Корабельная роща (1898)

The image is a reproduction of a painting, likely by Ivan Aivazovsky, titled 'Shipyard Forest' (Корабельная роща). It depicts a serene forest scene with a river or stream in the foreground. The river reflects the surrounding greenery and the tall, slender pine trees that dominate the background. The trees are densely packed, their trunks creating a rhythmic pattern. The ground is covered in a mix of green grass and brown, fallen pine needles. The overall atmosphere is peaceful and naturalistic, characteristic of 19th-century landscape painting.
