

The image features a central white rectangular area framed by a blue border. The background is a green and blue checkered pattern. Four cartoon numbers are positioned around the frame: a blue '5' at the top left, a purple '6' at the bottom left, a teal '7' at the top right, and an orange '8' at the bottom right. Each number has a face, eyes, and limbs. The text 'Добро пожаловать в Королевство Математики !' is written in large, bold, red Cyrillic letters across the center of the white area.
