Наборное полотно

Наборы игрушек и геометрических форм для счета

A wooden shape-sorter toy is shown against a white background. The toy consists of a light-colored wooden baseboard with several rectangular and triangular holes. Various geometric shapes in red, yellow, green, and blue are placed on the board, some with wooden pegs inserted into their holes. In the foreground, three circular wooden discs in red, yellow, and green are stacked. To the right, three triangular wooden pieces in yellow, green, and blue are also visible. The shapes have multiple holes, and the pegs are made of light-colored wood.
