

# Night Owl

Design Concepts

# Design Concepts – Walls

# Design Concepts – Separation of Space

# Design Concepts – Columns & Ceiling

- Branches jutting out from the walls and columns
- Columns designed as tree trunks
- No lighting shining against the ceiling / ceiling painted black to fall out of sight to hide infrastructure

# Design Concepts - Lighting

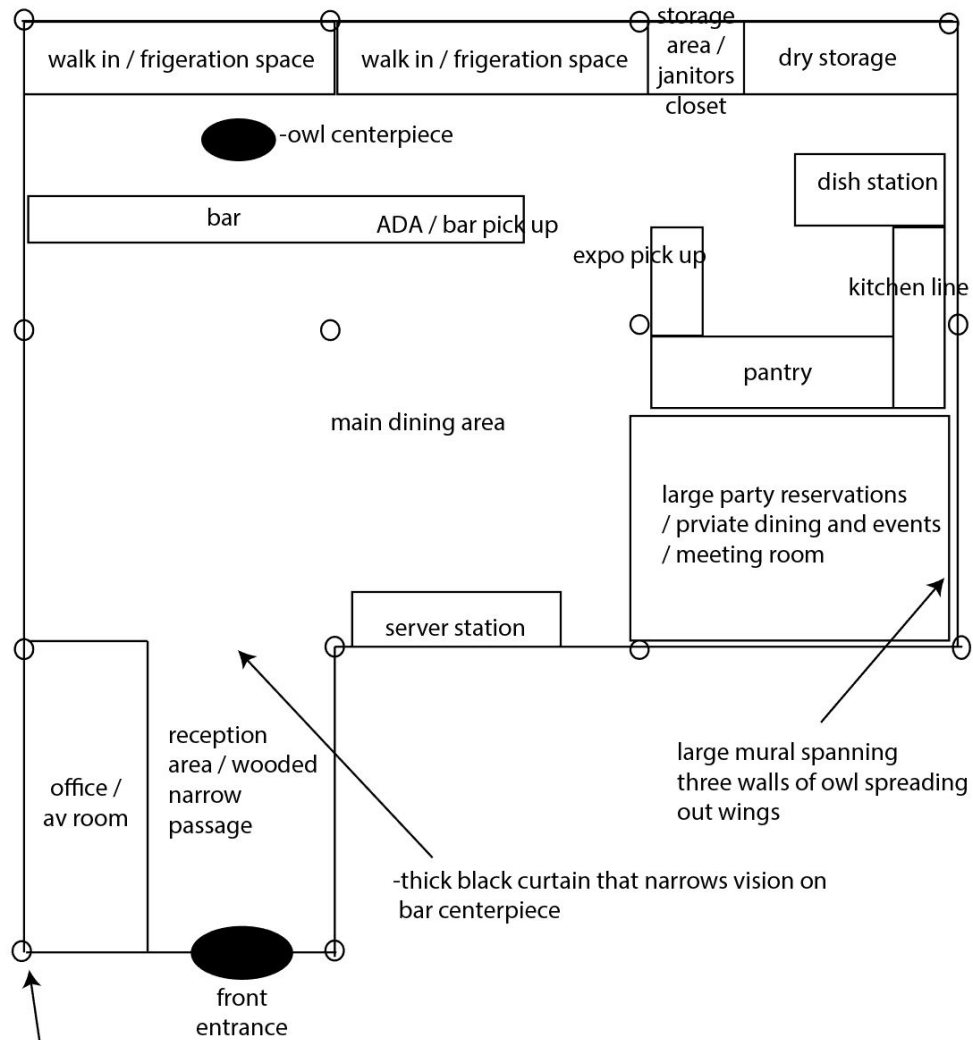

- Dim mood lighting
- Spot lighting on bar counters / table tops
- Up-lighting to highlight design features around wall
- Tivoli lights (low lumens / small bulbs) throughout space to mimic stars

# Design Concepts – Murals for Private Section

# Design Concepts – Draft Beer Owl Model

-leave all columns that are in the wall slightly exposed if possible (or fully exposed) as there needs to be enough protrusion to mimic a tree trunk with branches coming out of the column
