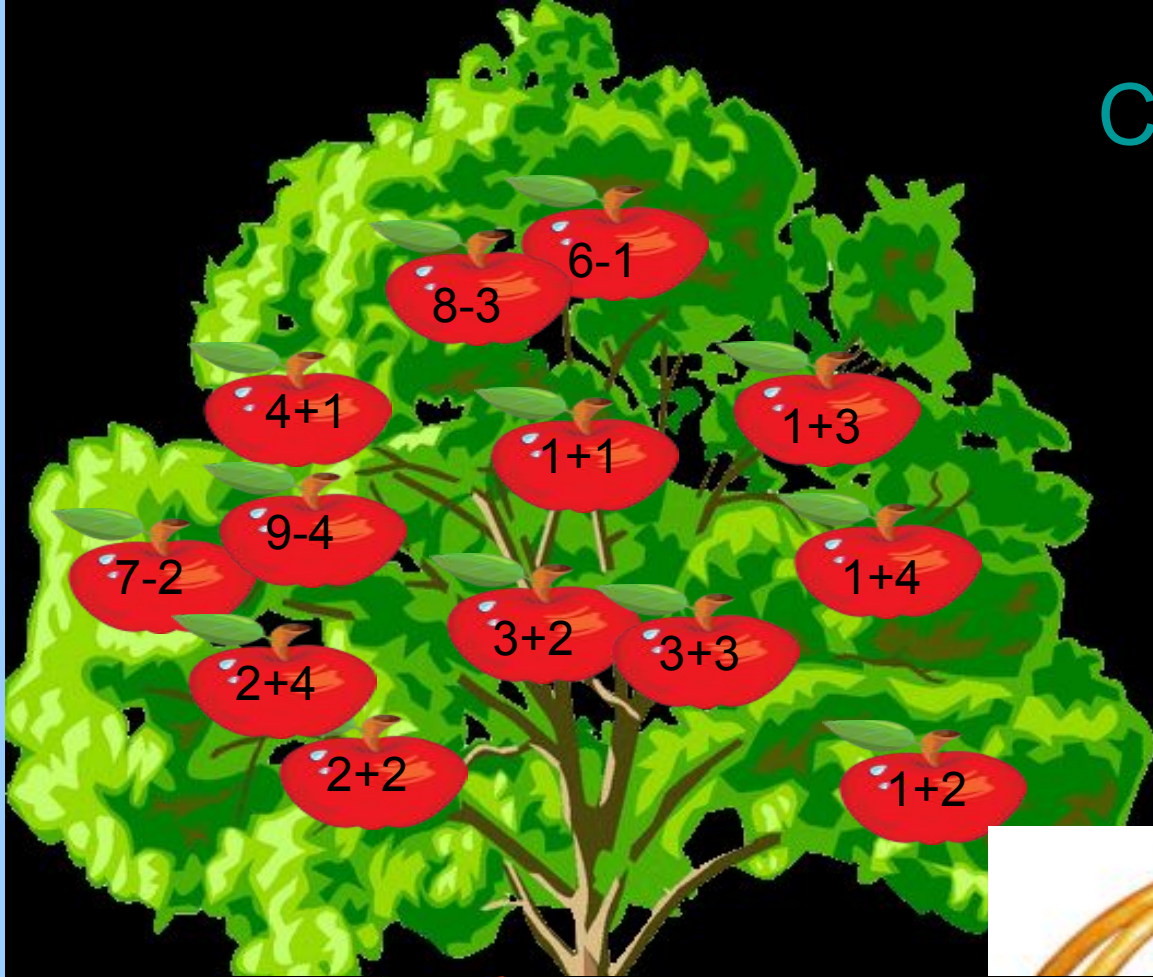

А вот это – цифра **пять**!
До пяти легко считать.
Каждый пальчик поддержи,
Цифру пальчиком скажи.

