

УСТНЫЙ СЧЁТ В ПРЕДЕЛАХ 10

Волкова Ирина Леонидовна
учитель начальных классов
МБОУ СОШ №3
Г.Озёры Московской области

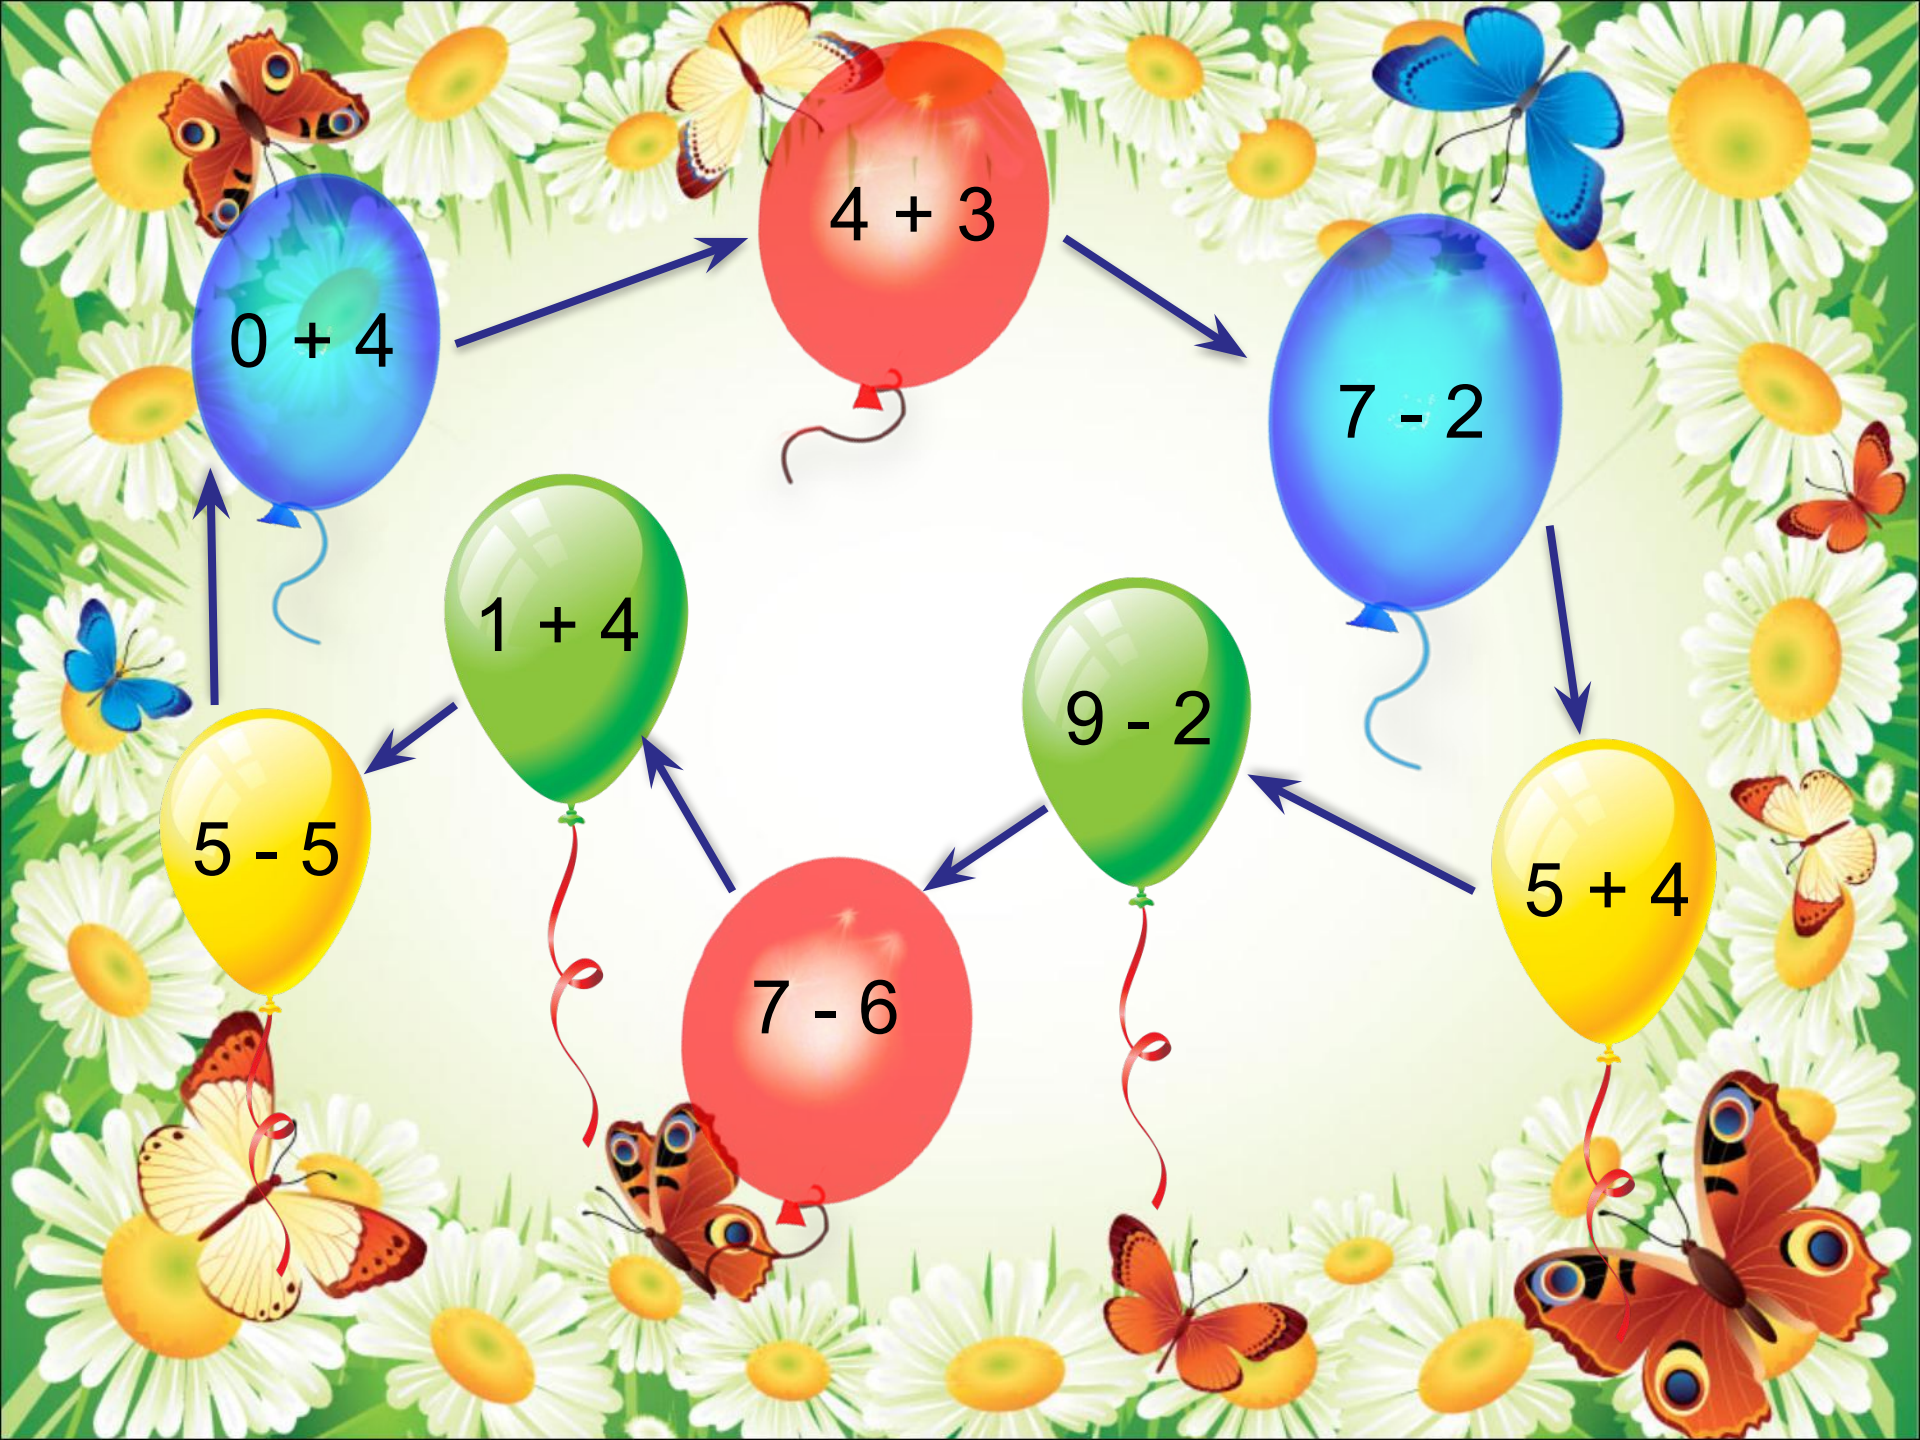

$$2 + 1$$

$$3 - 2$$

$$1 + 3$$

$$4 + 1$$

$$5 - 3$$

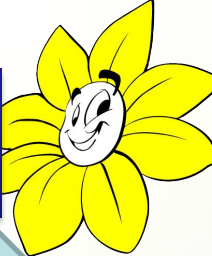

$$6 - 1$$

A horizontal subtraction problem. On the left is a yellow flower with a smiling face. To its right is a dark blue square containing the number 6. This is followed by a minus sign, then a dark blue square containing the number 1. To the right of the 1 is another yellow flower with a smiling face. Below the numbers is a light blue double-headed arrow.

