БЕРЕГИТЕ ПРИРОДУ!

Берегите природу!!!!

Берегите природу!

Этот хрупкий мир
в наших руках!

A composite image featuring a tree whose trunk and branches are merged with a human face and hand. The face is in profile, looking upwards with an open mouth as if shouting. The hand is raised, with fingers spread, as if reaching for help. The tree is situated on a pile of various types of trash, including plastic bottles, cardboard boxes, and tires. The background is a solid green color with a few small, dark silhouettes of birds flying in the distance.

ЧЕЛОВЕК,
ПОМОГИ!

сохранить чистоту
в твоих силах

зверям – лес, степи, горы.
А человеку нужна Родина.
И охранять природу – значит,
охранять Родину».**