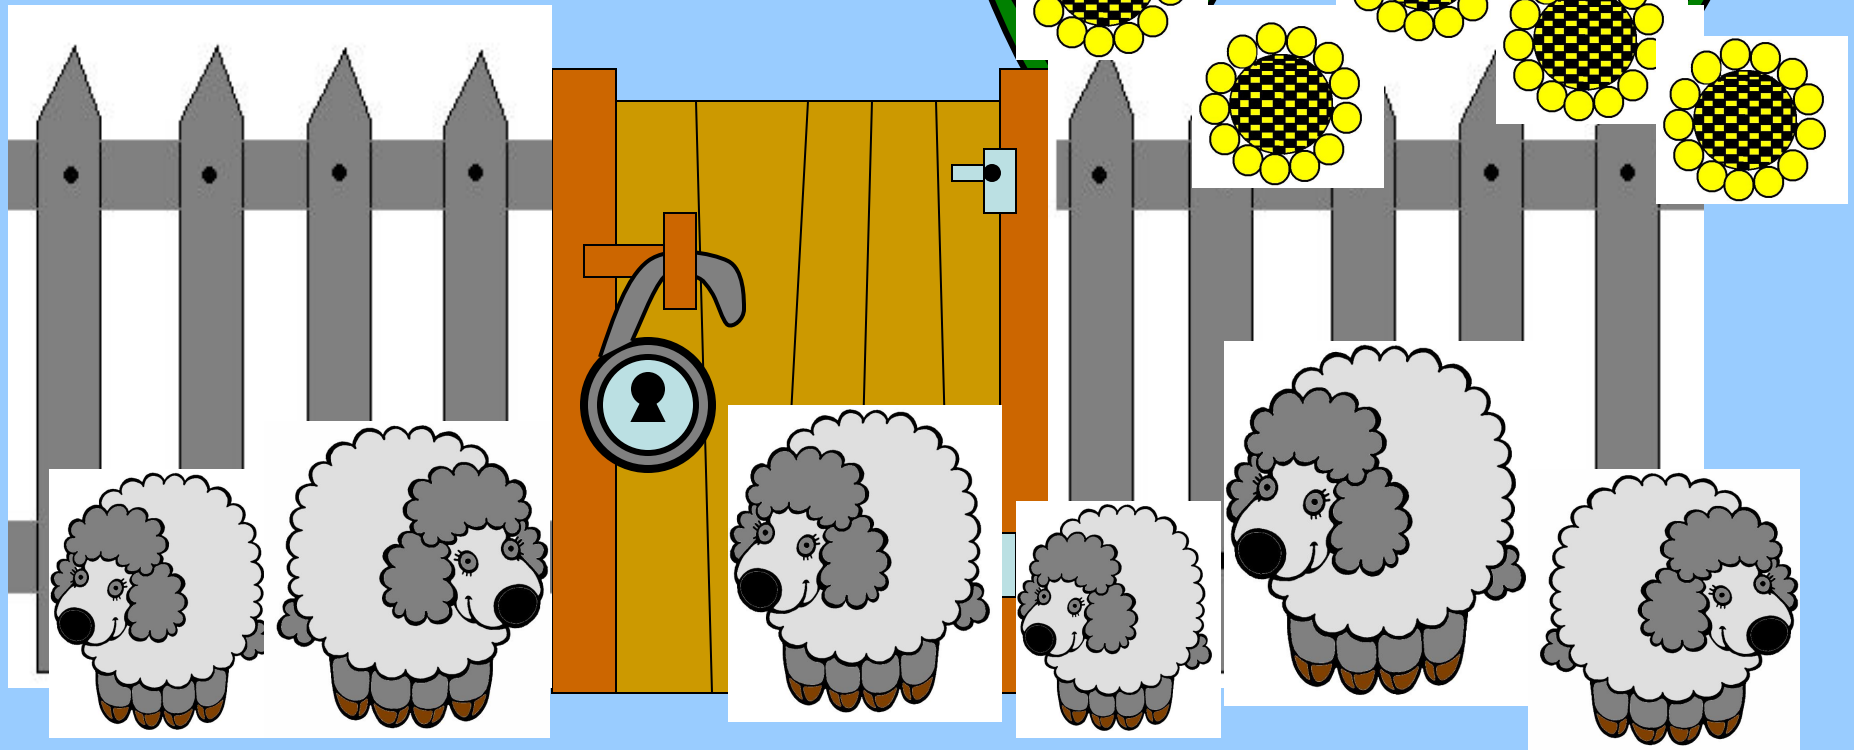

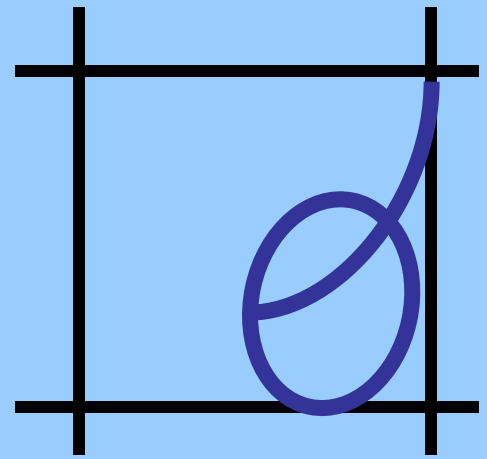

1 **2** **3** **4** **5**

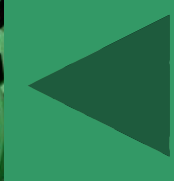

