

EASY WAYS TO LEARN ENGLISH?

1 MAKE CARDS WITH THE WORDS

On one side of the leaflet we write the word in English, on the second - in Russian. We check our knowledge: we translate the word from Russian to English and vice versa.

2. USE ASSOCIATIONS

To learn a word, you need to come up with an association in Russian.
For example: you need to remember the word show - показывать. We
all know the word of the show, so make a short sentence: нам
показывают шоу.