$$5 - 1$$

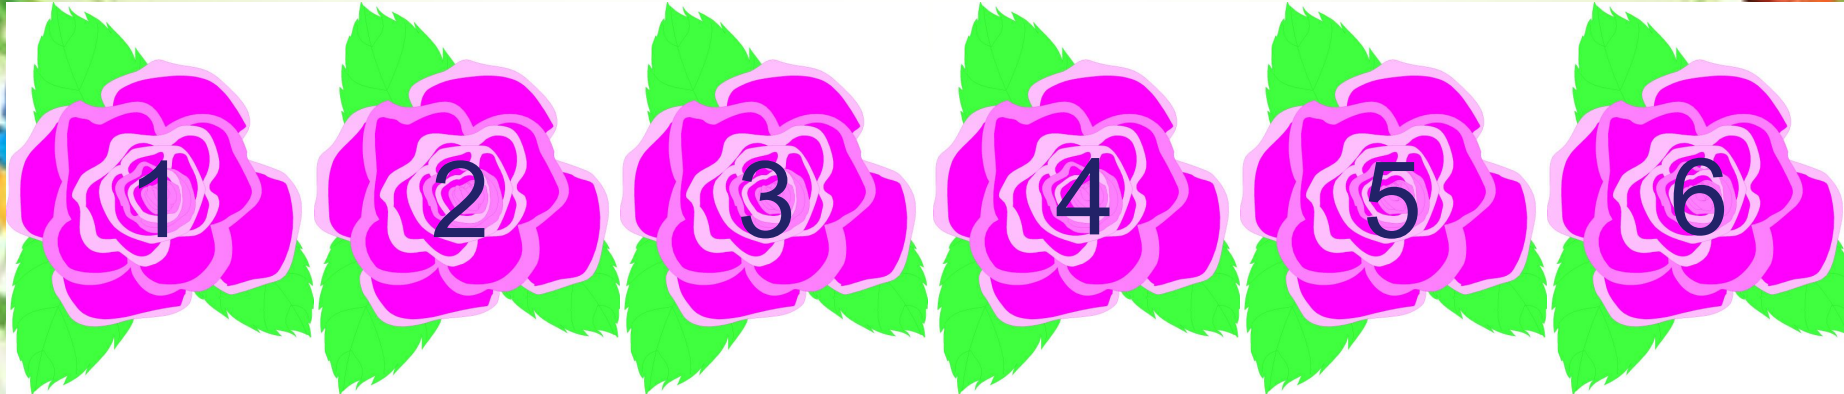

A horizontal subtraction problem. On the left is a yellow flower with a smiling face. To its right is a dark blue square containing the number 5. This is followed by a minus sign, then a dark blue square containing the number 1. To the right of the 1 is another yellow flower with a smiling face. Below the numbers is a light blue double-headed arrow.

$$5 - 4$$

A horizontal subtraction problem. On the left is a yellow flower with a smiling face. To its right is a dark blue square containing the number 5. This is followed by a minus sign, then a dark blue square containing the number 4. To the right of the 4 is another yellow flower with a smiling face. Below the numbers is a light blue double-headed arrow.

$$1 + 2 = 3$$

A horizontal addition problem. On the left is a yellow flower with a smiling face. To its right is a dark blue square containing the number 1. This is followed by a plus sign, then a dark blue square containing the number 2. To the right of the 2 is an equals sign, followed by a dark blue square containing the number 3. To the right of the 3 is another yellow flower with a smiling face.

Молодцы!