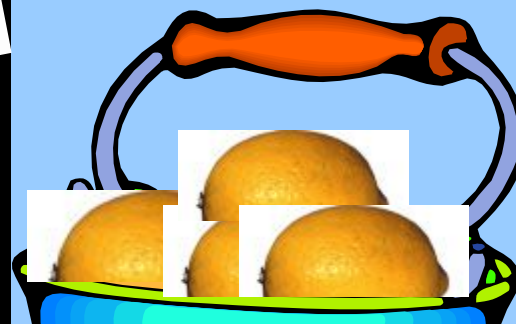

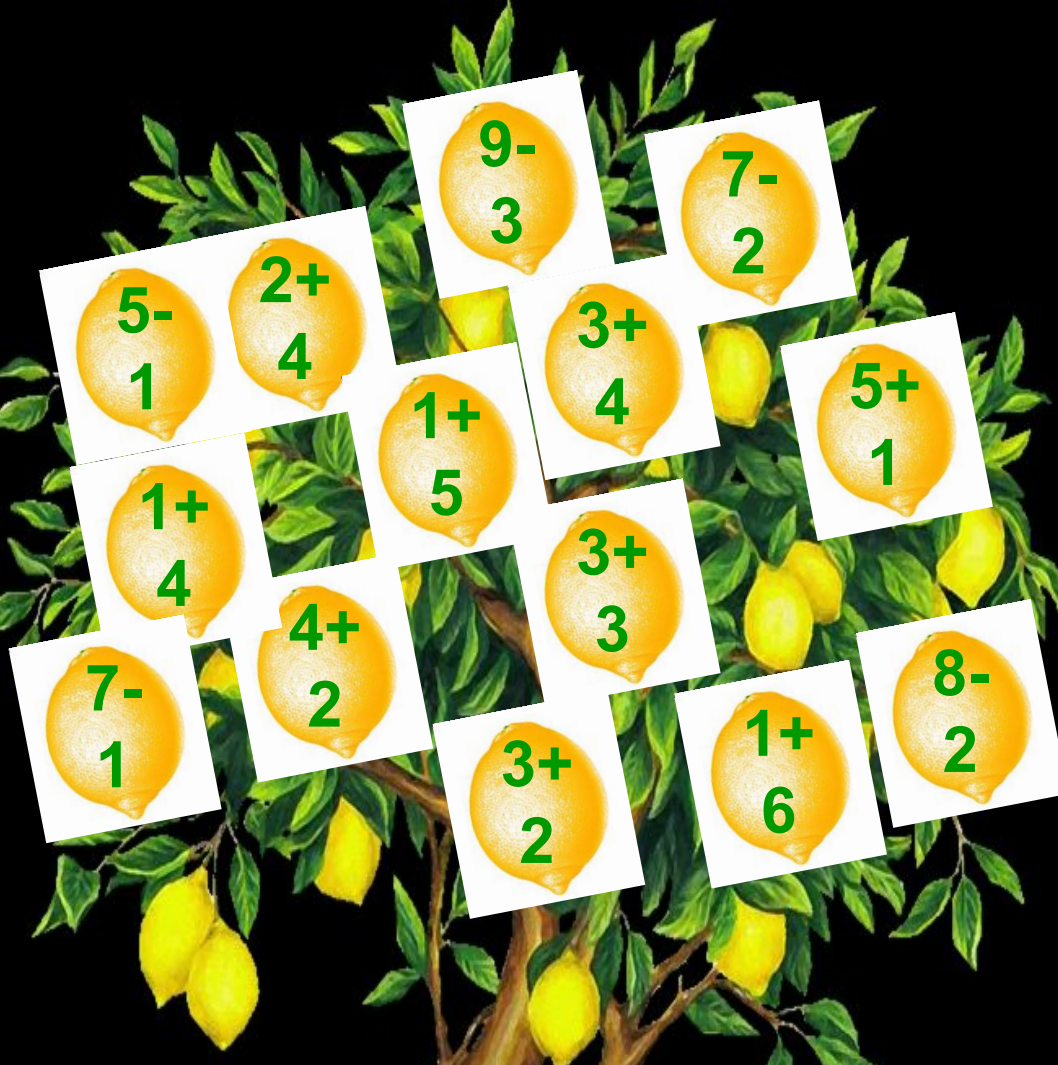

Собери яблоки

Цифра шесть –
дверной замочек:
Сверху крюк,
внизу кружочек.

