

welcome

The word "welcome" is rendered in a playful, 3D font. Each letter is a different color: 'w' is magenta, 'e' is lime green, 'l' is yellow, 'c' is light blue, 'o' is yellow and shaped like a sun with rays, 'm' is purple, and the final 'e' is green. The letters are arranged in a slightly staggered, friendly manner on a plain white background.
