## EASY WAYS TO LEARN ENGLISH?

## - MAKE CARDS WITH THE WORDS

On one side of the leaflet we write the word in English, on the second - in
Russian. We check our knowledge: we translate the word from Russian to English and vice versa.

## 2. USE ASSOCIATIONS

To learn a word, you need to come up with an association in Russian. For example: you need to remember the word show - показывать. We all know the word of the show, so make a short sentence: нам показывают шоу.