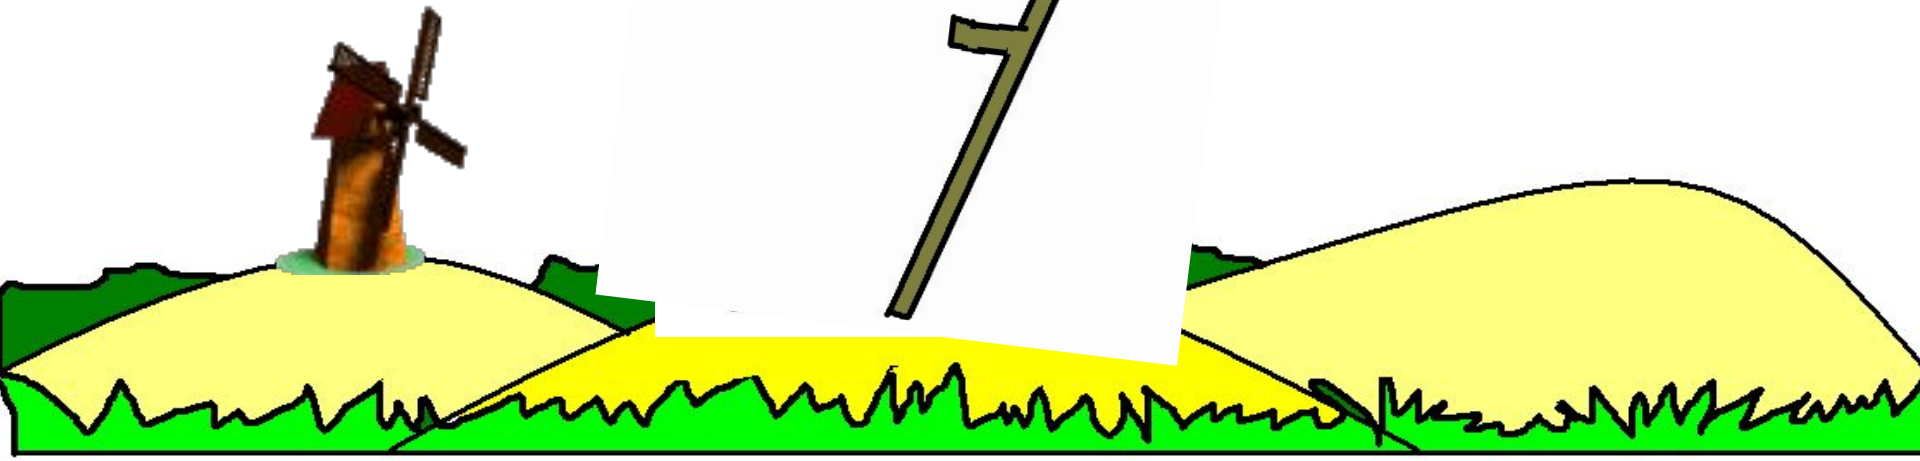

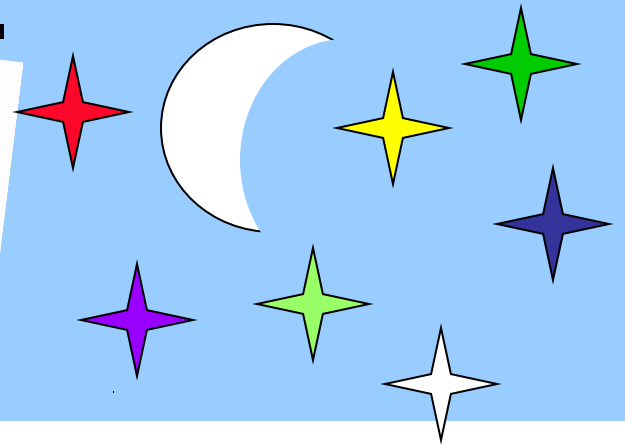

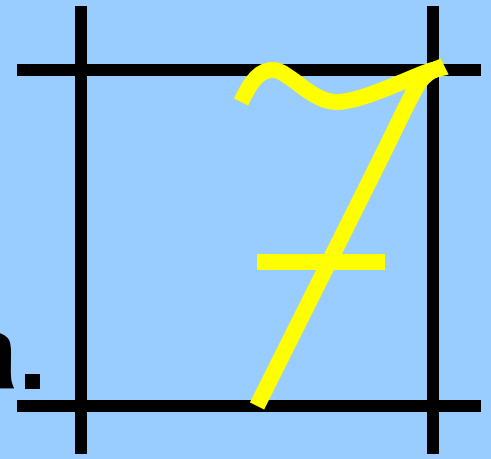

обери лимоны

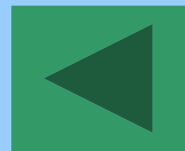

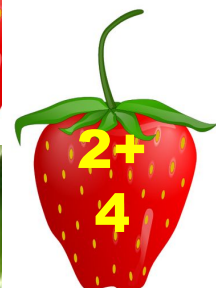

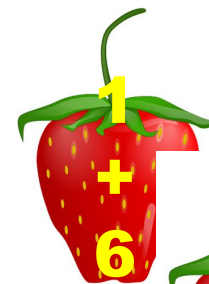

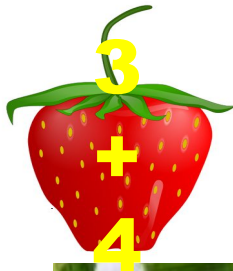

Вот **семёрка** – кочерга.
У неё одна нога.

