РИСУНКЕ?**

The background of the entire image is a dense forest of trees with vibrant autumn foliage in shades of yellow, orange, and red. Overlaid on this background are several large, detailed maple leaves in similar colors, some showing signs of being eaten by insects with small holes. Mathematical problems are written in black serif font across these leaves.
$$254 + 190$$

$$\frac{2}{3} \text{ от } 18$$

$$620 - 494$$

$$2304 \cdot 3$$

$$780 : 60$$

$$\frac{1}{8} = 15$$
