

**Математика  
по учебнику Л.Г.Петерсон  
1 класс**

*Тема урока:*

**« Волшебные  
цифры »**

1,2,3,4,5,6,7,8,9,10,11,12,13,  
14,15,16,17,18,19,19,20.

3, 9, 7, 2, 4, 5, 6, 1.

- $5+1=6$
- $4+2=6$
- $3+3=6$
- $2+4=6$
- $1+5=6$

**Справились!**

# Пальчиковая гимнастика

Мы наши пальчики сплели  
И вытянули ручку  
Ну, а теперь мы от Земли  
Отталкиваем тучки.

Какие цифры  
спрятались?

- ЭТО величина, при  
помощи которой  
производится счёт.

# Подумай!

# Волшебные цифры

0 1 2 3 4 5 6 7 8 9

0 1 2 3 4 5 6 7 8 9

ывод  
знак - цифра левее

на числовом строзке,  
то число меньше, п... — больше

0 1 2 3 4 5 6 7 8 9

+

**Вывод:**

>

если к одинаковому числу прибавить другое  
число, то получится большее число,  
если вычесть, то получится меньшее число.

<

-

=

0

1

-

2

0 1 2 3 4 5 6 7 8 9

А теперь сможем решить?

$$\text{Yellow bookmark} + \text{Mushroom} = \text{Red butterfly}$$

< > =

$$\text{Red balloon} + \text{?} = \text{Green Christmas tree}$$

**А вот и я!**

***Берегите зрение!***

**Римские цифры– I II III IV V VI**

**Арабские цифры – 1 2 3 4 5 6**

# Проверь себя!

$$I + II = III$$

$$V + II = VII$$

$$III - II = I$$

$$VIII - I = VII$$

*Молодцы!*