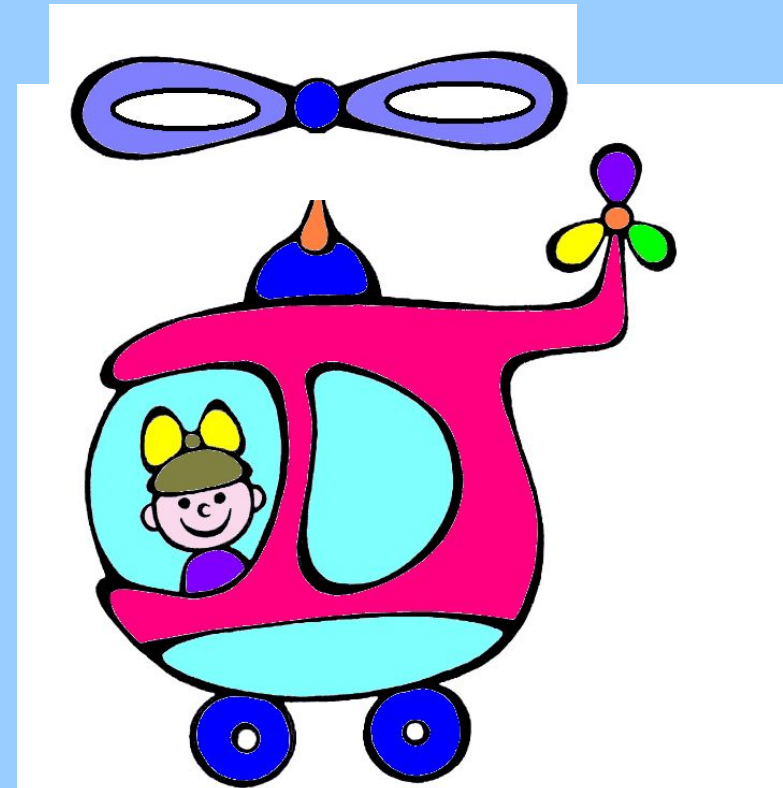

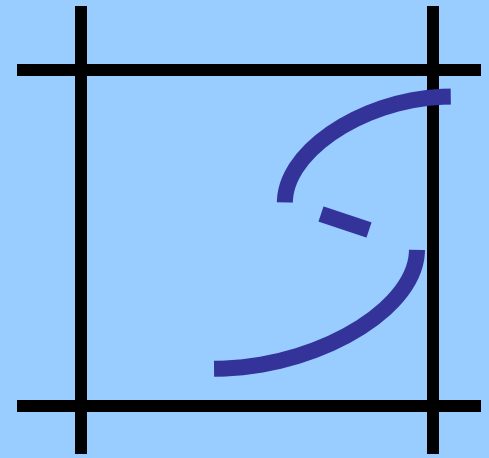

Семь – точно острая коса.
Коси, коса, пока остра.

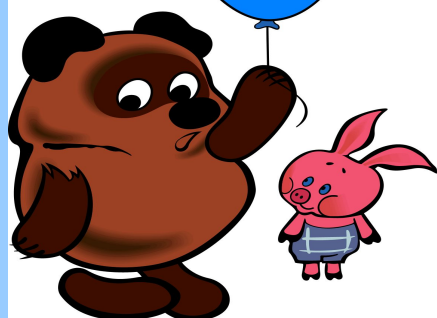

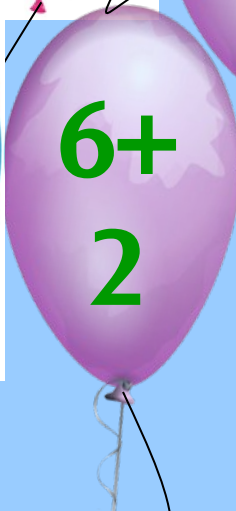

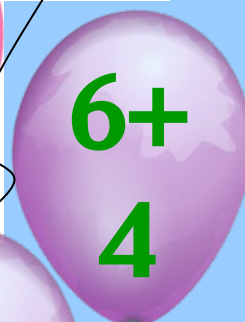

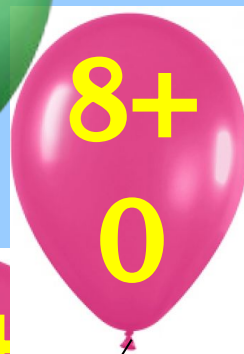

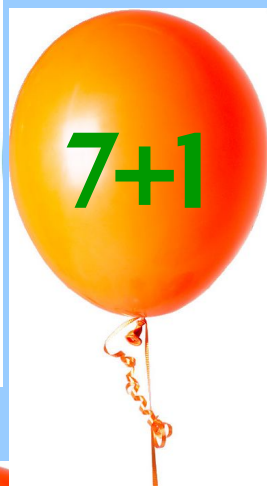

Собери ягоду- гости медвежонка

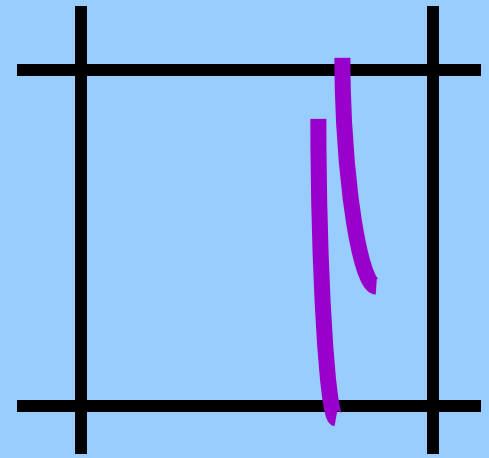

У восьмёрки два кольца
Без начала и конца.

Помоги Винни Пуху собрать шарики

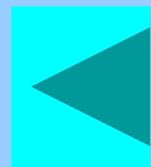

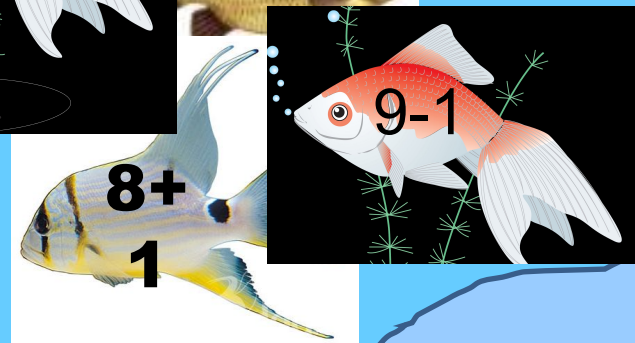

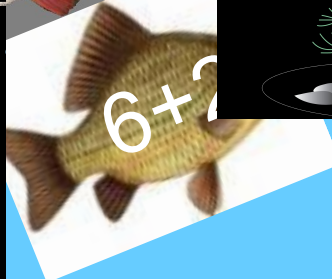

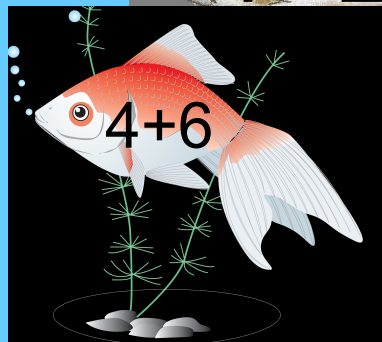

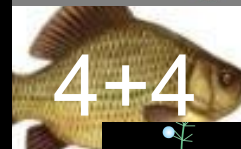

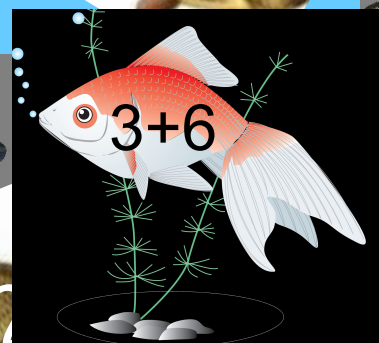

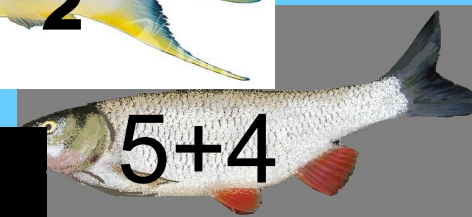

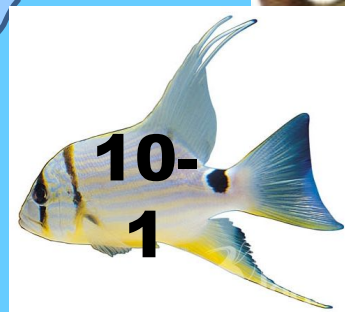

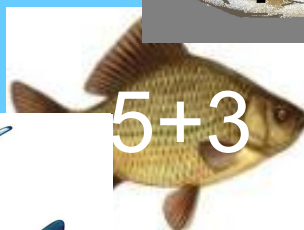

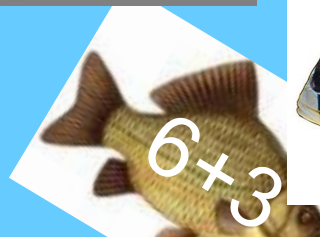

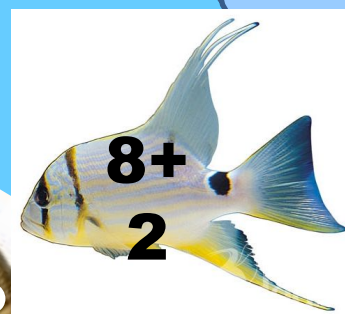

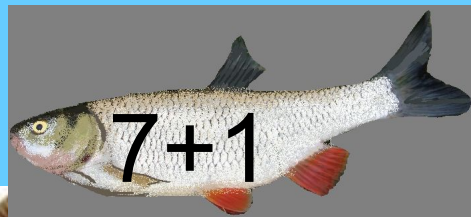

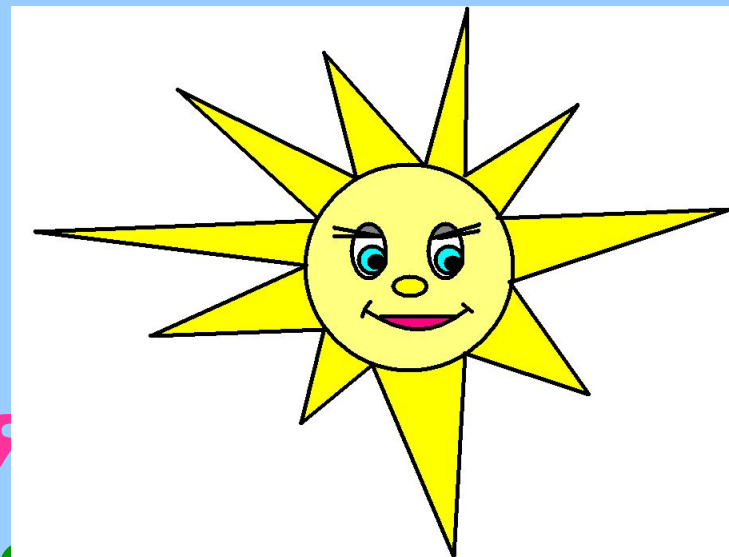

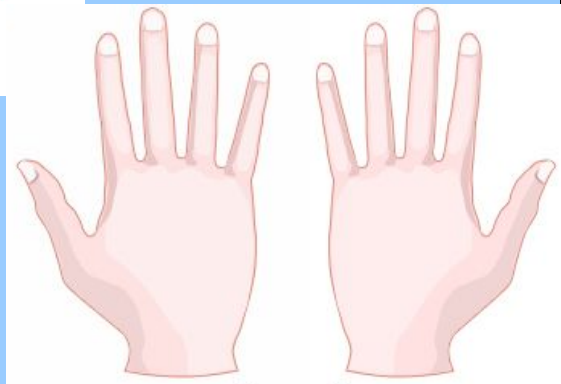

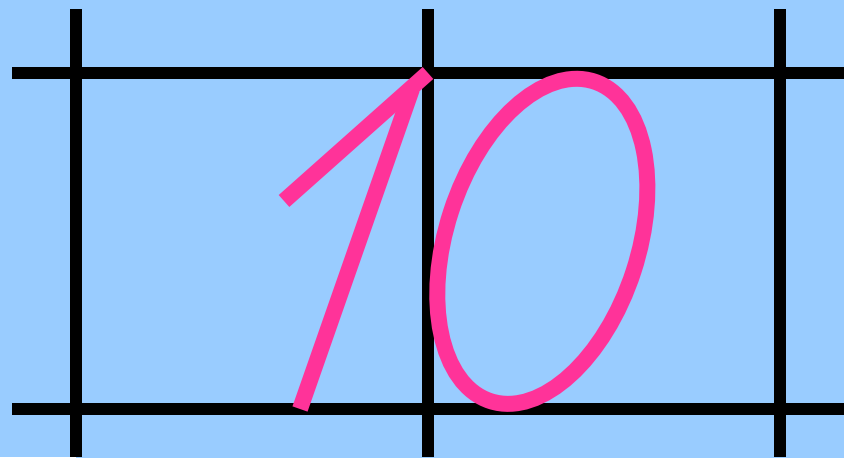

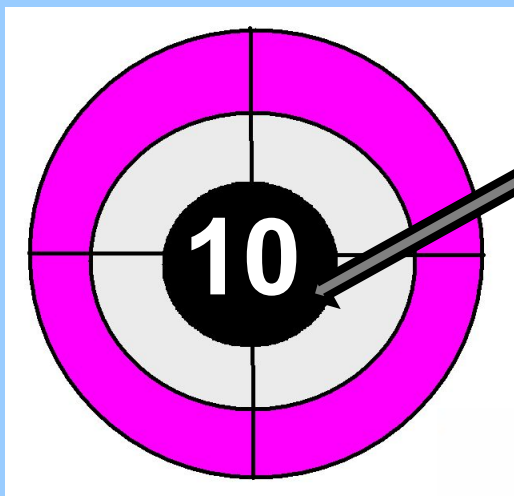

Девять, как и шесть,
Вглядишься.
Только хвост не вверх, А
ВНИЗ.

9

Спасибо!

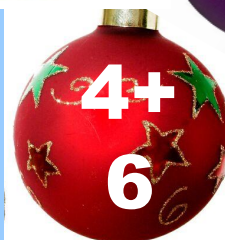

За девятью идёт **десять**
Ты это знаешь? Молодец!
все пальцы по порядку – **И счёту**
нашему конец.
